Carter Harrison Again Elected.

For the Fourth Time He Was Chosen for Mayor of Chicago on Tuesday. Statement from Harrison. He Said: "I Regard the Present Election as Less of a Personal Victory for Myself Than as a Victory for Municipal Ownership."—In Addition to the Mayor the Democrats Elected All Other Officers.

CHICAGO, April 7.—Carter H. Harrison was elected mayor of Chicago today for the fourth time, his majority by unofficial count over Graeme Stewart, the Republican candidate, being 6,070. The total vote was: Harrison, 143,332; Stewart, 137,365; Gracie, Independent Labor, 7,500; Breckenridge, Socialist, 7,200; Haines, Prohibition, 1,375. In the last majority election the total vote was: Harrison 156,566; Henney, Republican, 128,413; Hoyt, Prohibition, 3,323; Collins, Socialist, 5,384.

In the First precinct of the Second ward, in which both Harrison and Stewart reside, the vote was: Harrison, 41; Stewart, 101. In the last majority election the vote was: Harrison 82, Haines, 54.

Mayor Harrison said: "I consider it a victory for ultimate municipal ownership and for the referendum. It means that the settlement of the traction trouble must be made in the interests of the people of Chicago. It was the hardest battle I ever had and I am proud to have won it."

Chief issue in the campaign was the traction question, both candidates favoring ultimate municipal ownership of the street railways. Stewart advocated an immediate improvement of conditions, making the best terms possible with the companies. Harrison recommended a delay until the city had obtained whatever it desired from the companies.

Mayor Harrison said tonight: "I regard the present election as less of a personal victory for myself than as a victory for municipal ownership—a victory which should lead to the development of public national, as well as municipal utilities. Partisan lines were cast aside to a great extent, but the result is at the same time a substantial endorsement of my administration."

In addition to the mayor, the Democrats elected all other officers of the city ticket—the city treasurer, the city clerk and the city attorney—by strong pluralities.

The new city council will be thirty-five Republicans, thirty-two Democrats and one independent. The result in the city council is still in doubt. The old council was thirty-nine Republicans, thirty Democrats and one Independent.

Blair Democratic Meeting.

Candidates for County Officers Chosen and Delegates Named for the State Convention.

ALTOONA, Pa., April 6.—The Blair county Democratic convention convened in the East Side Theater here Monday afternoon, and nominated candidates for several county offices, also delegates for the State convention. The meeting was called to order by county chairman S. M. Hoyer. The hall was well filled with delegates and spectators, William F. Crowell, of Altoona, was made temporary chairman, and Chas. J. Werhe and M. J. Hesser, both of that city, were chosen secretaries. S. M. Hoyer was chosen moderator and county chairman. The name of Augustus Y. Dreyer, of that city, was presented for president judge. His nomination was made by acclamation. J. J. Gleychert, of that city, was unanimously selected for prothonotary. The candidacy of G. T. Bell, Republican nominee for sheriff, was endorsed, and Michael J. Manley, of Altoona, was selected for jury commissioner.

The delegates nominated to the State convention are W. H. Brunton, of Altoona; Dr. W. J. Lokes, of Tyrone; J. S. Shellenberg, of Woodbury township; G. W. Shaffer, of Newry; and J. W. McCloskey, of Bellwood.

Somebody Blundered.

To Correct an Error New Jersey's Legislature is Called in Extra Session.

TRENTON, N. J., April 7.—A special session of the Legislature will be called by Governor Murphy for Tuesday, April 21st. This was decided upon this afternoon after a conference between the governor and the attorney general. The proclamation is expected to be issued to-morrow. The special session will be called for the purpose of correcting a blunder that has been discovered in the Passaic pollution bill. One of the amendments made to the bill in the Senate does not appear in the measure in the printed bill that received the governor's approval. This amendment provided that no work on the trunk sewer should be commenced until the governor and the attorney general were satisfied that there would be no danger of successful interference from New York state with the proposed emptying of sewage into New York bay.

