

MERELY A MATTER OF SEEING. THAT'S ALL.

You will know without the help of any salesman where your dollars will do you the most clothing good. You need not be an expert or judge. The difference between the Fauble clothes and the kind you usually find elsewhere is so great that you will see it for yourself at a glance; and then **THE PRICE, CERTAINLY NO MORE**—we believe in every instance **LESS**. We feel sure that you will get better all-round clothes satisfaction, every point considered—style, fit, wear and comfort—out of the Fauble Hand Tailored Clothes than the same or even more money will buy you in any other establishment in Central Penn'a. We are after your business now, this season, the next, and for many seasons to come. We know that to accomplish this we **MUST** give you better service than you can get with others. The materials must be the best. The styles new and up to date. The fit perfect. **WE ARE TRYING TO DO THIS; WE ARE DOING THIS.** If you but come, take a look at our greatest clothing effort, you will be surprised, not only at the size of our assortment but at the character of the clothes we show. You can come expecting to see better ready to put on clothing at the Fauble Stores than it is possible for you local custom tailor to make. Remember, we say **BETTER CLOTHES**, and we mean it. You will agree with us if you but take a minute's time and examine the clothes we are showing this fall. We will save you a Ten Dollar Note if you have been having your clothes made to order. If you have been buying them ready made the additional clothes satisfaction you will get from wearing the Fauble kind can not be reckoned in dollars and cents. It will be great enough to make you a Fauble customer always.

IT IS MERELY A MATTER OF SEEING. THAT'S ALL.
