- Mr. and Mrs. C. M. Parrish returned from their wedding tour last Wednesday evening and went directly to their a partments in Petriken hall. Thursday morning when Mr. Parrish started for his place of business he found that he could not unlock his door to get out. All the occupants of the other flats in the building tried to get his door open for him and after they had fooled around several hours a lock smith was procured and the lock re-

THE COLLEGIANS PLEASE A LARGE AUDIENCE. -- The Thespians, the dramatic organization of the students of The Pennsylvania State College, scored an immense success in "A Night Off" at Garman's Friday night. They played under the patronage of Bellefonte chapter D. A. R., for the henefit of the Bellefonte hospital, and had one of the largest and most fashionable audiences ever assembled in the local play-

The recent dramatic undertakings of the Thespians have been of a character not at all adapted for them and it must be said that interest in their histrionic talent was at a rather low ebb in Bellefonte until Friday night's surprise, when the students demonstrated that they have talent to spare when they are caste in plays suited to them. It always did take a magnifying glass to find the comedy in "A School for Scandal" or "She Stoops to Conquer" and when it is discovered it is about as furious as the church sociable sort, so that it is not to be wondered at that amateurs should -Bellefonte amateurs have begun re- fail to make it entertaining. "A Night hearsing for a minstrel show which they Off" is different. It is lighter, easier in dialogue and continuous in the comedy and it was acted right up to a professional standard by the Thespians.

Mr. Tuholski's "Marcus Brutus Snap," Maj. on the staff of Gen. Wiley, command- an actor after fame, was superb. He interpreted his lines so well that he kept the house in a gale of amusement at his every memorial sermon to Gregg post, No. 95, move. Mr. Clendennin as "Mrs. Zantippa Babbitt" looked and acted the part so well that her stage husband, Mr. Streeter, as Prof. Babbitt," had the sympathy of every henpecked man in the house and finally, when in a cleverly acted whirl of self assertiveness he finally did tower over his astounded spouse we noticed lots of fellows who led in the applause who probably had to answer for it when they got to their own homes. Mr. Saunders' "Angelica" was very good. He gave quite an unexpected touch of the suspicious feminine to his acting. "Harry Demask" as protrayed by Mr. Miller was quite clever, as was Mr. Frev's "Jack Mulberry." Mr. Miles took the part of "Lord Mulberry" in good style and Mr. Deike's "Nisbe" raised a number of laughs. As "Susan" Mr. Gearbart shared honors with the star of the cast. He was cept the Sunday school which will meet at good beyond the expectations of everyone

The college orchestra, under the direction of Mr. Godard, contributed much to the entertainment of the audience, for in point of excellence it proved as much of a sur-

prise as the amateur actors. The Daughters will realize quite a nice sum from the play.

THREE FIRES CLOSE TOGETHER. - Within a period of twenty-four hours Bellefonte had three fires. None of them, however, were very disastrons.

On Thursday evening just about the time the smoke from the forest fires was thickest in Bellefonte the fire alarm sounded and for awhile it looked as if the entire town was Dubbs' barn out in Bush's Addition. -Augustus Wian and Miss Matilda Poorman were married at the home of the bride's parents, Mr. and Mrs. Michael Poorman, in Coleville, on Thursday afternoon of last week. Rev. T. W. Perks performed the ceremony in the presence of a few of their most intimate friends. An elaborate wedding dinner was served the guests at 4 o'clock.

-At Lock Haven on Saturday two local horses "Orange Chief" and "Joe Wilkes" raced for a purse of \$175. Welliver drove "Chief" and Faux drove "Joe Wilkes." "Chief" had won one heat and 'Joe" two when there was a misunderstanding about the start in the fourth and a general vocabulary scrap ensued that broke up the race. They are to try it again tomorrow.

---On Wednesday of last week three children of a man named Bigler were playing in the second story of their home at Cherry Run along the L. and T. railroad. An eleven year old boy picked up a double bar reled shot gun that was standing in the room and pointing it at his little baby sister, that was lying in the lap of an older sister, pulled the trigger. He was only a few feet away and the discharge struck the baby, blowing its head clear off and scattering its brains to all parts of the room.

-- On Thursday night Co. B. underwent its annual inspection. The officers conducting it were Maj. Jeffries, of Pittsburg, who is on the staff of Brigadier Genafire. It would be in pleasbers of the Governor's staff and Lt. and The drilling and manual execution was splendid, though the "setting up" drill, which has come to be a regular calisthenic exercise was not up to the usual standard of perfection attained by B company.

-Mrs. Arthur Black, of Altoona, who had been seriously ill with peritonitis, was brought to the home of her parents at Coleville last Saturday. Her mother, Mrs. James Rote, went up to bring her down and after they had started it was discovered that the young woman was in no condition for traveling. After leaving Tyrone she collapsed entirely and people who were on the train thought she would die before reaching this place. The train had to be held here quite a little while before she could be gotten off and then her condition was so alarming that she was carried into the home of P. Gray Meek. By afternoon, however, she had recovered sufficiently to be taken to her parents' home.