The number of amendments were made to the bill in the Senate and the one mentioned does not appear in the records of the House as having been concurred in by the latter body. The amendments is not essential to the main purpose of the bill but it is feared that the failure of the House to concur in this particular amendment might jeopardize the validity of the law if the matter should be brought into court. It is expected that the special session will not take up any other subject and the two houses will likely be in session but a brief period.

Senator Hanna Says Result is Disappointing.

CLEVELAND, O., April 7.—Senator M. A. Hanna to-day gave the Associated Press the following brief statement concerning the results of yesterday's election: "While the result in Cleveland is disappointing to the Republicans, the effect will be to stimulate them to greater effort in future campaigns. The result by no means shakes my faith in the belief that we can carry this (Cuyahoga) county next fall. The general situation in the state continues favorable to the Republican party."

"M. A. HANNA."

Mayor Johnson had no comment to make to-day on the result further than to reiterate his previous statement that the result showed that the people were with him in his fight for 3 cent street car fare and tax reforms.

Alleged that Arthur R. Pennell Was a Defaulter.

BUFFALO, N. Y., April 6.—The Commercial this afternoon publishes a story in which it is alleged that Arthur R. Pennell, who was killed in an automobile accident on March 10, was a defaulter to the extent of from \$150,000 to \$200,000. The story, the Commercial says, leaked out as the result of a legal dispute over two life insurance policies and is to the effect that Pennell induced friends in the east who had known his family and the family of his wife to place money in his hands for investment. He acted, in fact, as their financial agent. He would inform them of some good investment which he had come across which would pay an excellent rate of interest and they would send him money. The money which was sent to him for investment, it is alleged, he spent and when interest payments fell due he made the payments out of his own pocket.

The Commercial says that Pennell had contemplated suicide for over two years. Wallace Thayer, who was Pennell's attorney and intimate friend, is referred to by the paper as saying that he had suspected irregularities but that he had no proof of any such wrong doing.

Incidentally it has been learned that Pennell made provision for payment to Mrs. Edwin L. Burdick of \$25,000 out of his life insurance.

Pennell carried over \$200,000 life insurance, in order, the Commercial says that after his death the eastern estates to which he is alleged to have been a defaulter might be able to recoup the losses which they had sustained through him. In his will Pennell named as administrator of his estate his brother, J. Frederick Pennell. He left to his administrator sealed instructions that upon his death he should make good in full out of his estate all the losses which had been sustained through his default.

The Commercial also says the fact is known that Pennell planned two years ago to throw himself in front of a train at Peekskill on the way back from New York with the intention of committing suicide in that way, but his nerve failed him. Recently he told the story of the Peekskill incident himself. During the Pan-American exposition he sought for days for an opportunity to commit suicide in a manner that would make it appear accidental. He had an idea that he could be run over in some way while at the exposition, but he never could nerve himself up to the point where he could throw himself under a train or drop under the wheels of a trolley car.

It appears that there were two life policies which had not been handed over to the administrator. One was for \$15,000, and the other for \$10,000. Those two policies had been assigned by Pennell to Attorney Wallace Thayer in trust. In one he was referred to as "Wallace Thayer, trustee," and in the other he was designated "Wallace Thayer, as trustee." The insurance companies took legal counsel in the matter and held up payments. J. Frederick Pennell, the administrator of the estate, was called in and insisted on having more information before he would consent to the payment of any insurance money to Mr. Thayer as trustee. It was then that the story of Pennell's alleged default and his plans to commit suicide were made known. The \$25,000 insurance money assigned to Thayer by Pennell in trust is supposed have been paid over to Mrs. Burdick, in accordance to the provision of the bond for \$50,000 which Pennell gave prior to his death. Mr. Thayer would not talk about it. In fact, he has declined to give even the administrator of Pennell's estate any information concerning it.

