BUSINESS MEN'S PICNIC.-Not a more delightful day for an out-door gathering known sportsman, has decided to go into could have been had than that of last Thursday for the big business men's pionic of Centre and Clinton counties. Not only was the weather perfect but the railroad facilities for handling the large crowd could not have been better. It is estimated that fully eight thousand people were present during the day, and there was enough of entertainment and amusement to satisfy all. The number of tickets sold by the Central railroad company was 5,299. The number of people carried, 5,578. At the Bellefonte station 2,166 tickets were sold and 1,723 at Mill Hall. During the day inspiring music was furnished by Coleville and Loganton bands. In the afternoon and evening Christy Smith's orchestra, of this place, and the Germania orchestra, of Lock Haven, furnished the music for the dancers in the large pavilion. The chief features of which to repaint their church and cleared the day however were the inter-county team shoot, the game of ball between the -Mose Montgomery went down to Sunbury and Milton teams and the free minstrel show.

The trap shooting contest for a double barrelled shot gun, of the "Stevens" make. was engaged in by members of the Lock Haven Gun club and a picked team from Centre county. The Centre county team were H. C. Quigley, Bellefonte; George Uzzle, James Uzzle, David Chambers, C. H. Watson, Snow Shoe, and William Zimmerman, of near Zion. The Lock Haven club were George Shade, Charles Kidd, Charles Jobson, Thomas McClellan, Harry Shroat and George Monaghan. Philip S. Kift, of Lock Haven, was referee. The gun was won by Centre county by 14

-Last Friday George H. Knisely, with his wife and children and Miss Pear Knisely and Miss Blanche Shaughensey, packed up bag and baggage and went up Spring creek to the forked springs where they pitched tents for a week's camping out. Hardly had they got settled for their outing when the heavy rain of last Friday evening began to nour down, continuing through the night and part of Saturday, so that the first forty-eight hours of their abode in tents were most anything else but pleasant. However, the weather since has been delightful enough to make up for the unpleasantness in the begin-

-Howard is certainly one of the boom ing towns in the county. In addition to the creamery and other older-established small industries, as well as the new canning factory only recently put in operation, they are now agitating the building of a \$50,000 brick plant to employ one ing countenance, that the old town still occupies hundred persons. The proposition is to huild the plant on the site of the old furace. The clay is to be taken from the mountains less than a mile south of the town, where investigation has shown a good deposit, and to be conveyed to the works on a narrow guage road. The entire capital for the building of the plant is to he furnished by the citizens of Howard, and this is what makes the project seem likely of realization, as whatever the people down there undertake to do they do.

-Mackeyville, Clinton county, now comes to the front with a young woman in the person of Miss Pearl Henry, who is receiving considerable notoriety from baving ascended one of the high chimneys of the new power house at Sayre. Speaking of the woman's daring the Sayre Times says: "Miss Henry is a niece of Dr. La-Plant and has been spending the summer at his home on Lehigh avenue. The fire started at 2.40 o'clock in the morning, at a time when there had been no fire in the building for more than twenty-four hours, and in less than a half hour the plant was reduced to a heap of smouldering ashes. The loss is placed at \$1,500, on which there was no insurance. This is the third time the Howard plant has been destroyed by fire, the last time previous to this being last April. -Mrs: Clevan Dinges returned on Tuesday from a two months visit in Williamsport. Some times a few years residence of married life does not leave memories of pleasure sufficient to induce the frequent and extended visits such as Mrs: Dinges makes, but it would be more sur prising did she not care for Williamsport since her home there was such a happy, attractive one, ciated with so many delightful friends and was the scene of her husband's successes unhap pily cut short, while but beginning, by his un timely death.

-If Col. Chambers does not win his side in the murder case it will be poor consolation for having given up the trip to the St. Louis Exposition and it was more than an ordinary trip too, for it meant the special train and accompaniments of the Governor's staff and party. Rumberger, of Phllipsburg. I would be hard to find a quartet of more aggres sive and persistent Democrats than these gent le men make and they all seemed enthusiastic over the prospects for the fall's campaign.

-J. H. Griffin, the veteran merchant and Democrat from Stormstown, was in Bellefont during the fore part of the week attending t some business affairs and getting a little line of county politics. By the way, Mr. Griffin has two sons who struck out for themselves some year ago and their honesty and strictiveness—if there is such a word-has brought its reward, for today they are among the leading clothiers of Tyrone

-Mr. and Mrs. Wilson I. Fleming started or Tuesday afternoon, on what will doubtless prove the most delightful trip of their lives. The grand onclave of Knights Templar of the United State will meet in San Francisco and as Grand Com mander of the grand commandery of Pennsy vania, Mr. Fleming will occupy the exalted potion as head of the great body of Knights o Pennsylvania. While away they expect to make a tour of the coast and visit points en route. -The fact that we stated two months ago that

