Why Mr. Kepler Voted Against the

The Bellefonte Republican and the Bituminous Record, of Philipsburg, are rising, in their ignorance to ask why the Hon. J. W. KEPLER, while a member of the last Legislature, voted against the bill for the increase of salaries for public school teachers. Laying aside discussions of the merits of the measure we take the more important one of personal representation.

It has always been held that a Representative in the Legislature serves best the interests of his constituents when he acts in accordance with their desires, expressed either verbally or by petition. In this case, no matter what Mr. KEPLER's own feelings on the bill may have been, he was actuated in voting as he did by a preponderance letters from representative people in this county urging him to vote against it. He had no other means of feeling the public pulse and properly decided that he should

urged. While the WATCHMAN was in favor of the passage of the bill it can find nothing of political iniquity. It has maintained but commendation of Mr. KEPLER's course. If the school teachers of the county were not interested enough in it to properly plead their side of the case then there was paid to its members through the operations nothing left for him to do, but follow the behests of those who were.

There would be little use in sending men to the Legislature if they were to vote and act irrespective of the wishes of their constituents, and contrary to their best interests and this is the reason that Mr. KEPLER voted as he did, because he has always endeavored to represent the people of Centre county and not his own ideas and in this case he took the only course that was open to him.

The farmers of Centre county who are in favor of spending \$121,000,000 aunually on the War Department and only \$5,000,000 for Agriculture, should remember to vote for ROOSEVELT and FAIRBANKS. They are the statesmen who demanded that there should be twenty-four times as much taxes paid for the purpose of getting us into trouble as for the betterment of the condition of the farmers.

Democratic Senatorial Conference.

Hon. James Kerr, of Clearfield, was nominated as the Democratic candidate for the Senate in this, the 34th senatorial district, composed of the counties of Centre. Clinton and Clearfield, at a conference held in the parlors of the Brockerhoff house. Bellefonte, last Saturday morning at 10 o'clock.

The conference was largely attended by representative Democrats of the three counties and more than the ordinary interest and enthusiasm was manifested. The conference was called to order by Geo. W. A. MacDonald, of Lock Haven, who was a substitute conferee for Mr. Bridgens, of that city. J. C. Meyer, of Bellefonte. was elected chairman of the conference and Dr. G. B. Hennigh, of Clearfield, and W. E. Shaffer, of Renovo, secretaries.

The Clinton county conferees had been instructed for ex-Senator W. C. Heinle, of the Carlisle Indians and Bucknell College, Bellefonte, and the Centre county conferees, though uninstructed, were favorable to Mr. Heinle's nomination. Senator Heinle, however, did not deem it expedient to accept the nomination at this time and, immediately upon the organization of the conference arose and in a brief speech, thanked the Democrats of Clinton and Centre counties for their loyal support, but cents).

said that inasmuch as the Republicans had nominated Col. E. A. Irvin, of Curwensville, as their candidate they had thrown down the gauntlet to make Clearfield county the fighting ground of the district and such being the case he felt that the Democratic candidate should be chosen from that county; and therefore, he would ask the conference to nominate the Hon. James Kerr of Clearfield

Mr. MacDonald, of Clinton county, asked if Mr. Kerr would accept the nomination and, upon being assured by the Clearfield delegation that he would, he made a motion that Mr. Kerr be made the nominee and that the secretaries be instructed to cast the ballot. The motion was seconded by Hon. James Schofield and was carried unanimously. Dr. H. W. Buckingham made a brief speech of thanks to the conference for giving the nomination to Clearfield county, and especially to Mr. Kerr. Other speeches were made by J. C. Barolay, chairman of the Clearfield county committee; Cap't. H. S. Taylor, Geo. W. A. MacDonald, J. C. Meyer, Col. J. L. Spangler, D. F. Fortney, Col. John A. Woodward, John F. Short, and Hon. Jas. Schofield. Mr. Fortney predicted not only the election of Mr. Kerr to the Senate but also that two years from now he would be nominated for Governor.

The conferees attending the conference were from Centre county-J. C. Meyer, M. I. Gardner and James Schofield, all of the direction of the pastor. Bellefonte.

Clinton county-Geo. W. A. Mac-Donald, Lock Haven; W. E. Shaffer and D. W. May, Renovo.