The administrator went to Mr. Thayer for the purpose of finding out the nature of the trust, as it was his duty as administrator to do. Mr. Thayer would not talk. He said that Pennell had left sealed instructions, advising him as to how he was to dispose of the \$25,000, and that, as a lawyer, he could not divulge the nature of that transaction.

The administrator urged that he was entitled to know the nature of the trust, before he could consent to have the money paid over.

Mr. Thayer still refused to say what the trust was.

Thomas Penny, attorney for the Pennell estate, accordingly charged the insurance companies to pay over no money to Mr. Thayer. The probability is that the \$25,000 will be paid into the courts.

Mr. Penny stated this afternoon that, if Pennell had swindled any estates in the east, he was absolutely ignorant of it.

More Strikes Inaugurated.

By Metal Polishers and Coal and Iron Workers.

PHILADELPHIA, April 6.—A strike affecting 350 men and ten shops was inaugurated here to-day by the Metal Polishers' International Union of North America. The men demanded recognition of the union and an increase in wages. They ask ten hours pay for nine hours work. Most of the employers are willing to concede a 5 per cent. increase but object to recognizing the union.

SHAMOKIN, April 6.—The entire Luke Fidler colliery, owned by the Mineral Railroad and Mining company and employing 800 men and boys, was closed to-day because of a strike of the loaders and drivers. The employees were informed by the officials that they must work nine hours each day, as recommended by the strike commission. The drivers only want to work eight hours on Saturday.

POTTSVILLE, April 6.—Silver Creek colliery, at New Philadelphia; the Eagle Hill colliery, at Cambria; the Good Spring, at Good Spring, and the Brookside colliery, at Tower City, all Philadelphia and Reading Coal and Iron operations in this region, were shut down to-day because the men refused to wait until 7.30 to start work instead of 6.30 as heretofore. But half the men at the Otto colliery at Branchdale, were at work. The other half quit for the same reason as those at the other mines named. The independent operations were in operation.

"Rebel Bill" is Dying.

HUNTINGDON, W. Va., April 6.—Col. W. C. Smith, known the country over as "Rebel Bill" during the Civil war, is dying at the home of a sister here. He is 79 years old. He led the Confederate forces in eastern Kentucky and southern West Virginia during the early part of the conflict, and won many fierce struggles.

Complete Rest.

That is What President Roosevelt Hopes to Enjoy at Yellowstone Park—in Company with John Burroughs, Naturalist. He Will Study the Nature of Various Animals.

CINNABAR, Montana, April 8.—President Roosevelt is in the fastnesses of Yellowstone Park and for the next sixteen days he expects to enjoy complete rest and cessation from public duties. He will be in almost daily communication with Secretary Loeb at Cinnabar, but nothing except the utmost importance will be referred to him. In company with John Burroughs, the naturalist, who accompanied him from Washington, he will study closely the nature of the various animals that inhabit the park. The President has looked forward to this outing for some time and he was in a particularly happy frame of mind when he led the cavalcade into the park to-day. Every trail leading into the preserve will be closely guarded and no one will be allowed to disturb the President's solitude. His headquarters will be at the home of Major Pitcher, the superintendent of the park. Several camps have been established in different localities and these will be occupied by the President from time to time.

The special train bearing the President and his party arrived at Gardner, the entrance to the park, at 12:30 o'clock this afternoon and was met by a detachment of the Third cavalry and a number of cowboys. Major Pitcher also was on hand to welcome the President, Luncheon was served in the President's car, after which, dressed in riding breeches and coat, with a light colored sloop hat on his head, he mounted his horse and made a brief address to the people congregated near his train. He then bade the members of his party good-bye and led the way into the park. Mr. Burroughs followed in an army wagon. The train returned to Cinnabar, where Secretary Loeb and the remainder of the party will live in it while the President is absent.

The President will start on his trip to St. Louis and the Pacific coast on April 24th. The weather here is very mild and reports from the park are to the effect that there is but little snow in the vicinity of the President's headquarters.

Additional Law Judge Bills Passed.

