SUNLIGHT OMEGA SUNLIGHT

ACETYLENE LIGHT

IS THE BEST LIGHT IN THE WORLD. The nearest to sunlight of any light in the world. Cheaper than coal oil. No lamps. No globes. No danger.

10 minutes' work each day keeps your gas plant in prime condition. You are always independent of light companies. It is allowed by all insurance companies without extra charge. You regulate your own light bills.

Don't buy an inferior machine. The Sunlight is automatic. Runs itself after you fill it with carbide and water. Only 18 the heat of city gas.

A 25-candle-power light of acetylene costs 2.5 of a cent per hour to burn it. A 25-candle-power light of coal oil costs 1/2 of a cent per hour to burn it. A 25-candle-power light of city gas costs 1 1/2 cents per hour to burn it. A 25 candle-power light of electric costs 1 1/2 cents per hour to burn it.

The above costs are taken from city gas at \$1.25 per 1000 feet while in Bellefonte you pay \$1.80 carbide at 40c. per lb., and electric light sold at lowest city rates.

Having had quite an experience with Acetylene light, I have taken the agency for the Sunlight Gas Machine which is conceded by experts to be the best Gas Machine on the market. Its simplicity and construction being so much in its favor, with no possible chance to explode, I have thought it wise to abandon the sale of all other machines. Two reasons favorable to the Sunlight Machine are: First, it is impossible to choke or stop the feed; second, a Sunlight Machine cannot drop too much carbide, causing the machine to flood the cellar with water, gas and a substance similar to white-wash.

I will be pleased to figure with interested parties for town or country homes, business places, &c.

I have for sale one NO. 10 COLT GENERATOR at \$25.00; having been used not quite one year, and cost \$48.00.

I have for sale one NO. 35 COLT GENERATOR, used about two years, at \$90.00, cost \$150.00.

I have for sale one MARTINDALE NO. 35 CARBIDE FEED for \$75.00. The reason why these two Colt Generators are offered for sale is that the parties who own them want to replace them with Sunlight machines. Call on or address,
