Full of nonsensical nothings, new songs and specialties is "Down and Up," the farce comedy which the Hickman Bros. will present at Garman's tonight.

Frank Clemson bought nine colts at the sale of Kentucky horses at Centre Hall last week. They are all spring colts and he paid for \$16 to \$56 for them.

A protracted meeting will begin in the Unionville M. E. church Saturday evening, Nov. 14th. Rev. Wharton has secured an Evangelist to assist in the meetings.

W. H. Taylor and Charles Eckenroth attended the reunion of the 49th P. V. Inf at Lewistown last week. Mr. Taylor is president of the regimental reunion association.

Two large sheds on the farm of A. G. Morris, in Sinking Valley, were destroyed by fire last Friday. They contained a large quantity of hay, grain and implements.

The large barn on the farm occupied by Christ Holter, two miles north of Howard, was destroyed by fire, on Tuesday, together with all its contents and two head of cattle.

The annual State-Dickinson game will be played in Williamsport on Saturday, November 14th. The State rooters expect to go down on a special train and will have the cadet band with them.

A big mountain fire that was raging along the Alleghenies near Port Matilda on Saturday was tackled on Sunday by about twenty men who worked from morning till dark, without stopping to eat, before they had it finally conquered.

Home mission services will be held in St. John's Reformed church next Sunday morning. The Sunday school and congregation will unite in one service. An impressive part of the service will be the baptism of a large number of infants.

Rev. A. Davidson, the new pastor of the United Brethren church in this place, met with an accident that resulted in a broken wrist on Saturday morning. He fell down a short flight of steps leading from the bath room of the parsonage on West High street.

The ladies of the Presbyterian church will hold a bazaar in the chapel on Spring street during the 1st week of December. Great preparations are being made to have a number of small articles suitable for Christmas gifts which will be sold at reasonable prices.

Alfred Bostorf, a lad of about 16 years, was brought to the hospital from Scotia, on Saturday evening, suffering with appendicitis. He was operated for it on Sunday and is recovering nicely. Appendicitis seems to be a very popular trouble about Scotia and Stormstown.

Miss Sadie Fry, of Shingletown, who had been in several Philadelphia hospitals previously, submitted to an exploratory operation in the hospital here on Saturday and it was found that her appendix was all tangled up, so it was removed. Since the operation she has been doing very nicely and it is hoped that the relief will be permanent.

The Bellefonte Academy football team went to Bellwood on Saturday and succeeded in administering the first defeat that team has suffered in four years. The game was beautifully contested and was clean and free from scrapping from start to the finish when the Academicians were victors by the slight margin of 2 to 0. On Saturday, Nov. 21st, the Bellwood team will play a return game on the fair grounds here and our boys say they are going to do their best in the endeavor to give the visitors the same kindly and courteous treatment they received while in Bellwood.

Miss Martha Dunkle, who for more than three years has been connected with this office in the capacity of compositor and feeder and who is as efficient, reliable and pleasant an employee as we have ever had, has quit us and gone back to Hubersburg. Her ostensible reason was that her mother, Mrs. J. T. Dunkle, needed her on the farm, but we have good reasons for believing that she is soon going into a partnership of her own. If she does the other member of the firm is to be congratulated for there are not many Martha Dunkles in any community and she is perfectly capable of gracing any position.

COUNCIL IN SESSION.—The regular meeting of council, Monday evening, found everyone present but president Cunningham and Mr. Mallory, the member from the South ward. In the absence of the former Dr. Kirk was elected to preside over the body.

The Misses Miller, who live in the Cridler building over the race, appeared and asked for a reduction in their water tax; the assessment being in error it was granted.

The solicitor submitted the new ordinance book and also an opinion advising council to adopt permanent grades for the streets and sidewalks of the borough at once and have the same entered in a street record book. In this direction council voted to have grades made for High, Allegheny and Linn streets at once and have them recorded and hereafter when a pavement grade is asked for on any other street the entire street will be graded.

Burgess Walker reported the collection of \$23.35 in fines and licenses and clerk Shaughnessy reported the collection of \$2.30 market fees.

The Finance committee reported showed a small balance in the borough treasury a deficit of about \$4,700 in the water fund. It was decided to lift the two remaining outstanding notes of the borough held by Mr. C. T. Gerberich and which were intended to be taken up with the proceeds of the recent special bond issue. There being a deficit of about \$900 between the balance in the special bond account and the amount of the two outstanding notes council voted to make it good from the borough account and lift the notes.