HARRISBURG, April 8.—The two House bills creating additional law judges in Dauphin and Cambria counties were passed finally and they now go to the Governor. The Democrats opposed the bill creating a new judge in Cambria county and Mr. Dewalt read a letter from the Hon. Francis J. O'Connor, presiding judge of Cambria county, in which he says there is no necessity for an additional judge. Mr. Steinhilber, of Cambria, said there was a public necessity for another judge and he was supported by Mr. Grady, of Philadelphia. The latter intimated that Judge O'Connor did not want another judge in the county because it would divide the patronage.

True Bill Found Against Tillman.

COLUMBIA, S. C., April 7.—The grand jury today returned a true bill against James Tillman, charging him with the murder of N. G. Gougeon, editor of the State, who was killed in that city last January. The indictment also carried with it the charge of carrying concealed weapons. Ex-Vice President Stevenson Burned.

BLOOMINGTON, Ill., April 8.—Former Vice President Stevenson lost his hair and moustache and received painful burns on the face, head and hands today while trying to extinguish a fire in his home. The fire started in a bedroom. When Mr. Stevenson rushed into the room the curtains were in a blaze. Without calling aid he attacked the flames.

In a moment the hair on his head went up in a puff of smoke. The fire then seized his moustache and blistered his face. Mr. Stevenson called for help. The loss to the house is \$1,000.

—It seems strange that just when there is most for men to do they refuse to do it and go on a strike.

FOR AND ABOUT WOMEN.

—Those who have typhoid fever in Walker township now are Wm. Vonada and three sons, Mr. and Mrs. Samuel Cleveland, Frank and Wm. Cleveland, all in the vicinity of Zion; Harry Stover, Harry and John Cleveland, of near Hublersburg.

—Harris Cook, who has been dangerously ill with pneumonia in Altoona, is so much better that he is regarded as being out of danger.

—Having concluded a pastorate of three years in this place Rev. Dr. Willford P. Shriner will leave Belleville this morning for his new field of work in Carlisle. All that he has accomplished during his residence in our town will live after him, so that it needs no recounting at this time. It has been enough, however, to class Dr. Shriner among the very ablest, most progressive and determined ministers the town has ever had and he will be held in pleasant memory by many who appreciated him not only as an interesting pulpit orator, but as a wide awake citizen and a helpful friend. The Methodists, as well as all other denominations of Belleville, will wish Dr. Shriner and his family God-speed, fully conscious of the good their life among us has been.

A STEP IN THE RIGHT DIRECTION.—It is gratifying to note that the ladies of Centre Hall have organized an auxiliary to the Belleville hospital. They met in the Reformed church in that place, on Monday evening, and elected the following officers: President, Mrs. W. H. Schuyler; vice presidents, Mrs. S. W. Smith; Mrs. J. F. Shultz; Mrs. W. H. Kreamer; Mrs. G. W. Hosterman; treasurer, Mrs. Helen Grenoble; secretary Miss Elsie L. Krise.

This action on the part of the ladies of Centre Hall shows that they have grasped the hospital situation and realize—as should every community in Centre county—that the new institution in Belleville is for the public good and not the enterprise of any locality or clique or set of people. It is a public institution in every sense of the word and if all the people in the county manifest the interest in it that the ladies of Centre Hall evidently intend taking its usefulness can be greatly extended.

Capt. W. H. Fry, of Pine Grove Mills, was a pleasant caller at the Herald office today. Though a veteran of the civil war he is as vigorous and active as a boy in his teens. C. A. Krape has his store and postoffice building about ready for plastering, and no doubt will occupy it in less than ten days. The building is a credit to the neighborhood, and a decided improvement on the one destroyed by the recent fire.

The Lutherans here have organized a Sunday school and had their first session on Sunday morning last, C. E. Royer, superintendent. By the way do all the denominations—Methodists, Lutherans, Evangelicals and Presbyterians have school in the morning. Would it not be better for some to take the afternoon?
