

Lemont.

John I. Thompson's family returned from Altoona Tuesday. John Dale has been much worse this week. Mrs. Robert C. Jackson has been better this last week. Andrew Lytle went to Philadelphia with the P. S. C. basket ball team Tuesday. Chas. W. Whitehill and wife transacted business at the county seat, last Friday. Enos Hess, of State College, filled the pulpit of the M. E. church in this place, Sunday. G. S. Keller was out to vote on Tuesday, the first he has been from home for some weeks. Hamill Bathgate, who has been working for a firm in Cincinnati, Ohio, came home Saturday. Christian Houtz's family have all been on the sick list this week but are improving slowly. Rev. A. A. Black is at present conducting a meeting at Houserville, in the German Reformed church. George Williams, Harry N. Kerns, and Chas. G. Getz transacted business at the county seat Tuesday. Jacob Klinger, who has been confined to his home for the last two or three weeks, is improving very slowly. E. K. Smith, the bustling cream separator man, is circulating among the many farmers hereabouts and reports many sales. Mr. Briggs moved from George Mitchell's tenant house to D. A. Grove's tenant house. He will help Mr. Grove to run his farm the coming year. The beautiful day, Tuesday, caused one hundred and eighty-four voters to turn out, which was a very good number for this precinct. John Fishel and Watson Hagg, of Millville, who spent a week circulating among friends in these parts, returned home Saturday. The weather up to Tuesday of this week has been bitter cold the mercury often falling as low as 13° below zero. D. A. Grove had some of his fine colts on the road Saturday. Daniel feels proud of them, and well may he, for they take the eye of the lover of fine horses. Since Samuel Tressler, the assistant telegraph operator, was promoted and sent to Clearfield county, Otterbein Dale has taken his place as a student in the Lemont station. D. F. Taylor, a former resident of this town, landed Saturday from the far West where he has been for the last decade. He looks as though the western climate agrees with him. The United Brethren protracted meeting, which has been in progress the last five or six weeks, has closed. There were many converts and the whole community was made to feel the good influences. Spring Creek has been frozen over for the last couple weeks and two days this week the road between Puddintown and Houserville was impassable owing to the water being banked back on it, but supervisor Grove and a gang of men soon had things to rights again, so that traffic could be resumed.

SUNLIGHT SUNLIGHT

ACETYLENE LIGHT

IS THE BEST LIGHT IN THE WORLD. The nearest to sunlight of any light in the world. Cheaper than coal oil. No lamps. No globes. No danger.

10 minutes' work each day keeps your gas plant in prime condition.

You are always independent of light companies.

It is allowed by all insurance companies without extra charge.

You regulate your own light bills.

Don't buy an inferior machine. The Sunlight is automatic. Runs itself after you fill it with carbide and water.

Only 1.8 the heat of city gas.

A 25-candle-power light of acetylene costs 2.5 of a cent per hour to burn it.

A 25-candle-power light of coal oil costs 1/2 of a cent per hour to burn it.

A 25-candle-power light of city gas costs 1 1/2 cents per hour to burn it.

A 25 candle-power light of electric costs 1 1/2 cents per hour to burn it.

The above costs are taken from city gas at \$1.25 per 1000 feet while in Bellefonte you pay \$1.80 carbide at 4c. per lb., and electric light sold at lowest city rates.

Having had quite an experience with Acetylene light, I have taken the agency for the Sunlight Gas Machine which is conceded by experts to be the best Gas Machine on the market. Its simplicity and construction being so much in its favor, with no possible chance to explode, I have thought it wise to abandon the sale of all other machines. Two reasons favorable to the Sunlight Machine are: First, it is impossible to choke or cause the machine to flood the cellar with water, gas and a substance similar to white-wash.

I will be pleased to figure with interested parties for town or country homes, business places, &c.

I have for sale one NO. 10 COLT GENERATOR at \$25.00; having been used not quite one year, and cost \$48.00.

I have for sale one NO. 35 COLT GENERATOR, used about two years, at \$90.00, cost \$150.00.

I have for sale one MARTINDALE NO. 35 CARBIDE FEED for \$75.00.

The reason why these two Colt Generators are offered for sale is that the parties who own them want to replace them with Sunlight machines.
