When he was made cashier of the First National bank of Philipsburg, it was deemed an honor rarely attained by such a young man, but Mr. Lukenbach's training in one of the best banking houses in the country, his reputation for industry and integrity, recommended him so highly for the position that he was chosen. His service to the Philipsburg institution has been marked by the same fidelity that characterized his work in Bellefonte and the result has been particularly satisfactory to its directors

Another change has come now. Another upward step. He has been called to be vice-president of the Blair county National bank of Tyrone, and has accepted. Speaking of the probable departure of Mr. Lukenbach from that place the Philipsburg Ledger says :

Wednesday evening he went up to Unionville to visit P. J. McDonnell and his family over Thanksgiving. --Cyrus Grove, of Orangeville, Ill., was in town

He is a son of John Grove Esq., and though he has been west for a number of years he still has an interest in the affairs of Centre. -Have you been reading Fauble's special advertisements lately. They tell of clothing opportunities that you should not miss and when Fauble's tell you clothing facts they are facts, because the firm has heen in business here long enough to be found out. If their goods were not exactly as they represent them the public would soon discover the deception and no one realizes this truth any more than the Messrs Fauble. They have built up their present immense business purely on a reputation for honesty that they wouldn't think of sacrificing for the sake of the small special offering they are making now, therefore we do not hesitate to recommend them to you as opportunities you are not likely to get soon again.

-The attraction at Garman's to-morrow night will be the "Flaming Arrow," a thrilling frontier drama in which Go-Won-Go-Mohawk, the Indian actress, will lead. She has been seen in Bellefonte on several occasions in the "Indian Mail Carrier" and once in the play that will be presented to-morrow evening. She is clever and talented and is usually surrounded with a company thoroughly competent to produce such plays as are best suited to her, with elaborate mechanical effects and stage paraphernalia. Of course, like all of Carter's productions, there must be a number of people killed and excitement of a

hair-raising character so that those who enjoy that class of plays will get full value our little contemporary, the News, doesn't for their money.

Irvin, of Howard, groom's man. Following the marriage an informal reception was held, after which there was an elaborate wedding feast and at its conclusion Mr. and Mrs. Bennison departed for a trip west. They received many handsome and useful presents and their deserved popularity won for them the well wishes of the entire community. In the spring they will locate on the McDowell farm east of Jacksonville.

WHERE THE APPLES HAVE GONE .-Nittany valley orchards supplied thousands of bushels of apples for the city markets this fall, as will be seen from the statement that Geo. F. Hoy, a single dealer at Hublersburg, shipped seventy-four car-loads, minimum weight. The shipments were all made between Aug. 25th and Nov. 20th and represented the purchase of two men, whom Mr. Hoy had on the road up to Nov. 1st. For this fruit he paid the farmers \$9,500,a very handsome sum, considering the fact that most of it would have gone to waste had Mr. Hoy not opened up a market for it. Pittsburg is erroneous, as not a car-load of them went to that city.

-George Honck, of Philipsburg, who was in town until yesterday doing duty as a juror, has given up the huxstering business and is now vell along the way in establishing a paying dairy farm. -Mrs. David Miller, of Pine Grove Mills, was in town doing some shopping on Tuesday and while talking with some of her friends in this place concerning the misfortune that befell them in the recent burning of their barn Mrs. Miller unhesitatingly expressed it as her belief that the fire was not due to the carelessness of their tenant, Mr. D. H. Krebs, or any of his helpers. While several people had been in the barn early that morning none of them were near the mow where the flames were first discovered. They broke out up in the straw mow near the roof, where none of the farm hands had been since

harvest, consequently Mrs. Miller could not bring herself to believe that it had been caused by any of them. She expressed herself in the warmest praise of the kindness of their neighbors in helping them to save adjacent buildings and in offers for the care of their stock.
