**Hollow Eyed Girls.**

"For girls who are nervous and hollow eyed and troubled with insomnia," says an authority, "here is a cure. It is simple and never fails to work:—  
"It is this: Don't go to bed too early. Sit up and read or work around your room. Do anything and everything, but do not try to sleep. Nervous people do not need much sleep, and if you go to bed at 12 o'clock you will be slept out by 7. I never sleep more than seven hours, and I think I owe my shapely figure and my good features to the fact that I have never formed the habit of staying in bed ten and twelve hours. I would cry if I thought I were wasting half of my life in sleep. The years are too precious. Don't sleep too long unless you are exhausted. Be up and doing!"

**Railway Presidency For Wallace.**  
Atlanta, Ga., July 24.—A persistent rumor is afloat in railroad circles here to the effect that John Findlay Wallace, formerly chief engineer of the Panama canal, is to be made president of the Seashore Air Line railroad. The report cannot be verified, but comes from an apparently thoroughly reliable source.

**LETTER TO JOHN I. OLEWINE, BELLEFONTE, PA.**—Dear Sir: Do you want to sell Devco lead-and-zinc for your town and country?

The whole doctrine of it turns on these three points:

- (1) It is all paint and true paint;
- (2) It is the strongest paint;
- (3) It is full measure.

Because it is all paint, true paint, proportioned for strength and full-measure,

- (1) It takes least for a job;
- (2) Looks best all the time;
- (3) Lasts longest;
- (4) Gathers the trade, and holds customers.

There is no such argument for any other paint; there is no other such paint; there is nothing but talk for any other paint. Devco is the paint, if you want the facts on your side.

The country is full of experiences; we bring these experiences to bear on your trade, if you sell Devco.

Yours truly,  
F. W. DEVCO & CO.  
New York.
