A LETTER TO THE WOMEN OF CENTRE COUNTY .-- It is just two months until the Centre County fair will open, and as the women in charge of the women's exhibiting department are very anxious to make it a success, we ask through the courtesy of this paper, that the women of the county show their interest by preparing articles for exhibition.

This is the time of year for preserving, canning, pickling, and drying fruits. Will you kindly set aside specimens of your best work, and send them to the fair in October. The needle work department always arouses much interest and we are very desirous of having a larger number of articles in all kinds of embroidery, plain sewing, lace work, knitting, crochet work, quilting, bead and basket work, etc., which will be examples of the beautiful work that our women through the county have done and are doing.

Last year great enthusiasm and interest were shown by the children in their department, and we wish to arouse their ambition by encouraging them to offer their work for preminms.

Will you not only do your part by sending exhibits, but help on the fair by interesting your friends and neighbors also. CHAIRMAN WOMEN'S DEPARTMENT.

> LUTHER LEAGUE CONVENTION .- The eighth annual convention of the Central District Luther League, including the counties of Centre, Clinton and Union, was held in the Lutheran church, Centre Hall, last week. At the opening session Monday evening the principal speaker was Rev. C. L. McConnell, of Mifflinburg. His subject was "The Lutheran Church and Her Young People." In the absence of Rev. J. I. Stonecypher, at the Tuesday morning's session, the topic, "Wherein does the success of the young people's societies consist ?" was discussed by Rev. McConnell. The second topic discussed was "How can prayer be introduced into young people's societies." The first speaker was Rev. B. B. Uhl, of Salona, who rightly contended that when the Lutheran is properly catechized he is taugh to pray. Dr. Hasskarl devoted some time to point-

ing out the ridiculous features of prayers made by those termed "the good, praying brother."

"The proper place and work for women in our young people's societies" was the topic ably discussed by Dr. G. C. H. Hasskarl, of Loganton. He defined the position of the Lutheran church on the subject by saying that a woman is permitted to perform all functions delegated to the male except to fill the office of the ministry and dispense the sacraments.

The place selected for next year's convention is Rebersburg. The present chairman, Rev. D. E. Rupley, of Lock Haven,

HAYES RUN FIRE BRICK COMPANY. -The Hayes Run Fire Brick company's works, situated about one mile east of Haves Run station, on the Beech Creek division of the N. Y. C. & H. R. railroad. will be ready for operation about the first of September. Ellis L. Orvis, esq., of this place, W. I. Harvey, of Flemington, and T. M. Stevenson, esq., Lock Haven, are the leading spirits in the enterprise. The company has an abundance of excellent fire clay and a vein of coal sufficient to supply the works for a long series of years on their own lands adjoining their works. The mines are opened within three miles of the works. A tram road is built from the mines to the head of an incline plane, which is about 700 feet long and which conveys the clay and the coal right into the works. The main building of the plant is 70x212 feet and is perhaps the best constructed building for the purpose in all this section. The mill house is a building 50x60 feet and arranged to accommodate two grinding pans and a press. The engine house is 38x42 feet and contains 175 horse power engine and three boilers. They have also erected an office, a large board-

ing house and two dwelling houses. The machinery is now all on the ground and being rapidly placed. The capacity of the plant will be 35,000 bricks a day.

BELLEFONTE FURNACE TO BE REPAIR-ED.-The WATCHMAN has been reliably informed that work will soon be begun to put the Bellefonte furnace into repair preparatory to an early resumption. The officials are now about closing the contract for the brick with which to reline the plant. and it is probable that work on tearing the old lining out will be commenced early next week. Once begun the repairs will be pushed as rapidly as possible. Mr. Frank Bassett, of Sparrows Point, Md., is here at the request of Supt. J. W. Gephart in consultation in regard to the work to be done.

-Miss Elizabeth Weaver, of Roland, who is her father's right hand man-not only at home but in business, was in town on Wednesday looking after his affairs. Col. Weaver is prostrated with lumbago. He was in town two weeks ago and the ride was evidently too much for him as he has been in bed ever since and his daughter was in quest of delicacies to tempt his appetite.

-Rev. C. T. Aiken, of Pine Grove Mills, was Bellefonte visitor on Tuesday and the way he rushed around led one to believe him the busiest nan in town. Rev. Aiken had been to Lock Haven buying a pony for his young son and when

this far on his journey home, the animal had a severe spell of nose-pleed, and we have not yet earned if the Reverend got the pony home all right.

-Mrs. James H. Stott, her daughter, Mrs. oseph Frantz, and the latter's little daughter Elizabeth, are visiting at the W. R. Jenkins' home on High street. They came up from Harome would benefit Mrs. Frantz, who is just recovering from appendicitis, and she is so much better that they will prolong their stay for several weeks.

-Dr. John Henderson, of Buffalo Run, wh recently graduated from the Baltimore Medical College, has accepted a position as resident physician in the Boston City hospital, Boston, Mass., and departed Tuesday afternoon to take charge of his work. If Dr. Henderson proves as suc cessful in his practice, and we have no doubt he will, as he is popular socially, he will become one of the leading M. D's of the future.

-Engineer James Pickle dropped in yesterday afternoon for a little call and, like Jim's visits usually are, it meant another whole year ahead for him. He is the whole train crew on the littl engine that hauls the stone cars at the American Co's. McCalmont quarries and if you think he doesn't run more than a few miles a day you would have to change your mind if you went down there and saw him flying about between Nos. 1, 2, and 3.

-Mr. and Mrs. Samuel J. Taylor, who had a extension to their wedding trip on account of the encampment at Gettysburg, as Sam is treasurer of Company B, and who have been enjoying a short visit at the homes of their parents, Mr and Mrs. W. H. Taylor and Mr. and Mrs. J. M.

Lieb, departed Monday evening for New York City. They have leased a house at New Rochelle but intend eventually to build a home in that district.

-Miss Elizabeth Bowman, who has been visit ing her mother's aunt, Mrs. Amos Mullen, of Bishop street, for some weeks, went to Johnstown on Saturday for the balance of her vacation Miss Bowman; taught in York last winter and goes back to her position in September, but she is from Spring Grove and that explains her re freshing enthusiasm. Spring Grove is a little paradise where they have neither church debt nor saloons, paupers nor labor troubles and where one rich man keeps the Y.M.C.A. and every deserving enterprise on top.

-Clarence Hamilton is home on his vacation Tom, who had been here for some weeks, return ed to New York City on Monday. Heretofor they have always been home together, but this they have always been home together, but this summer the latter was ordered to the country by the physician of the insurance company with which he is employed, thus necessitating a separation—the first they have had in seven years. C., were all guests at the Hamil-ton home the fore part of the week. mitted to jail for trial.

- The great pleasure event of this week will be the Logan picnic at Hecla park today. If you hadn't thought of going, just change your mind and run down for a few hours with the firemen. They are the fellows who don't forget you when you are in distress, and bear in mind that the kind of an affair they are asking you to join in is a very much more pleasant job than the kind you sometimes expect them to undertake.

-The Clearfield county centennial last week proved a very successful celebration. It is estimated that during the four days of festivities not less than fifty thousand people were present to witness the exercises and participate in the merrymaking. Tuesday the "pioneers" held risburg last week, hoping that a visit at their old full sway, Wednesday was soldiers' day, Thursday the farmers and industries were represented and on Friday the town was given over to the firemen.
