TRUSTS GOING OUT OF BUSINESS

That is a head-line you don't see in the news columns of this paper. The trusts are not breaking up into the smaller concerns that were merged into them.

There is only one trouble with the trusts. They enable men to produce more wealth with less waste of energy than was ever possible before but they take most of the wealth away from those who do the work and give it to those who do the owning of stocks and bonds.

Suppose that we who work for a living should decide to do the owning ourselves, and to run the trusts for the benefit of all.

THAT WOULD BE SOCIALISM.
