BOTH PARTIES HOLD THEIR BOROUGH PRIMARIES.—The primaries of the Democratic party were held in the various wards of the borough of Bellefonte, on Saturday night, and passed off without incident. The only borough office for which there was any contest was over-seer of the poor, for which J. Benner Graham, Jno. Trafford and Thos. Shaughenessy were the contestants. THE REPUBLICAN PRIMARIES. The Republicans named their ticket on Friday evening and had considerable more fun in doing it than the Democrats. First of all, they had a very spirited contest on tax-collector between W. C. Cassidy and Edmund Blanchard. Mr. Cassidy carried his own ward, the South, while Mr. Blanchard carried his, the North ; leaving the West as the bone of contention. The contest was waged so vigorously that they had eighty voters out to the primaries and when the result of their balloting was counted up it was found that Blanchard had won by a margin of four

In the North ward there was a little contest over the nomination for council. Thad Longwell and F. H. Thomas were voted for, but Mr. Longwell received the majority and was placed on the

In the West a new element was injected into the contest in the appearance of a Young Men's Republican Reform Club that had set up a ticket and delegates in opposition to the regular organization. They dropped into the arena of politics like a bolt of lightning from a clear sky and so unexpected was their appearance that for a while they had the old workers completely routed; but the latter gathered themselves together and by the time the fight was finished honors were easy between them, each crowd had landed some prizes and

All unmindful of the transfer he didn't come to until he was being whisked off toward Lock Haven at a fifty mile an hour clip. Well, the windows were too small to jump out of and the platform too far away for his sudden desire to get off so he had time to think before he "leapt" and consulted the conductor who stopped the train and let him off in the cold, cruel snow, just about a mile away from the station. Words are inadequate to give the public a correct idea of how intensely he enjoyed the walk back to Milesburg, where Lew Bullock came to his rescue with a horse and sleigh and brought him to town. --- The anniversary services of the Bellefonte Y. M. C. A., which were held in the Methodist church last Sunday evening, proved even more delightful than the most sanguine expected. There were so many present that the aisles had to be filled up with chairs. The feature of the program was the address by Mr. G. N. It was a most beautiful word picture of Association work and portrayed by a successful business man it made an impression on Bellefonte that will not be effaced for years. While we could never hope for an Association like the one at Dayton, if Bellefonte had a Bierce there would be a work done here that would challenge the admiration of the christian world.