The Street committee reported the Water street wall nearly finished and after considering all bids for a pavement along same recommended that the offer of Mr. Thompson, of Clearfield, to lay a concrete walk, be accepted. The present council has gotten down to such admirable work that we hesitate to criticize its action, yet we fear that the practical side of this question is being overlooked. It must be granted that the concrete pavement would make the finer looking walk to cap off the fine job that has been done on Water street, but would it be the most lasting? The taxpayers only sanction the big outlay of money for this improvement because they believe it to be a permanent one and to have it finished with a concrete pavement that is liable to be opened up by frost that will get under it through the open wall appears like a lack of practicability. Why not put down a good, thick stone pavement that will last forever. It will cost only a hundred dollars more than the concrete that is really guaranteed for only a year. Suppose a flood comes along some spring, two or three years hence, and tears out a section of the new wall that is weak, the concrete pavement will be wrecked and all the original expense of laying will have to be paid over. Whereas, with a stone pavement, the stones will still be on the ground when the waters have subsided and can be relaid at trifling cost. Think well of this matter Mr. Councilmen, before you act finally.

Under the head of the report of the Water committee chairman Fenlon presented an estimate of expenses until April 1st, 1904, as well as of the income of that department and suggested that all users by meter be charged a flat rate of 6ct per thousand gallons and the assessment be made at the rate of 70 cent of the schedule adopted some years ago by council. Mr. Fenlon said that it was the hope of the Water committee that after April 1st, next, there would be no more contracts in town, that there would be but two classes of consumers: Those by meter and those under the general schedule. The meters to cover all motors, elevators, manufacturers etc., the schedule affecting only consumers for domestic purposes. Council discussed the recommendation, then laid it on the table.

In the matter of the street lighting contract the committee was instructed to draw up a contract with the Bellefonte Electric Co., and submit it to council for approval. The company offers to give the borough all-night arc lights at \$72 per year, instead of \$80 as by the old contract.

The following bills were approved and the body adjourned.

Table with 2 columns: Item and Amount. Includes W. T. Kelly (\$12.00), Water street, wall pay roll (238.00), Police pay roll (51.50), P. B. R. Co. freight (2.00), Thos. Shaughnessy (1.00), T. L. Bullock (4.35), Street pay roll (81.43), Water works pay roll (149.50), Phoenix station (27.00), John Noll (86.25), H. Muelles Mfg. Co. (11.45), P. B. R. (68), Adams Express Co. (90), Thos. Beaver (9.44), J. L. Montgomery, coal for water works (83.27).

THE SCALE WORKS A THING OF THE PAST.—Last week we made mention of the closing up of the Standard scale works here, preparatory to moving to their new location at Beaver Falls.

The work of removal is about completed now and when the last of the plant is gone it will have required twenty five freight cars to transport what was hauled to the deserted location in one day way only a few years ago. The scale works were a very desirable acquisition to the town's industries, as they employed from eighty to ninety men and boys and rarely ever had a shut down.

Most of the men have left for Beaver Falls. The company paid their transportation and will assist in getting them located in their new homes. Of course there are some of the men who would not go, among them being foreman Ed Cunningham and the foundry and J. M. Cunningham of the packing department.

"Down and Up" is the name of a musical farce that comes to Garman's tonight.

John B. Long, of Phillipsburg, who is well known in this section, was called to Canada last week on account of the death of his eldest brother.

Clinton county gave a small majority for the Republican state ticket but W. A. Snyder, the Democratic nominee for Register and Recorder, the only important county office voted for won by a majority of 350.

William Crooks, a former resident of Phillipsburg, was killed in a mine accident at Patton on Friday. He leaves six children and a widow, who was Margaret Devine, of Phillipsburg, before her marriage.

It was a sad coincidence that the first message Daniel Rickard received over a new telephone he had placed in his residence at Colyer last week, was the announcement of the death of his employer, Mr. Colyer.

John McCaslin, a boy of eighteen years, was badly hurt at the Gatesburg mines on Friday and was brought to the hospital here suffering with a compound dislocation of the ankle joint. The tibia was pushed through three inches.

Alva M. Cupp, of Tyrone, and Clara Rebecca Rosman of this place, were married last Tuesday evening at the home of Frederick Hicks, in Tyrone. The ceremony was performed by the Rev. Isaac Heckman and there were fifty guests present.

