The Awesome Importance and Secretive Air They Affect.

Many people assume certain manners as they assume certain clothes and change these manners more seldom than they change their clothes.

Bated, forever bated, is the breath of the mysterious person. Directly he comes into the room you are conscious of the presence of the unutterable and know that it will speedily be uttered into your most private ear.

The gallows is surely in his memory. He wishes to avoid it; he wishes kindly wretch—to save you from it also. Meet him halfway. It is such fun to do that. He responds sensitively to the slightest mysterious encouragement and thinks he is impressing you and that you believe him to be a strange and remarkable personage and that you will go away and say: "Glad I met John Smith. Interesting man. Not every day you come across a man like that."

Little Charlie was very fond of watching his mother dress. One day when she was brushing her hair he exclaimed, "Mamma, why does your hair snap so?" "Because there is so much electricity in it," she replied.

The Rat. No place is sacred to the rat. From a sleeping man to an elephant there is nothing which he will not eat.

The Present Moment. The mill cannot grind with the water that is past. As little can it grind with what is to come.

Not Idle Curiosity. Mrs. Wanterknowe—I should like to know, Mr. W., why you are so cross when I ask questions.

Animals' Rights.

Truth forces the observer of nature to admit that birds and other creatures apportion the earth among themselves just about as man does.

The Rat.

No place is sacred to the rat. From a sleeping man to an elephant there is nothing which he will not eat.

A Queer Family.

Little Charlie was very fond of watching his mother dress. One day when she was brushing her hair he exclaimed, "Mamma, why does your hair snap so?"

The Present Moment.

The mill cannot grind with the water that is past. As little can it grind with what is to come.

Not Idle Curiosity.

Mrs. Wanterknowe—I should like to know, Mr. W., why you are so cross when I ask questions.

A Hard Problem.

Harry—Say, papa, is a man's wife his better half? Papa—That is the popular belief. Harry—Then what part of Solomon was all his wives?—Chicago News.

The Misguided Friend.

De Chapple—If there's any one nuisance I hate more than another it's a fellow who is always going around introducing people. There's Goodheart, for instance. Bouttown—What's he been doing? De Chapple—The idiot! The other day he introduced me to a man I owed money to, and I'd been owing it so long he'd forgotten all about me. Now I'll have to pay up or be sued.—London Telegraph.

Inference.

Physician—Yes, sir, my opinion is that one-half the diseases that afflict humanity are due to overeating.

Resources Exhausted.

"Waiter, this tablecloth is not clean." "No, sir. But I dunno what we can do about it. We've turned it twice already."—Cleveland Plain Dealer.

Like the Judge.

The Westminster Gazette relates that an action was being tried before Lord Coleridge for damages for the death of a sheep dog, a winner of many prizes at bench shows, and counsel for the defense was endeavoring to show that the dog had "had his day" and that damages should be nominal.
