Lemont. Improvement Funds for Academy Fred Moore visited his uncle, William

Schreck, last week. Clifford Close, of Tyrone, is home attend

ing commencement this week. David Johnstonbaugh moved into the

house adjoining the Branch cemetery last week. Rev. and Mrs. Harnish were called away,

Monday, to attend the funeral of Mrs. H.s' father.

Miss Jennie O'Neil came down from Warriorsmark to visit her sister, Mrs. Lloyd L. Houtz, this week.

Mrs. Sarah Schreck and Mrs. Lydia Hite visited at the home of John R. Williams, Wednesday.

There appears to be lots of Pharoh, or seventeen year locusts this year on the trees on Nittany mountains.

Mr. and Mrs. Frank Mayes, are rejoicing over the arrival of their first born, which is a great big daughter, who came Sunday to brighten their home.

Mrs. James McKee, of Pittsburg, is home helping attend her mother, Mrs. Ellen Moore, who has been quite ill of late from a stroke of apoplexy.

The ice cream supper held at the home of William Schreck, Saturday evening, proved a success financially. It was in the interest of the U. B. church of Houserville.

Prof. L. Hummel, the expert phrenologist and physiologist, gave a course of lectures, last week, in the Lemont grammar school rooms, and all those who attended derived much benefit from same.

The Lutheran congregation of Shiloh will hold their Children's day exercises Sunday evening, June 25th, and all will be well entertained who can make it a point to attend.

The commencement at State College brought many visitors to town this week; also took many from town to attend the same and especially to see the sham battle Tuesday evening.

The citizens of this neighborhood have put a new fence around the old cemetery east of town, which greatly improves the appearance of the plot of ground in which many of to end.' the pioneers rest; for by the inscriptions on some of the stones, hewn from native sandstone, can be found dates showing that some of the people were buried there when it was a common sight to see the red man as he roamed over these parts of the union. That reminds us that we should care for the graves of our ancestors who came here and opened the way for us, by cutting away the forests and driving away the wild beasts and Indians, so that we could enjoy the fruits of their labors without having to fear the attacks from either.

A Philadelphia merchant who spends hundreds of thousands of dollars every year for advertising was asked the other day what newspaper he con sidered the best medium through which to reach the public. His answer was unhesitatingly the Philadelphia Record.

Then he went on to say : "I have used the Record for years-in fact, ever since I have been advertising, and I find that it brings me the best results. It isn't necessary to experiment with the Record. The experienced business man realizes that the money he spends to reach the readers of that paper is money well invested. The Record is read thoroughly. A great many people, men especially, make a practice of buyng several newspapers during the course of a day. They glance over the pages casually to see if there is anything of particular interest, and then throw them aside. But I have come to the clusion from long observance that the Record is the paper that is read thoroughly from beginning

The Philadelphia merchant was undoubtedly right. There is no disputing the fact that the Record is the most popular paper in Philadelphia, and its influence throughout the surrounding country is evidenced by its claim to the largest circulation of any newspaper published in the State of Pennsylvania, a claim that is without doubt based upon actual figures. Nor is this strange, considering its merits. It is in every some, bright, entertaining, a welcome visitor to the home circle.

The growth of the Record is a gratifying tribut to the integrity of its methods. It is always fair and above, board; it has nothing to conceal, and it is in every respect a model newspaper. More power to it !