-Quite an exciting melee took place on reservoir hill early Tuesday evening in which men and women were mixed up for an hour or more before the police arrived. It appears that Bill Fredericks assaultto his rescue. Then Mrs. Fredericks and arrived and scooped in the Fredericks and Mrs. Gehret. They were taken before burgess Walker who fined them. After paying the fine they were arrested again on a in a sanitarium at Watkins, N. THE BOROUGH SOLONS. - President Cunningham and members Jenkins, Fenlon, Derstine, Reynolds, Wise, Kirk and Whittaker were present at council meeting Mouday evening and that night should be marked down as an event extraordinary in the history of Bellefonte, for a beginning was made for a permanent and creditable improvement along Water street. Other matters of importance were taken up and discussed, but so far as their results are concerned they pale into insignificance in comparison with what council now propos-

F. W. Crider appeared and notified the borough that he owns the lot on east Howard street on which the sink for surface drainage was made and he wants council either to buy the lot or cover it up so been laid in front of Mrs. Catharine Haupt's that his cows, pasturing in the lot, can't residence on Thomas street. It was put drink the stagnant water. It was referred

Burgess Walker reported the collection of \$35.75 in fines and recommended that a stable be rented for the high constable to impound cows in

The borough solicitor reported that the buildings on the McBride corner of Allegheny and Bishop streets are a menace to health and property in that locality and It was referred to the Nuisance committee.

Under the Water committee reports it was decided to have Prof. L. E. Reber, of State College, make a test of the power to be developed at the big spring, also to measure the amount of water being pumped into the reservoir and elsewhere daily and to measure the horse power at Col. Reynolds dam at the match factory. It is desired to know this latter because the Colonel has offered to rent both the water and steam power to the borough for \$1,500 a year. Some think that there is enough water power there to do all the pumping and if such is the case the proposition might prove to be a very valuable one to the town. The Fitz water wheel company was directed to remove their pump and wheel from the water works within ten days. The water committee was given power to go ahead and make permanent improvements about the reservoir as in their judgment seems best. Owing to failure to secure as many bids as were desired the letting of the contract for coal for the water works was held over until the next meeting.

Under old business the Street committee report ou Water street improvements was called for. Chairman Derstine read an offer from Mr. Bilger to crib it for a certain figure also an estimate for making a dry stone wall of sufficient height and thickness. Inasmuch as there was but little difference between the cost of the cribbing and the wall council instructed the chairman to secure bids for a stone retaining wall along north Water street and it is hoped that work on it will be begun soon. Here is a place where council can spend the quences. Any one could see results from Maj. W. Fred Reynolds, Col. E. R. MARRIED IN THE FAR WEST-The Centre county friends of Will Truckenmiller will be interested in the following notice, which we clip from the Devil's Lake, N. D., Inter-Ocean, of April 24th.

D., Inter-Ocean, of April 24411.

April 20th, at the office of Judge Metcalf, Lakota, N. D., Judge Fruiet officiating, Miss Annie E. Sanders, of Claressa, Minn., to Will Truckenmiller, of Devils Lake. The groom is a well-known farmer in Ramsey county, and the bride is the oldest daughter of Nels Sanders, a prosperous farmer of Claressa, Minn. The Inter-Ocean extends year hearty congratulations very hearty congratulations.

Those who do not know Mr. Truckenmiller personally will remember him by the beautiful contributions of prose and poetry that he makes from time to time to the WATCHMAN.

The proposition made to council Monday evening by Col. Reynolds looks as if it were the intention of the Penna. Match Co. to close the upper factory, which seems to be the case, so far as we can learn. The closing of the upper factory, however, will in no way decrease the output of matches or lessen the number of employees. The new machinery that is being installed will take up so much less floor space than the old cident last Thursday morning that might that the main factory buildings will accommodate all of it now and thus make a better organization of the work possible.

-Geo. W. Boulton and George Cowher were arrested at West Moshannon on Monday by constable Harry Simler, of Philipsburg. They were charged with fishing on Sunday, April 19th, and when taken before justice Sandford they plead guilty and were fined \$25 each and costs amounting to \$6.50. A pretty expensive fishing trip, wasn't it; especially since they are reported to have had very poor luck.

STATE'S FOOT BALL SCHEDULE .- The lootball schedule for 1903, as far as completed for The Pennsylvania State College eleven is as follows: Sept. 19th, Dickinson Seminary, at State College; Sept. 26th, Geneva College, at State College; Oct. 1st. Allegheny College, at State College; Oct. 10th, University of Pennsylvania, at Phila.: Oct. 17th, Yale University, at New Haven; Oct. 24th, open; Oct 31st, Annapolis, at Annapolis; Nov. 7th, University of Virginia; Nov. 14th, Dickinson, at Williamsport; Nov. 21st, open; Nov. 26th, Steelton. at Steelton. J. J. Hoblitzell, of Meyersdale, is manager for the season.

---The annual report of the Children's Aid society of western Pennsylvania, which is just off the press, shows that since the organization of the society in 1901, forty-six children have been received into its care from this county. There are none there at present. Thirteen of them are in free homes and twenty-seven have passed from the society's care. June 1st, 1901, there were twenty-four children in homes in this county costing the society a total of \$107.29 for sundry small expense accounts. Mrs. John L. Kurtz, of Bellefonte, is one of the vice presidents and to her interest in the poor little ones much of the good done in this community is due.

--- Miss Anna Corman, of Spring Mills, met with rather a serious accident on last Thursday evening, which might result in the loss of the sight of one of her eyes. In reaching to one of the upper shelves in their store her arm knocked loose a hanging tin sign, which fell down, the corner penetrating her eye. She has suffered great pain since the accident but her physician hopes that the sight has not been destroyed.

--- When the Shipman company comes rman's to play "As You Like It" you should go. In the first place, because it will be a production that will please you and in the second because Mr. Ernest Shipman has given Bellefonte some splendid attractions in the past and we should endeavor to keep on the favored list with the Shipman management.

-The contract has been let for a P. R. R. Y. M. C. A. building in Tyrone. It is to cost \$8,400, will be 40x70 ft and brick cased. It is to have baths, a gymnasium, reading room, library, meeting hall and sleeping rooms for railroaders unavoidably detained in town over night.
