Jamaicans Are Starving. Heartrending Scenes to be Witnessed all Ove Island-Only Food is Unripe Bananas.

There are heartrending scenes all over the eastern and northern portions of the island of Jamaica. At Port Antonio thou-sands of homeless and starving people have sought shelter in the old prison and the few other buildings which survived the hurricane. Those who could be thus accommodated are cowering in the lee of the ruined walls and dismantled piazzas. The railroad sheds and dismantled piazzas. The railroad sheds and waiting rooms are filled with women and additional rooms.

with women and children. The merchants of the place are feeding the hungry to the best of their ability, but the nungry to the best of their ability, but the majority are depending upon green un-ripe bananas knocked down by the storm. The bananas are boiled in kerosene tins over open fires made from the debris of destroyed buildings. This is their sole food supply, and it will be exhausted in nine or ten days. Similar conditions prevail in Annetta Bay, Buff Bay, Orange Bay, Port Maria, Manchioneal, Morant Bay, Bowden, and other similar seaports.

Bowden, and other similar seaports.

In the interior the distress is equally acute. Scarcely a peasant's home is standing. Even the dwellings of the planters, which are built of substantial stone, have been unroofed with a few exceptions. The misery of the peasant families is indescribable. Their homes and belongings have been literally blown away, and they are contriving rude shelters from fallen trees, palm boughs, and banana leaves. Owing to the continued unsettled weather, with occasional torrential rains, these shelters occasional torrential rains, these shelters

afford practically no protection.

Efforts are being made at Kingston to relieve the immediate wants of some localities by subscriptions of food and clothing, but the local efforts at best are totally in-adequate. Unless immediate shipments of food stuffs come from America, deaths by starvation are inevitable. The local hos-pitals in the wind-swept districts are crowd-ed with the injured, and the death list is increasing. Some localities have not yet

reported. One man was beheaded at Port Antonio by a flying sheet of galvanized roofing.
Many were seriously wounded by falling houses, trees, and walls. Several houses located on the banks of the streams were carried away by the floods. The fate of their inmates is unknown, but it is feared that there have been many deaths from this

COURSE OF THE HURRICANE. The tropical storm is still in the Gulf of Mexico and apparently near the middle of the western portion. Some slight indications of its presence have been afforded by sea swells that have been reported from Pensacola to Corpus Christi. No reports have been received on Friday from Yucatan, but the director of the Mexican Central observatory reports that the storm is apparently in the centre of the Gulf and moving toward the coast of Tamaulipas with diminishing intensity. Tamaulipas is the state directly south of the extreme southern portion of Texas.

Future of Indians

What is to become of the Indians? In round numbers there are 85,000 of them. They have all their well-known racial defects and charactistics. As a class they are improvident, careless, lazy and ignorant. They are prone to adopt the vices instead of the blessings of civilization. They can-not be made to work; they have but little idea of values, and they become pitiable, defenseless victims in all business transactions into which they enter with shrewd and designing men. They treasure up their wrongs, however, and their moody, sullen behavior plainly indicates that they have no particular love for their superior paleface brother.

paleface brother.

No tenderness or sympathy, it is true, need be bestowed upon the Indians. Their present condition is in great part the result of their own obstinacy and folly. But the judicious people in the territory are now wisely considering if it is not dangerous to be the state of t deviate too far from the paths of justice in the treatment of these wards of the government. Guaranteeing them a small homestead safe from alienation for twenty-one years is no protection against their ignorance and improvidence. A citizen has asked the timely question, what is to become of the Indians after they have got rid of their allotments and money? It would be as difficult to handle 10,000 Indian warriors who felt themselves aggrieved as it would be to provide for 85,000 blanketed paupers. There is no necessity for either of these two contingencies to happen if the rights, property and funds which the Indians still possess are carefully preserved to them.— Kansas City Jowrnal.

Gen. Clay Left Nation a Park.

Another will of General Cassius M. Clay, executed March 28th, 1901, a year after the one to be offered for probate to-day in Richmond, Ky., has been produced by Dora Clay Brock, the former child wife of General Clay.

The instrument is in General Clay's own hand writing, and sealed on the back with his private seal ring in green wax, and names Dora Brock and two others, selected by her, as executors, and gives them one-half of the proceeds of certain sales. Fea-turers of the will follow:

"The White Hall lands and fixtures of 360 acres shall remain, including houses, trees, etc., forever the same intact—finest natural park on earth. It shall be in fee simple the property of the United States of America in trust for the inhabitants of

this earth. "My coal mines in Clay county, Ky., shall be formed into a company and worked for the use and benefit of the funds and needs of the White Hall park."

The former child wife receives \$100,000 in bonds. She says the will was in an unopened envelope, which General Clay gave her, telling her it was to be kept uutil he

Some Real Band Music.

Among the many characteristics which Among the many characteristics which have secured popularity for the Great Wallace Show is its musical department. Its several bands are not "wind jammers" and creators of noise, but they play strains of popular melody and classical music so as to favor its patrons of the circus with a high-class musical entertainment.

Professor C. Z. Bronson's Concert Band

of forty-four artist musicians are capable of entertaining the most critical concert audience. So far superior is Bronson's Concert Band to the ordinary traveling

show brass bands that it is remarked upon by novices as well as by musicians.

For forty-five minutes preceding the two performances to be given in Bellefonte on Tuesday Sept. 8th Bronson's Concert Band will play a grand high-class programme of eight numbers. It is advisable that returns of the Wallace Circus should that patrons of the Wallace Circus should go early so as to avail themselves of the opportunity of hearing a musical treat free of any extra charge.

TT MUST BE TRUE.

BELLEFONTE READERS MUST COME TO THAT CONCLUSION.

It is not the telling of a single case in Bellefonte but scores of citizens testify. Endorsement by people you know bears the stamp of truth. The following is one of the public statements made in this lo-cality about Doan's Kidney Pills.

cality about Doan's Kidney Pills.

Geo. Gross of Valentine street says: "In the summer of 1895 I used Doan's Kidney Pills for backache, procuring them from the Bush Block drug store. Accompanying the pains in my back was an annoyance from the kidney secretions. Doan's Kidneys Pill cured me after I had been troubled for years I thought I was going to have backache again but two years atterward I went fishing, got soaked through and this ended in affecting my back. I again resorted to my old cure Doan's Kidney Pills and they did me good immediately although in the meantime I had taken other remedies but without obtain-relief. I can as conscientiously recommend Doan's Kidney Pills now as I did formerly for backache or kidney trouble.

WHAT IS LIFE?—In the last analysis nobody knows, but we do know that it is under strict law. Abuse the law even slightly, pain results. Irregular living means derangement of the organs, result-ing in Constipation, Headache or Liver trouble. Dr. King's New Life Pills quickly re-adjust this. It's gentle, yet thorough.
