Lemont.

Miss Ella Bortorf returned home Saturday. Prof. C. L. Gramley was in town, Tuesday, visiting the schools. James E. Lenker's mother and sister visited at his home this week. Harry Boop moved from Center Furnace to Stormstown, Tuesday of last week. Herbert I. Brian and family enjoyed a few days in this neighborhood last week. Mrs. Nelson W. Williams repaired to the county capital to do some shopping Monday. John R. Schreck, who has been on the sick list the last two weeks is able to work again. H. F. Houtz's little son has been very ill this week but is much better at this writing. B. F. Homan, the bustling cream separator agent, transacted business in Peru, Tuesday. William O. Dougherty, wife and son were in Centre Hall attending a funeral last Wednesday. Mrs. James Longwell is home for a few weeks to see if the country air will help her, she having been quite ill for several years. David Mitchell and wife, of Tyrone, came down, Saturday, and enjoyed a few days with his aunt, Mrs. Rose Williams. The people who had the pleasure to see the moving picture show in the Lemont school room, last Thursday evening, were well pleased and entertained. Samuel Hazel, the veteran wool gatherer, will soon be on the road again and will be ready to pay the highest market prices, as he is the old stand-by. Rev. Edgar Heckman preached his farewell sermon in the M. E. church, Sunday evening, and goes to conference with the good wishes of all the people. When John Dale was going from town, last Friday, to his home his horse became frightened and ran away tearing the buggy to pieces, but no one was hurt. Last Thursday as Earl Etters was on his way home from State College he had the misfortune to meet the pay train at George Martz's which came near breaking his wagon

to pieces, but he had the good fortune to save the team from running away, and all the damage done was a broken tongue.

William F. Lytle, a farmer near town who has been missing chickens for some time past, set a steel trap and Friday morning the trap was gone. During the day Chas. Getz was along the creek near by fishing and noticed a large bird trying to fly but could not get very high and on going in pursuit it found it was an owl of the great horn species, and that it had the trap fastened to one of its toes, and he and a friend succeeded in taking it alive. When measured from tip to tip it was found to be between five and six feet and is in a cage on exhibition in front of Mitchell's and Evey's stores.

Every man has a pretty good opinion of himself till he gets in public office and reads what a scoundrel he is.—New York Press.

DO YOU WANT TO MAKE MONEY?—Of course you do. Let us help you. Sell your cream, eggs and poultry to us and we guarantee that you will be pleased with the returns. Compare our prices with others buying cream, and you will be convinced that we can make money for you. We are now opening new cream routes. If our driver does not pass your place, drop us a line and we will have him call. We always pay the highest market prices for eggs, chickens, ducks and turkeys.

SUNLIGHT OMEGA SUNLIGHT

The SUNLIGHT "OMEGA" is conceded to be the best Acetylene Gas machine in the world. Twelve to fifteen times better than city gas or electric light and COSTS ONLY 1/3 AS MUCH.

When used for light it has only 1/3 the heat of city gas because we burn 98 per cent. pure gas.

MAKE YOUR OWN GAS FOR COOKING, then its heating qualities are phenomenal. WHY?

Because we burn 75 per cent. air and 25 per cent. gas. To cook with city gas you must use 75 per cent. gas and 25 per cent. air. We light your house and cook your meals with the SUNLIGHT "OMEGA," the only successful outfit for country homes, business places, churches, etc.

We forfeit the price of the machine if our carbide feed clogs like it has done on the Colt machine. I have two Colt machines for sale, good as new, at half price if you want to buy them. Why? Because: the feed clogged up and the light went out.

Call on Jessie K. Cox or go to Yeager & Davis to ask about the SUNLIGHT "OMEGA." Look in the window at Spigelmyer's China Store and see the wonderful machine work. I furnish you chandeliers and other fixtures at cost and carriage.

NO LAMP GLOBES NEEDED. Ten minutes each week is all the time it takes to care for the machine.

\$4,000.00 invested in a town lighting plant yields 30 per cent. per year on the investment with the SUNLIGHT "OMEGA."
