Hon. J. B. Marcum Shot, Killed Just After He Had Finished Filing Papers Re-opening Contested Election Cases.

LEXINGTON, Ky., May 4.—Just after he had finished filing papers, re-opening the contested election cases of Breathitt county, Hon. James B. Marcum was shot and killed today by an unknown assassin.

Various plots to assassinate him have been reported and sworn to in affidavits. For seventy-two days last fall he was a prisoner in his own home, daring not even to go out on his porch.

The first news of the disaster was learned at Old Point, where the Hamilton stopped for a few moments on her way to Norfolk. She arrived at her pier in this city about 4 o'clock this afternoon.

Two Big Vessels Collide at Sea.

The Clyde Steamship Saginaw Crashed into the Old Dominion Liner Hamilton. A Very Dense Fog Prevailed.

NORFOLK, Va. May 5.—A collision at sea that cost the lives of twenty or more persons and the sinking of the Clyde steamship Saginaw by the Old Dominion Steamship company's liner Hamilton, occurred between Winter Quarter lights and Fenwick Island lightship, on the Virginia coast, at 4:30 o'clock this morning.

The scene of the collision is about thirteen or fourteen miles off the shore and between 190 and 200 miles south of New York and between 125 and 140 miles north of Norfolk.

According to Captain Boaz, of the Hamilton, his ship was making about nine knots and the Saginaw about ten. The fog was so thick that ships a length away were invisible and when the two crafts hove in sight of each other, bow on, there was but a moment's interim before they met.

The Saginaw veered, as did the Hamilton, but they had not time to clear each other and the knife like steel prow of the south bound vessel struck the Clyde ship on the port quarter about twenty feet from her stern, cutting the entire rear of the ship away.

When the Saginaw was again sighted her stern was under water and her bow was high in the air. Panic stricken people rushed over her decks and scrambled to board the bow. Life boats were lowered and into the first fifteen colored women were placed, according to second officer Morris, who was in command.

Before the lifeboats of the Hamilton had reached the Saginaw the latter had disappeared beneath the waves and nothing but her topmasts were visible.

Mayor King Releases Father Walser and He is Now a Free Man.

LORIAN, O., May 5.—At the end of a rather complete investigation into the cause of the death of Agatha Reichlin, who was murdered last Thursday, Corner French, of this county, gave as his conclusion, the verdict:

"That Agatha Reichlin came to her death from wounds inflicted by stone in the hands of a person unknown."

The investigation was held in the presence of a large and deeply interested crowd of witnesses and spectators. The conclusion reached by the coroner resulted in the freeing of Father Walser from confinement later in the evening.

The brothers of the murdered girl were strong in the expressions of the innocence of Father Walser. Father Walser was brought to this city to-night from the county jail at Elyria and discharged from the charge of murder.

A Beech Creek Family Have a Frightful Experience.

Terrifying Experiences of a Beech Creek Family and an Exhausted Fire Fighter.

Brit Linn, Jr., wife and five sons, have arrived at Beech Creek from Ridgway, Elk county, where they had an awful experience with fire. Mr. Linn and his family were dwelling in a lumber camp three miles from Ridgway.

The scene of the collision is about thirteen or fourteen miles off the shore and between 190 and 200 miles south of New York and between 125 and 140 miles north of Norfolk.

According to Captain Boaz, of the Hamilton, his ship was making about nine knots and the Saginaw about ten. The fog was so thick that ships a length away were invisible and when the two crafts hove in sight of each other, bow on, there was but a moment's interim before they met.

Against Christian Science.

William Garrett Wynkoop, who perished while fighting forest fires at Spring Creek, near Halltown, Elk county, met a very sad death, knowing as he did several minutes before the flames overtook him, that he was doomed.

PHILADELPHIA, May 4.—The Pennsylvania supreme court to-day affirmed a ruling of the late Judge Arnold, in which the latter refused to charter a Christian Science association. The proposed association was "to establish a place for support of public worship and to preach the doctrine of Christ Jesus as found in the Bible and the Christian Science text book."

The master's opinion was endorsed by Judge Arnold, who filed an opinion refusing a charter on the ground that the purpose of the association, as disclosed was improper and in violation of the laws, which intended to prevent the practice of medicine by non-qualified persons.

In last week's paper mention was made of the operation she had endured the morning before and the anxiety of her friends for the outcome, but at that time it was not generally known that her case was entirely hopeless.
