Men Must Take a Day Off.

by New Policy With Employees. Notice has been served on many employ-ees of the Pennsylvania Railroad, in New York, that, dating from August 1st, they will be laid off one day every month at their own expense. The first men to re-ceive the order were the ferry hands. their work. They are paid an average of about \$48 a month and a proportionate amount will be deducted from their wages.

The baggagemen between Jersey City and Pittsburg have all been similarly notified. There are 2,500 of them, while 700 trackmen between Jersey City and Newark are included in the same order. These, it is said, are only the first and that gradually the entire system will be affected. While the loss to each man is comparatively small, amounting to only a few dollars a month, the company will gain \$1,000,000 a year by the move.
