

Republicans Out for Parker.

Two West Virginia Candidates Join Ranks of the Democrats. One of the Founders of Republican Party Opposes Roosevelt and Imperialism.

PARKERSBURG, W. Va., Aug. 7.—Asbury Harsons, of Ripley, Republican nominee for Judge of the circuit court of the Fifth district, has declared in favor of Parker and Davis. He was a Democrat until about four years ago, when he became a Republican.

GRONON, Mass., Aug. 7.—George S. Boutwell, one of the founders of the Republican party, Secretary of the Treasury under Grant, Governor of his State, United States Senator and a Representative in Congress, is for Judge Parker for President.

Will Attack Liao Yang.

Japs Continuing Preparations for Flanking Movement.—10,000 Chinese Among Them.

St. Petersburg, Aug. 10.—Although Lieutenant General Sakharoff reports that there is no change in the situation around Liao Yang, it is evident from the special dispatches from Liao Yang and Sintsintin that the Japanese are continuing their preparations for a flanking movement, which may possibly alter the nature of the expected engagement at Liao Yang, and which may also further delay the crucial development.

The concentration of a strong Japanese force at Siamatsze indicates an intention to press forward towards Mukden, and if possible to cut the communications and prevent General Kuropatkin from retreating northward.

A column marching from Newchwang, with the evident intention of flanking Liao Yang from the westward, included 10,000 Chinese from the Island of Formosa, who are Japanese subjects.

The Associated Press correspondent at Liao Yang points out the alarming character of this development, and fears that the example may prove contagious. If the local Chinese are induced to join the Japanese it will be impossible to distinguish the Formosan and Manchurian Chinese.

There is considerable anxiety regarding the presence of General Tuan Shi Kai, commander-in-chief of the Chinese forces, and General Ma, with strong forces of troops in the north, lest should a convenient opportunity present itself they would be tempted to overstep the bounds of neutrality.

Although it now seems improbable that anything can prevent a Japanese attack on Liao Yang, in view of the prevalence of heavy rains, hope is expressed there that the elements may again prove to be Russian allies, just as they did in 1912.

There is an unconfirmed rumor that Lieutenant General Linvitch is bringing large forces to Mukden to reinforce General Kuropatkin.

Russians Attack Kuroki's Right. General Kuroki's Headquarters in the Field, Aug. 9, via Pusan, Aug. 10.—Unofficial reports were current yesterday that a large force of Russians were advancing to attack the Japanese right.

Two days of hard rains have followed a fortnight of severe heat. The Japanese losses in the fighting of August 1 were 990.

Japs Using the Railroad. Mukden, Aug. 10.—The Japanese are using the Shanhai-Kwang-Yinkow railroad for provisioning the army and mobilizing troops for an attack on Sinsintun, 30 miles west of Mukden.

Kuropatkin is Ready. Liao Yang, Aug. 10.—General Kuropatkin is ready to defeat the Japanese plan for cutting off Liao Yang.

The harvest home picnic last Saturday well attended. The Tyrone and Stormtown teams crossed bats, playing a good game, that scored 1 to 2 in favor of Tyrone.

Frank Brandt and family, of Altoona, are enjoying a few days at the home of Mrs. Brandt's father, Benjamin Hoy. It seems that some of the people of Oak Hall are very anxious to use their Winchester, for as two men were passing through the outer part of the town early Monday morning they were startled to hear a shot and have the ball plow up the dust right at their feet. Excitable people should not have such dangerous fire arms around their homes, if they do not know how to use them.

While Clayton Etters and men were widening the race channel below his mill last week they dug up an old hammer, about three inches square and six inches long, with the following inscription thereon: "No. 2169, S. Fine, J. S. Irvin." So it seems that it was not less than fifty years since same was lost, for about that time James Irvin operated a grist mill at the same stand and by the look of the find it was heated and in that way the flour barrels were marked.
