An American Killed.

Vice Consul at Beirut Assassinated While in a Carriage. Demand Upon Turkey for the Immediate Arrest and Punishment of Persons Guilty of the Murder of W. C. Magelssen.

The state department has received a cablegram from Minister Leishman, at Constantinople, announcing that William C. Magelssen, United States vice consul at Beirut, was assassinated last Thursday while riding in a carriage. The American minister immediately brought the crime to the attention of the government and demanded action by Turkey. Acting Secretary Loomis cabled Minister Leishman instructing him to demand the immediate arrest and punishment of the persons guilty of the murder. No demand for money indemnity for the man's family has yet been made, but that probably will follow. Magelssen was a native and was appointed from Minnesota.

Admiral Cotton, commanding the European squadron, has been cabled by the navy department to have his vessels in readiness to move to Beirut, which is on the eastern shore of the Mediterranean sea in case the demands of the United States government upon the Turkish government are not complied with. The Brooklyn and the San Francisco are at Villefranche and the Machias is at Genoa. Magelssen, who is a Scandinavian, was appointed vice consul at Beirut, September 20th, 1899, by Consul Eie Ravudal, who is of the same nationality. At the time of his appointment as vice consul he was a consular clerk at Turkey. Magelssen was appointed on the recommendation of Senator Nelson, of Minnesota, who says that he was the son of a prominent Lutheran minister. He was born a Bratsberg, Filmore county, Minn. Minister Leishman's cablegram was dated last Wednesday, and stated that the assassination occurred last Sunday the minister being informed of the crime by Consul Ravudal. The consul stated that the murderer was not seen, and is not known.

The state department forwarded Minister Leishman's despatch to the president at Oyster Bay, and is now in communication with him on the subject.

Later it has developed that Magelssen was shot at but not killed.

Quay had to Pay His Fare.

For First Time in 35 Years Conductor Refused to Pass Him.

When Senator Quay visited Governor Pennypacker over Sunday he rode as far as Perkiomen Junction on his annual pass over the Philadelphia & Reading railway. There the party transferred to the Perkiomen Valley railroad, which spans the distance from the junction to Schwenksville. "Tickets," said the conductor on the Perkiomen Valley, "The senator selected the Reading pastebord from his file of passes.

"No good on this road," said the conductor. "There was a principle involved, and the senator strove for it."

"Reading passes don't go on the Perkiomen Valley," said the conductor. "You'll have to pay your fare."

"What if I refuse?" said the senator. "The walking is good," replied the conductor.

The senator paid. When he came back to town, having paid railroad fare, it is said, for the first time in thirty-five years, he halted at the Reading offices. The Perkiomen Valley line is leased by the Reading.

PAINS IN THE BACK

Are symptoms of a weak, torpid or stagnant condition of the kidneys or liver, and are a warning that it is extremely hazardous to neglect, so important is a healthy action of these organs.

They are commonly attended by loss of energy, lack of courage, and sometimes by gloomy foreboding and despondency.

"I had pains in my back, could not sleep when I got up in the morning felt worse than the night before. I began taking Hood's Sarsaparilla and now I can sleep and get up feeling rested and able to do my work. I attribute my cure entirely to Hood's Sarsaparilla." Mrs. J. N. PERRY, care H. S. Copeland, Pike Road, Ala.

TRUSTS GOING OUT OF BUSINESS

That is a head-line you don't see in the new columns of this paper. The trusts are not breaking up into the smaller concerns that were merged into them. The trusts are the greatest labor-saving invention yet made, and they will stay till they can be replaced by something better.

There is only one trouble with the trusts. They enable men to produce more wealth with less waste of energy than was ever possible before but they take most of the wealth away from those who do the work and give it to those who do the owning of stocks and bonds.

Suppose that we who work for a living should decide to do the owning ourselves, and to run the trusts for the benefit of all.
