> HOLD-UPS BECOMING FREQUENT.-It is not often that high-waymen or foot-pads attempt to ply their villainous profession in this vicinity, but during the past week two attempted hold-ups have been reported

to the police. Both of them occurred along the road leading past the base-ball grounds near "Collins Row," on the way to Coleville. Alf Smith and John Rote were going home when they were told to stop by two large colored men. They didn't stop, however, and were given a good hot chase to William Fore's home where they stopped and told their story. While there John Kreps, a night fireman at the electric light works, came along on his way to work. He had no sooner said this than the other three open- vigor as to get around again. On Monday she

STUNNED BY LIGHTNING .- During the heavy storm that passed over the Buffalo Run valley Wednesday of last week Henry Norris and Miles Mattern were both badly shocked by a bolt of lightning. They were hurrying to a stable to seek shelter from the storm when, just as they reached it, there was a blinding flash. The bolt struck the stable, ran down a post and jumped out into the middle of the road, where it seemed to make a pool of fire as large as a tub. Then an explosion followed that scattered the fire in all directions.

The men being scarcely eight feet away were badly stunned and their horses were knocked down.

On the 1st, lightning struck George E. Rider's new barn at Gatesburg, but little damage was done.

The farm house on the Frank McFarlane farm at the Branch was struck one day last week. Part of the roof was torn off, the gable end damaged some, a little plastering ripped off, and the family of Dice Thomas, the occupants, badly shaken up, but not injured.
