He was born in Pittsburg in 1871 and after finishing his education came here as stenographer for the Collin's Brothers, who were then operating the Bellefonte Furnace and the Buffalo Run road. In 1891, through the influence of Mr. Tom Collins, he was appointed private secretary to William F. Harrity, then Secretary of State, and that he was worthy of the position is proven by the fact that he has been associated with Mr. Harrity ever since. In 1895 he was appointed a deputy under the income tax law which position he was obliged to give up when that act was declared unconstitutional. Then he became private secretary to Mr. Harrity as president of the Equitable Trust company and only resigned that position last December because of other work.