Clearfield county-Dr. H. W. Buckingham, Dr. G. B. Hennigh and Dennis Dempsey, all of Clearfield. Accompanying the Clearfield conferees were John C. Barclay, A. M. Bloom, J. D. Connelly and John F. Short, editor of the Clearfield Republican.

-It is very sweet of the dear old Republican to pass the hat for Judge LOVE, but will our contemporary kindly explain how the Judge could be so poor after baying ten years of office at \$4,000.00 per year and pickins'?

Suitable for the Occasion

The Republican campaign of this State s to be opened to-morrow evening with an elaborate display of financial resources. That is to say under the auspices of the Manufacturer's club a meeting will be held in the Academy of Music of Philadelphia, which will be addressed by former Attorthe announcement Mr. KNOX is set down as a Senator in Congress. As a matter of fact he isn't a Senator and that makes him a false pretense. He was appointed Senator by Governor PENNYPACKER, just as the late Mr. QUAY was appointed Senator by Governor STONE. But QUAY didn't sit under that appoinament and neither will KNOX.

phia, is the limit of iniquity. Some years ago, when the predatory beneficiaries of the robber tariff, were planning political corruption on a scale which disgusted the decent members of the Union League, those vote the way most of his constituents in that organization who were willing to go to any extent formed the Manufacturer's club. Since it has been a propaganda schools for teaching ballot frauds and paid the wages of repeaters and ballot box stuffers out of the generous unearned bounties of the tariff. It is the most vicious organization in this or any other christian coun-

> It is eminently fit that the Republican campaign of this year should be opened under such anspices and conditions. The principal orator has been selected with wise discretion, moreover. Having become the lobby agent of a corporation on the floor of the Senate, in violation both of morals and decency, Mr. Knox has the right to speak for the party of trusts and special privileges and the fact that he pretends to be a Senator in Congress when he knows he isn't, if he knows any law at all, emphasizes his claim to the distinction which has been conferred on him, the privilege of opening the campaign of fraud and false St. Louis fair would be doing that of pretense.

work ahead to keep them busy until next pring. DIED AT THE SUPPER TABLE .- On Sunday evening Mrs. Wm. Rider died suddenly at her home near Scotia of heart trouble. She had not been well for some time but was able to be around and that afternoon took a walk through the orchard. Her husband with four children, one a young baby, mourn her death. -Chief fire marshall H. B. Kern has appointed Harry Gerberich, Hard P. Harris, A. G. Archey, H. C. Quigley and Frank C. Williams fire police patrol whose duty it will be at every fire to rope off a specified area and see that no one not entitled to do so gets within the fire line. This is a good move as it will not only give the firemen more freedom but will also prevent the carrying out of household furniture, etc., by everybody, which work will be done, whenever it is deemed expedient, by the firemen themselves.

-Several weeks ago Mark Hunter, a little son of Mr. and Mrs. Dorsey Hunter, while playing in The Index store, upset a heavy roll of paper which fell on his leg. For more than a week the boy suffered with an injured limb until last Friday a week Mr. Hunter took him to the Wil liamsport hospital, where an examination disclosed the fact that the hip had been dislocated. A NEW STORE TO BE OPENED .- Just as soon as the excitement incident to our great county fair subsides, there will be something else to interest and entertain and take anything left over in money or goods. It will be a country store to be opened the last week in October in the cafe of Petriken Hall by the Lady Managers of the hospital. The managers of the county fair ask your money to amuse and entertain you next week but these fair and goods to help a most worthy charity and although they will take care of your big pumpkins, red apples, good jellies and ask only your best but anything -clothes, furniture, vegetables, groceries, etc., for their store will include more departments phia, as best man. AN EXCITING EXPERIENCE.-Mr. and Mrs. W. Gross Mingle had an exciting experience Sunday a week ago while crossing Nittany mountain. When half way up the mountain an automobile approached them from behind and caused the horse they were driving to become greatly excited. Mrs. Mingle with her little son in her arms alighted from the buggy, ran back to meet the auto and pleaded with them to stop immediately, which they did. The horse in the meantime was driven to a telephone pole and by the aid of several men who happened by was prevented from running away. The brute became perfectly prazed from fear, repeatedly rearing and striking the pole while standing perfectly erect. But for the protection of the telephone pole the animal could not bave been prevented from getting away, as it was the men were in great danger of life and limb while endeavoring to pacify the frenzied animal.

