The lapels lie flat and stiff with an easy turning roll. The fronts are all made with celebrated Phoenix Hair-cloth Pad, guaranteed not to break or curl.

THE COLLARS of FAUBLES' CLOTHES are set smart and high. They are put on to stay right so long as they are part of the coat. They lie snug, fit tight, cling to your shirt collar—just as you would have it. They are hand-padded, hand-felled, and can't be other than right.

MRS. PORTER IS DEAD

Wife of American Ambassador Expires Suddenly in Paris.

DUE TO CONGESTION OF LUNGS

The Effect of the Blow Upon General Porter Causes Some Concern, as He Has Just Recovered From a Severe Attack of the Grip.

Paris, April 7.—Mrs. Horace Porter, wife of the American ambassador here, is dead. Mrs. Porter had been ill only a few hours, and her death was wholly unexpected. Congestion of the lungs, following a chill, was the cause of death.

Mrs. Porter died at the United States embassy, in the life of which she had always taken a leading part. Her death caused great surprise and sorrow throughout the American colony. The officials of the embassy are doing everything possible under the circumstances to be of service to the ambassador. Secretary Vignaud has taken active charge of the funeral arrangements, but no definite plans have yet been made.

The ambassador had just recovered from a severe attack of the grip, which leads to some solicitude concerning the effect the blow may have upon him. The illness kept him confined to the house for a month and compelled him to give up his projected trip to Greece.

Mrs. Porter had not been in robust health for some time, and decided to make a stay in Zurich, Switzerland, for rest and to recuperate. She returned to Paris last week considerably improved, though retaining lingering symptoms of the prevailing epidemic of grip, but the doctors did not consider her condition serious. She seemed better yesterday, and the apparent improvement continued during the middle of the day. A sudden change for the worse was then observed and it became manifest that the congestion had attacked her lungs. Mrs. Porter sank rapidly until she expired an hour later.

It is said, after the funeral services here, the body will be placed in the mortuary chapel until it is sent to America. The news of Mrs. Porter's death spread rapidly through the American colony, and came as a complete surprise. Few knew that she was ill, and the announcement caused a universal shock and deep feeling of regret, and many expressions of esteem were forthcoming.

ALLIANCE OF TRADES UNIONS

Theodore Shaffer Plans a Monster Labor Organization.

Pittsburg, April 7.—A defensive alliance of most of the trades unions of the country is a possibility of the near future, and the heads of various labor organizations, led by President T. J.

Shaffer, of the Amalgamated Association of Iron, Steel and Tin Workers, are forming plans with that object in view.

If formed, this amalgamation of workmen will be the largest ever in existence and will have a membership up in the millions. President Shaffer said: "It is my intention to have the miners, railroad workers, Amalgamated men, locals of the American Federation of Labor, and, in fact, every union man in the nation enlisted in the movement. I proposed the plan at Milwaukee several years ago, but then it was received with apparent incredulity and many labor leaders were overcome by the magnitude of the project."

Mr. Shaffer intimated that after the Amalgamated convention at Columbus is over steps will be taken to get the heads of the labor organizations of the country to consider the plan systematically. He stated that this defensive alliance is coming, and that its organization is only a question of time.

Stratton Will Case Compromised.

Colorado Springs, Col., April 7.—County Judge Orr has agreed to approve a compromise that has been reached between the attorneys for I. Harry Stratton and those for the executors of his father's will. Young Stratton is to receive \$350,000 in cash. This includes his legacy of \$30,000. The money will be paid at once, and all litigation over the estate of the late multi-millionaire mine owner, Winfield Scott Stratton, will cease. Mr. Stratton bequeathed the bulk of his fortune, estimated at \$15,000,000, for the establishment of a home for the poor in this city.

A Chicago mother, on hearing that her sister had received a new little girl, said to Lillian, her little daughter: "Lillian, auntie has a new baby, and now mamma is the baby's aunt. Papa is the baby's uncle, and you are her little cousin."

"Well," said Lillian wonderingly, "wasn't that arranged quick?"

He Was.
"What's the matter, Bill? You look kind of weather beaten this morning."
"That's exactly what I am. I bet \$5 it would rain yesterday, and it didn't."

Hard to Part With.
The man at our boarding house has the remains of a once prosperous pocket comb, from which the teeth have long since fled.
"Why," we ask him, "do you carry that thing around with you—that worthless old comb?"

