---- At some date in March Bellefonte chapter, D. A. R. intends holding a rummage sale for the benefit of the hospital, and it is only reasonable to suppose that it will be as great a success as all of the undertakings of the Daughters prove to be.

The high standing of the authors ing and management are an assurance to the public that this attraction will be one of the best offerings of the present season. This will be the first time this wholesome play has been seen here, in fact it has been in retirement a few seasons, but is remembered with affection by theatregoers and as the authors have re-written it right up to. the fashion and requirements of the minute and the management has given it all possible artistic, picturial and dramatic embellishments it will undoubtedly do a record

CLIMBING RIGHT UP .- At the recent meeting of the Standard Steel Car Co., it was announced that orders aggregating \$15 000.000 were on the company's books and that prospects of the great new enterprise at Butler were most auspicious. Bellefonters will be interested in this corporation because A. S. Valentine, a nephew of Harry C. Valentine, of Cartin St., is the secretary. HIS LIFE CRUSHED OUT -Another fatal accident occurred at the Nittany furnace about 11 o'clock Wednesday night in which Edward Flack lost his life. He was a member of the shifter crew in the furnace yard and was in pursuit of his duty when he met his death. A cinder car left the track and pinned him against the side of the cinder house, crushing his abdomen so that he lived only a few minutes after he was released.

The unfortunate young man was a son of John Flack and was just 18 years old. He is survived by bis father, five sisters and two brothers. Interment will be made on Saturday afternoon

The engine used in hauling the einder train was the same one on which engineer William Dyke was killed a few weeks ago and it was in charge of Wm. Royer when the accident occurred and he was so much impressed with it that he gave up engineering on the spot and Edward Whittaker had to be marked up to finish the night work as the furnace.

AN AID SOCIETY FOR THE HOSPITAL

-Mrs. John D. Sourbeck took Joe and Harry Toner to a Catholic manual training school at Arlington, N. J., last week and there the little fellows will grow up under better influences and more helpful environments than they have had at home. They are sons of Mr. and Mrs. Pat Toner and are bright little fellows.

-Gregg post has decided to celebrate Washington's birth-day in part of their old time style, at least. Instead of having a dinner, as they did several years ago, they expect to serve an oyster supper in the evening at 5 o'clock. Grand Army suppers are proverbial for their excellence and if you are not there next Monday evening you will miss something good.

-David Haines met with an accident on Sunday that will lay him up for several weeks. He was out in the yard at his home and, slipping on the ice, fell heavily against the wooden curbing of the walk breaking his ribs on his left side. The Racket advertises a large special sale to begin tomorrow.