Prof. Jas. P. Hughes would spend the st

with his brother in Castlewood, South Dakots il lustrates only that we are two months ahea with our news and not that'we are not reliable, as is so often laid to the credit of newspaper info m ation. Mr. Hughes had planned the lightful trip already outlined in the WATCHMAN but before it could be carried into execution fire destroyed the Academy, which entailed so much anlooked for work and responsibility that only this week could he start on his western trip. We hope the delay will have but added zest to his en joyment of the many pleasures awaiting him in the northwest country. Seldom can a con sidered a fortunate circumstance but it is an to prove so in this case of the Academy, as plans have been made to greatly improve and beautify the old building. The coming year will be brated as the Academy centennial, and it seems very fitting that the hundredth anniversary uld see such a marked improvement as wi be when the plans for the remodeling are com pleted. There will be no interruption to the usual school routine as arrangements have been made to accommodate all the students and teachers and the school work will begin and continue uninterruptedly. The new catalogue shows a strong corps of teachers and a course of study westward way. That's a time when one has that can scarcely be excelled, if equalled, in any to be mighty sure of his duty to not resist it:

-Mrs. John M. Dale, with Jack and Virginia. went up to Lemont on Tuesday to spend sever weeks with Mrs. Mary Dale.

-Mr. and Mrs. Charles Riley, of Philadelphia, who had been visiting Mrs. Riley's brother, Mr. R. S. Brouse, on Thomas street, departed on

-Of course it would seem a little unnatural for ourt to open without "Bill" Smith, of Millheim, being on hand and William was here on Monday to see that everything got started off right and to carry back what news he could pick up to his

-A. W. Reese, of Port Matilda, spent several days in town during the fore part of the week; talking politics, of course, and helping along with the work of the grand jury, of which he was a member. When he struck for home, Wednesday atternoon, he looked so happy that we could not help thinking that possibly he was glad to get away from the crowds around the court house.

-Mrs. Mary Dolan, of Pleasant Gap, gave evidence yesterday of her interest in the WATCH-MAN by paying us not only a visit but a year's subscription in advance. She has not been in Bellefonte for some time as she has been busily engaged in repairing and repainting her house. It must be in the air of Pleasant Gap to improve, for everything in that little village is in such good order and improvements are constantly going on. Mrs. Dolan looks the ideal nurse for a nervous prostration patient and it was probably her cheerful presence that brought Mrs. Holtz through her recent serious illness.

Mr. George Keichline, of Pine Grove Mills, has evidently had a prosperous summer or found the decoys here not financial ones for, after two days spent in town, he yet had a dollar for the continu ance of our good will during the coming year He came down to attend the murder trial but the court house was too crowded and the seats too h ard to induce his attendance and he hurried back to the coolness and comforts of home. Wise man! A visitor to Pine Grove recently remarked that no where else did people seem to be so comfortable and have so much leisure to enjoy the comforts.

-When looking at Mrs. Edgar Swartz, of Punxs utawney one might be tempted to believe that time could stand still were it not for "those t wins" now almost as large as their mother and who, with her, are visiting Mrs. Anna Caswell of Penn St. It may sound contradictory to add that their presence makes one realize how time flies for, anticipating much pleasure thereby, we chronicle the coming of our summer visitors and before there is time to realize anything, another c oming and such is life. Instead of "Ships that pass in the night" we are "Ships that pass in the

-- It is usually considered a misfortune to have to go to a hospital but evidently not so to the B urnside family. Some weeks ago Mr. William Burnside entered our hospital for a much needed rest, which unfortunately developed into a severe case of pleurisy from which he sufficiently recovered to be discharged this week. Last Saturday Mr. Edgar, who has been fashionably employing his vacation in farming on their mountain home, apparently longing for the attentions and attractive surroundings of his brother, took his horse, dog and himself to the hospital where he has been ill ever since. This implicit confidence of the Burnside family in the alleviating power, both for man and beast, of the Bellefonte hospital ought to go far towards persuading the Governor of our worthiness for an increased and onti nued appropriation.

-The habitue of the South Jersey coast does not know the attractions of the north coast else there would be no Atlantic City, for once visit Elberon, Allenhurst, Asbury Park, Spring Lake and the other beautiful spots of North Jersey and one will always care to return there rather than go farther South. Gray, Stormstown; Mr. and Mrs. W. C. Patterson, Mrs. Irving Foster, and Mr. and Mrs. D. G. Meek, of State College. It might be added that while this pilgrimage was given out as directed towards Ocean Grove, we have substituted Asbury Park, for since there is a new pier with orchestra and very Atlantic-City-like doings, lately opened at the latter place, it is sure to prove the attraction for those of our Centre county friends who would have us believe them seeking the mild and spiritual attractions of Ocean Grove.