And he replies:
"Well, I can't part with it."—Baltimore News.

THE OHIO ELECTION

Tom Johnson Carries Cleveland and Republicans Sweep Cincinnati.

Cincinnati, April 7.—While the Republicans made material gains in the municipal elections in Ohio, they did not secure many changes in the administration of the cities. The most notable exception was at Columbus, where Mr. Jeffrey, Republican, is elected. The mayors of all the leading cities except Columbus were re-elected. The Republicans retained possession of Cincinnati and the Democrats of Cleveland, and Samuel M. Jones was elected as an independent for the fourth time as mayor of Toledo.

Tom Johnson was re-elected mayor of Cleveland by 6500. The entire Democratic ticket was elected by a smaller margin.

Mayor Fleischmann, Republican, of Cincinnati, was re-elected by 16,620 plurality. The entire Republican ticket, including all the boards, was elected by about the same vote as that of Fleischmann.

There is much diversity of opinion as to the effect of these municipal elections upon the next Republican nomination for governor, but it is conceded that Mayor Tom L. Johnson, of Cleveland, will now become a formidable candidate for the Democratic nomination for governor a few months hence. The Ingalls organization will be continued, with a view of making him the Democratic opponent of Hanna for the senatorship.

Republicans Carry Michigan.
Detroit, April 7.—The Republicans of Michigan elected their entire state ticket by a majority of 35,000. The ticket is as follows: For justice of the supreme court, Judge Frank A. Hooker, of Charlotte; regents of the state university, Peter White, of Marquette, and Loyal E. Knappen, of Grand Rapids. The vote throughout the state, excepting where local issues lent interest to the fight, was light.

Wanting to Try.
"For the first year of our married life, dear," said the young man who was poor, but had prospects, "we shall have to live principally on love."
"Well, people can live on spoon victuals, can't they, George?" she said, snuggling closer to him.—Chicago Tribune.

Thought It Might Be.

Brutal Treatment of a Wife.
Husband—Don't you think that you are rather unreasonable to expect me to take you to a ball, stay awake until 4 o'clock and then get up at 8 to go to my work?

Wife—I may be a little unreasonable but it's perfectly brutal of you to mention it.—New York Weekly.

DECIDED AGAINST KEENE

Court Refuses Injunction in Southern Pacific Fight.

Cincinnati, April 7.—Judge Lurton has refused the injunction asked for by the Keene interests, to restrain the Union Pacific holdings at the Southern Pacific Company's election.

The opinion, which was lengthy, was against the contention of the complainants that the Union Pacific was an accessory or actual party to the suit, even though President Harriman, of the Union Pacific, had made an affidavit in the case. Being a mere witness in the case did not amount to an appearance by the Union Pacific as a party to the suit.

A motion to appeal was then sustained and the Southern Pacific election postponed pending the appeal.

Mr. Keene, in his statement of the contention, said: "Instead of paying dividends, about \$35,000,000 has been spent in practically rebuilding about 400 miles of the Central Pacific, a branch of the Southern Pacific which connects with the Union Pacific which Ogden, Utah. Although the gross earnings of the Southern Pacific increased \$22,000,000 in three years, the stockholders have not received a penny."

MADE A PHILIPPINE BISHOP

Mgr. Rooker First American Placed to Head a See in Islands.

Rome, April 7.—Very Rev. Mgr. F. Z. Rooker, secretary of the Apostolic Delegation at Washington, has been appointed bishop of Nueva Caceres, Philippine Islands.

The Very Rev. Frederick Zadok Rooker, D. D., the first American to be appointed to a permanent episcopal see in the Roman Catholic Church of the Philippine Islands, is a son of the well-known Albany journalist, Myron H. Rooker, and was born in New York city on September 19, 1861. He studied for the priesthood at the American College in Rome, where he was ordained in 1888. He was made secretary of the Papal Delegation at Washington, Cardinal Satelli, whose pupil he had been in Rome, being then at the head of the Delegation. Mgr. Rooker has discharged the duties of this position with tact and skill, and is unusually well equipped for the important place to which he is now advanced.

Workmen Buried by Cave-in.

Malone, N. Y., April 7.—A steam shovel was being worked on the Delaware and Hudson Railroad at a point between Saranac Lake and Lake Placid, when a bank of sand caved in, completely covering the shovel and burying four men who were working to a depth of five feet. Two of the men, an American and an Italian, were killed; the two other men, both Italians, were rescued with difficulty. Many other laborers had narrow escapes.