Since its institution Centre council, Royal Arcanum, of Phillipsburg, has paid \$57,000 in death benefits to people of that community. The last one was \$3,000 to Mrs. A. J. Graham and it is noteworthy that in just two weeks after her husband's death she was handed a check for the full amount of his benefit.

The Western Star jubilee singers, seven in number, will appear in Petriken hall, on Monday night, November 9th and if you enjoy the good old darkey melodies, as well as the more modern music, here is an opportunity for you. The prices will be only 15, 25 and 35 cts.

Miss Sue L. Dickson, a Tyrone young woman who teaches the Mt. Vernon school near Gardner station on the Clearfield branch, in this county, came face to face with a big black bear while walking to her boarding house recently. Bruin was lying in the road and was as much frightened by the unexpected appearance of the young lady as she was by his.

Mrs. Matilda C. Barry, formerly of this place, but now of Harrisburg, has sent out cards announcing her marriage to Mr. George W. Eppers, of Harrisburg. The marriage took place in the M. E. parsonage at Carlisle, on Wednesday, October 28th, with Dr. W. P. Shriner officiating. Mr. and Mrs. Eppers will be at home after Nov. 20th, at 1600, Hunter street, Harrisburg.

Mr. and Mrs. W. E. Kepler, 639 north Fulton avenue, Baltimore, announce the engagement of their daughter, Miss Lena M. Kepler, to W. B. Rerick, of Niagara Falls. The wedding will take place in the early part of February. Miss Kepler has recently visited here and has many acquaintances. Mr. Rerick is a son of L. C. Rerick, the well known Benner township farmer.

At about 5 o'clock Monday evening the most costly freight wreck that has occurred near Tyrone for years blocked the main line at the Tyrone Forges. An east bound train ran into the rear of another train east bound that had broken. The engine and twelve cars were demolished. Almost immediately following this smashup an extra west bound freight piled into the wreckage, adding another engine and eight more cars to it. While no lives were lost the amount of property destroyed was very great as all of the cars contained valuable freight.

An advertisement that appears in another column of this issue sets forth that on January 1st, 1904, the Blubaker Coal Co. will redeem two hundred and forty of its interest bearing bonds, at the office of the Pennsylvania Trust Co. in Reading. It is a matter of interest to some people of this community who hold bonds of the company, as well as to the general public because of the indication that the Blubaker Co., of which Col. J. L. Spangler is president, is flourishing like that proverbial green bay tree.

The seventh annual convention of the Young Men's Christian association of the fourth district, comprising the local, railroad, volunteer, college and school associations in the counties of Potter, Tioga, Clinton, Lycoming, Centre, Union, Snyder, Montour, Columbia, and portions of Clearfield and Northumberland counties, will be held at Bloomsburg, November 6th to 8th. An interesting and profitable program has been arranged, and all delegates will be entertained free in the homes of the Bloomsburg people. The session will open Friday afternoon at 3.30, and that evening at 6 o'clock the ladies auxiliary will serve supper to the delegates.

QUARANTINE TO BE LIFTED AT OAK HALL.—The period of infection having passed the State Board of Health will send an officer to Oak Hall today to lift the quarantine that was ordered against that place when the small pox was discovered there. The Knopf and Bible homes will be thoroughly disinfected and the schools, that have been closed for several weeks, will be reopened on Monday.

THE NEW SUPERINTENDENT OF THE TYRONE DIVISION.—The retirement of Supt. S. S. Blair, of the Tyrone division of the P. R. R., took effect on Sunday and his successor, J. K. Johnson, formerly principal assistant engineer of the Pennsylvania railroad, with headquarters at Altoona, assumed the duties of his new office.

The change was void of any formality other than the presentation of a magnificent silver loving cup to Mr. Blair by the employees of the division. His retirement removes one of the last of "the old time" superintendents, as nowadays the rule is to appoint none but graduate engineers to such positions. However it is well known that Mr. Blair combined a rare knowledge of railroading with a splendid executive ability and his management of the division was always such as to make it most profitable to the company.

The new superintendent is known to some of the older rail-road men about Bellefonte who say that he will make a very capable, progressive head for the division. Just prior to his appointment he had been up in New Brunswick on a hunting expedition. Leaving Altoona on Oct. 11th it took five days of constant travel to reach their final destination. When they reached the camp in the mountain they found about two and a half feet of snow, and the forest was very heavily timbered. After some time in the camp they captured two very large moose, each weighing about 900 pounds, and two caribou, weighing about 450 pounds each. The climate was delightful and, after spending a very pleasant time enjoying the life of a hunter, they returned to their home on Friday.