THAT CONGREGATIONAL MEETING .- A prolonged session of the congregational meeting in the Presbyterian church on Sunday morning was to take action on the expediency of employing an assistant pastor. A resolution was introduced in effect that an | many beautiful and valuable presents. assistant pastor be engaged, but after a thorough discussion of the question, pro and con: the resolution was voted down. A second resolution was then introduced in effect that it was the sense of the congreganey General PHILANDER C. KNOX. Another pro- happy life. onged discussion followed, after which a secret ballot was taken and when the votes were counted the returns showed 71 for the resolution and 80 against it.

> BUSHELS OF FISH KILLED .- Persons who walked down the tracks of the Penn'a. creek empties into Spring creek were stream were strewn with dead fish of all Mifflin county. sizes. There were trout and suckers galore with a few cat-fish and eels. Those who saw them declare that there were not less than three to four barrels of dead fish along the stream. An investigation revealed the fact that the fish were killed by the sulphurous deposits in the old lining of the Bellefonte furnace which, on being removed, had been dumped at such a place that some of it rolled into the creek.

THE MCCOY & LINN FURNACE BLOWN N.-After an idleness of some months duration the furnace of the McCoy & Linn Iron company is again in blast. Recently the company received a very nice order for their famous charcoal iron-an order large enough to keep them busy for months to come-and on Monday work was begun to put the plant in shape for immediate operation. So rapidly was the work pushed that the fire was lighted on Wednesday and the first cast was made last night. May the company continue to receive orders sufficient to keep the plant in constant operation for years to come.

> JUSTIFIED IN WHIPPING .- By the decision of Justice John M. Keichline a school teacher has the right to whip a scholar into submission. Such was the verdict given in the case of Mr. Harry Yearick, teacher of the junior grammar school, Bellefonte. On Tuesday Mr. Yearick requested George Jackson, a fourteenyear-old colored pupil, of rather unruly tendencies, to change seats. Jackson refused to do so. Mr. Yearick attempted to compel him to obey when the youngster turned on the teacher, struck and kicked him and tore his clothing, when Mr. Yearick gave him a thoroughly deserved thrashing. Tuesday afternoon Mrs. Jackson, the boy's mother, had the teacher arrested and the hearing was held before Justice Keichline Wednesday evening. After hearing all the evidence in the case Mr. Keichline read the law on the subject then gave the boy one of the best talkings to ever heard in a justice's court, telling him that he got only what he deserved and acquitting the teacher of all blame. Of course, Mr. Yearick was discharged.

Treziyulny, in accordance with the will of the deceased. The cemetery, which will overlook Milesburg and Bald Eagle valley, will be laid out in a semi-circle and the lots all numbered. OSTEOPATHY AN ADVANCED SCIENCE. -The regular visits of Dr. S. C. Robinson to the Bush bouse, in this place, on Tuesdays and Saturdays of each week have awakened considerable local interest in the new science which he practices. Of course osteopathy has been a living and progressive practice in the larger cities for several years, but like all new things it has taken it considerable time to reach out into the inland districts

From the year book of the school of osteopathy we learn that Dr. Robinson is a recognized graduate of the national school and from testimonials he has received from prominent men and women in Williamsport we are convinced that he is a very successful practitioner.

Expressing it in unprofessional language osteopathy is the science of treatment of diseases of various natures by rubbing or otherwise exercising the portions of the anatomy affected in a way that excites and promotes a healthy, vigorous action. Medicines are not used and while it was primarily designed for the correction of deformities alone the treatment has been found most effective in other directions.

Dr. Robinson may be consulted free of charge at the Bush house on Tuesdays and whether his treatment will be of any avail.

We make this mention of Dr. Robinson entirely without his solicitation and wholly because the science he practices has awakened considerable interest elsewhere and when such an opportunity to investigate it is offered our people it should be taken advantage of.

DONATIONS FOR THE HOSPITAL ASKED. -No public appeal has been made recently for donations for the hospital and a number of things are much needed. A response to this appeal of the lady managers it is hoped will come from all parts of the county as the hospital belongs to the county and not Bellefonte alone and any help, however little, is much appreciated at the present time. The following articles are most needed .