KILLED BY MORPHINE

Victim of Drug Thought to Have Been Relative of Marlborough.

Kansas City, Mo., April 7.—George H. Guest, a civil engineer, whose home is thought to be in Chicago, and who may have been a relative of the Duke of Marlborough, died at the Blossom House from the effects of morphine. Whether he took the drug with suicidal intent or by accident is a mystery.

Several newspaper clippings found in the man's pocketbook indicate that he may have had titled relatives. One clipping from a New York paper referred to the "Hon. Lionel Guest, son of Lord Wiltshire, and first cousin to the Duke of Marlborough," who was at the Waldorf-Astoria Hotel. Another clipping referred to "Lieutenant G. Guest of London," who had arrived in New York.

Negro Lynched.

Little Rock, Ark., April 7.—John Turner, colored, was lynched at Warren, Ark., for an attempted assault on Mrs. W. H. Neely, a white woman. This attempt occurred last Friday, and the negro was arrested and taken before Mrs. Neely, who was positive in her identification. A mob broke into the jail, and taking Turner out, strung him to a tree in front of the court house. Turner denied his guilt to the last. The body of the negro was left for the coroner, who cut it down and held an inquest, which resulted in a verdict that the lynching was at the hands of unknown parties.

BLOWN UP BY DYNAMITE

Farmer's House Wrecked and Wife and Son Fatally Injured.

Lancaster, Pa., April 7.—Benjamin Johnson, a farmer living near Smithville, this county, was seriously and his wife and 11-year-old son probably fatally injured by a dynamite explosion. Johnson had been blowing out stumps, and took the dynamite into his frame summer house to warm it. An explosion followed, and the summer house was blown to atoms. All three were from 20 to 30 yards away from where the house stood, and the roof of the wrecked building fell on Mrs. Johnson. Nearly every stitch of her clothing was torn from her body. She was fearfully battered and bruised, and it is feared her internal injuries will prove fatal. The boy was found under the porch of the main building, unconscious and so badly injured that no hopes are entertained for his recovery. Johnson was also blown a considerable distance and was unconscious when assistance arrived. He is badly hurt, but it is not thought his injuries will prove fatal. All the windows and doors in the main dwelling were blown out.

In the debris were found 18 sticks of dynamite which had failed to explode. Johnson had bought 24 sticks and used several, so that it is thought that not more than two sticks caused the accident.

JUDGE CONDEMNS "FUTURES"

Injunction Asked For by Chicago Board of Trade Refused.

St. Louis, Mo., April 7.—An injunction sought by the Chicago Board of Trade to establish the ownership of the quotations on the prices of grains and other commodities was denied by Judge Adams, in the United States District Court. The judge condemned the dealing in futures.

Judge Adams said: "The main question argued and the one which underlies the whole case is whether the property right complainant may have in the 'continuous quotations' in question is so tainted with unsavoryness as to preclude resort to a court of equity by the complainant for its protection. I am satisfied that many of the so-called sales for future deliveries which furnish the basis of the quotations are merely gambling transactions."

"The property which the complainant asks this court to protect by its injunctive process is the right to monopolize the speedy dissemination of information instructing the public what wagers are being made on the future price of grain and other commodities by the members of the Chicago Board of Trade. Such is not a species of property which appeals to a court of conscience for protection."

CUBAN CONGRESS REASSEMBLES

Many Laws to be Enacted Before Final Adjournment.

Havana, April 7.—Congress has re-assembled and will probably continue in session for three extra months on account of the necessity of the enactment of many laws before all the departments of the government get thoroughly under way. These measures include approval of the naval station agreement and a permanent treaty covering Cuba's political relations with the United States laws dealing with municipal government and defining the duty and authority of cabinet officers, both the latter laws including the questions as to how far the general government shall continue to supersede the local governments in matters of sanitation and other public works; laws concerning gold and silver coinage, divorce and revision of the court system and customs tariffs.

A message from President Palma was read at the opening session. The president congratulates the country on the maintenance of peace and order since the strikes last November.

No Peaches or Strawberries.

Baltimore, April 7.—Advices from Western Maryland state that vegetation was frozen during the cold snap and that there will be no peach or strawberry crop. Similar reports are received from the Eastern Shore counties of Maryland.