ACCIDENTALLY SHOT AND KILLED.—John Hasson, aged 18 years, met with a peculiar accident in Phillipsburg on Saturday morning from the effects of which he died two hours later.

He and a younger brother, Fred, were shingling a roof on an out house for the Hon. P. E. Womelsdorf. The latter's little son and two companions, Howard Rowland and Ed. Tate, were up on the roof shooting with a target rifle at objects down in the garden. After all of them had shot several times the empty gun was handed to Ed. Tate, who reloaded it and just as he was about to shoot he slipped and fell. In doing so the gun dropped from his hands and struck the roof in such a way as to discharge it. The bullet struck the elder Hasson, penetrating his stomach. He fell over on his side and was only prevented from rolling off the roof by his brother Fred, who caught him and held him until aid could be summoned.

The injured boy was carried into the Womelsdorf home where everything possible was done for him, but his injury was such that his case was hopeless.

He was the son of Mr. and Mrs. Pool Hasson and was a very industrious boy who will be greatly missed by his parents, to whom he was of much service.

TWO FINE HOSPITAL BENEFITS.—The result of the chicken and waffle supper which the ladies of Stormstown and vicinity held, last Friday night, for the benefit of the Bellefonte hospital more than fulfilled expectations. In addition to a check for \$40 in cash, which the hospital authorities have already received, they have sent three large boxes of canned fruits, jellies, butter, sugar, etc., and a barrel of apples. This is one of the nicest donations the hospital has received since its opening and the people of Stormstown and vicinity are to be commended for the good work they have done for a good cause.

The ladies of Centre Hall, where they have an auxiliary, have just sent over two dozen silver tea spoons, with the "Bellefonte Hospital" engraved thereon, one dozen napkins, two tray covers and five yards of muslin. This was an especially acceptable gift as it fills a great want and is of articles that the hospital would not be likely to receive from any source not thoroughly acquainted with its needs.

THE WAGON KILLED HIM.—On Wednesday last week James Mowery, a son of Samuel Mowery, of Feldler, was hauling lumber from Kelster's mill along Pine Creek. In some way or other he was thrown from the wagon and the front wheel ran over him. Before the hind wheel reached his body he crawled out and was able to stop the team. Then he walked to the home of W. H. Steffen, near by, where he collapsed while telling of his accident.

Dr. Musser was hurriedly called and found him suffering with serious internal injuries from which he died Thursday morning.

The young man was 17 years, 7 months and 5 days old. Funeral services were held on Sunday and interment was made at Woodward.

Miss Rose Campbell, a former resident of Osceola, died in Philadelphia last week and her remains were taken to her old home for burial.

TALK OF THE LINGLE FOUNDRY.—For the past few days there has been a rumor on the street to the effect that the Lingle foundry and machine shops, now located here, would be removed to York.

When seen on the street Wednesday evening and asked for authority to contradict the rumor Mr. J. H. Lingle said: "Yes, you may deny that we are going to move to York."

Realizing that this denial was only an evasion he was asked if it was the intention to move their industry to any other place, whereupon he replied again: "Well, we have two very nice propositions, but they are not to go to York."

James Hughes, of Bellefonte, who made a very pleasing address. The occasion was a most delightful one and will long be happily remembered.

Only a few more days will the people of this vicinity have the opportunity of purchasing the fine oriental rugs and draperies which Mr. Elias J. Nehme is showing in the room formerly occupied by Rees' grocery, next door to Parrish's drug store. Mr. Nehme is disposing of his entire stock preparatory to going abroad to settle up some family business and he has always felt so kindly toward his many Bellefonte patrons that he came here direct from Washington, D. C., that they might have a chance at the great bargains he is offering. He will tarry only a few days longer.

FINE SINGING.—The Rev. George E. Guild, of Providence Presbyterian church, Soranton, in writing of the Western Star jubilee singers says:

The evening of the concert the rendering of the southern melodies and the mandolin and guitar playing delighted us greatly. You are a young group of singers left with us most pleasant memories, and when you come into this region again, we hope to 'book' you for a concert."

They will appear in Petriken hall Monday evening, November 9th.
