COWARDLY ASSAULTED BY A NEGRO. -Wednesday's Altoona Tribune contained Seventh Penna. Veteran Volunteer Cavthe following account of a cowardly assault airy will be held at Milton, Pa., October covering a period of fifteen years, of the on Miss Emma Love, sister of Judge 25th and 26th, 1904. Major General James John G. Love of this place and who H. Wilson, commander of the Cavalry is well known in Bellefonte as well as in the western part of Centre county, where Gen. Joseph Wheeler, who commanded the she was born and grew to womanhood : "The people of Tyrone were thrown into

a state of wild excitement Tuesday evening by a dastardia and cowardly assault on Miss Emma Love, a sister of Judge John G. Love, of Bellefonte, and one of the most highly esteemed young ladies of Tyrone, at the bands of a cowardly and burly negro. Miss Love resides near Nealmont, one of the suburbs of the town, with a sister. She had been in Tyrone during the afternoon shopping, and left for her home about 7 o'clock. She rode to Nealmont on a trolley car and started to walk to her home and when within a short distance of the head with a club, which felled her, unconscious, to the ground. In falling her head struck a sharp stone and a deep gash was cut in her forehead above the left eye. The negro probably thinking he had killed his victim, hurried away, and a few minutes later Miss Love recovered and managed to make her way to the house. A physician was summoned and her wounds dressed, and while undergoing the painful operation she related her experience.

The police authorities of Tyrone were at ouce notified and a man hunt for the negro was begun. The scene of the assault was visited and Miss Love's purse was found, but the money it contained, about \$5, was missing. A negro was picked up by one of the posses scouring the country, but it is not thought that he was the assailant. The people are eager and anx-ious to capture the fellow, and to aid them a pair of man-trailing, bloodhounds, re-cently purchased in Boston by Clark Grazier, of Huntingdon Furnace, will be put villain.'

Since the above was put in type it is learned that two negroes, Edward Mills and Lewis Carnegie, who lived in a shanty not far from the Hamer mill, have been arrested on suspicion of Mills being the man who committed the assault. When the Grazier bloodbounds were secured and

given the scent they followed the trail of Mills from the place where the crime was committed to the lock-up in which he was confined. Miss Love, however, failed to identify Mills as her assailant.

LOVE DID NOT LAUGH AT THIS JOKE. -The Washington, D. C., Post, of Saturday, tells the following story of the plight a newly wedded couple were in a few days ago in a hotel in that city. Inasmuch as the bride was formerly Miss Bessie Stroop, of Milesburg, well-known in this vicinity we republish the story so that her friends may enjoy the joke that was evidently so embarrassing to the present Mr. and Mrs. McClure.

"Mr. Frank McClure, connected with the Patton Water Company, of Patton, Pa., is at the Hotel Johnson with his bride bound about with forged iron bands, imreside near Yarnell. The best wishes of their many friends accompany them.
