THE NEW SPRING FOOTWEAR.

The collection of Women's and Children's Shoes the Oxfords for spring and summer wear, which you are invited to come to see, is the best and broadest we have ever had to show. The Splendid assortment is, however, not the most important attraction of the gathering. The chief interest centers in the fact that in all the various lines a noticeable improvement has been made in the quality, style and general excellence of the shoes so that we are able to offer you this season even more true worth for your money than you have ever had from us before. Those who are familiar with the fine values for which our stores are noted will realize what this statement means. This season's styles are lighter and daintier than those of the past year. The soles are lighter and have closer edges. The heels are higher. The artistic possibilities of shoe making are expressed in every line. Prettier shoes and Oxfords were never seen.

The principal leathers are Ideal Kid, Patent Colskin, Patent Calf, Vici Kid and Velour Calf.
