is the fifth that has occurred there, showing the heavy mortality from the fever where adequate attention is not given. Five Italians fled from New Orleans to be Bell plantation, and all have died of yellow fever. The vicinity has been thoroughly isolated and disinfected.

It will probably never be possible to estimate the losses which New Orleans suffered financially through the diversion of business, but the heavy tax on the people by the present visitation is shown by the fact that, besides the money already spent by the boards of health and the \$250,000 to be raised for the government, thousands of dollars have been subscribed and expended in ward sanitation.

August has always been regarded as one of the worst months in an epidemic, and the comparatively small number of fatalities thus far this month, in comparison with other years, gives great encouragement to the authorities.

Eight hundred men are now at work in a general cleaning movement, and more will be added to this force daily. Dr. Guiteras, of the marine hospital service, spent the day in Southwest Louisiana, investigating reports of suspicious cases, one of them in St. Mary parish.

Reports from the bedside of Archbishop Chapelle are that he is slightly better. Dr. Larue is beginning to hope that the archbishop will recover from the attack of yellow fever that prostrated the eminent churchman last week.

In addition to the revenue cutter Winona, which is now at Gulfport, Miss., the revenue cutter Forward, now at Key West, the Hamilton, at Tampa, and the Seminole, at Wilmington, N. C., have been ordered to Gulfport for the purpose of maintaining the national quarantine, and will proceed to that point at once. They have been directed to act under the instructions of Captain W. G. Ross, chief of the revenue cutter service.

It is expected that other and smaller boats will be needed in order to make an effective patrol, and to this end any boats required will be employed, and the revenue cutter flag hoisted over them and a revenue cutter officer put on board. They will then be, to all intents, government vessels. It is believed that in this way an efficient quarantine can be maintained.

Southern Pacific Stop Trains. Washington, Aug. 8.—The post-office department has been advised that on account of yellow fever no passenger trains are running through between New Orleans and Houston, thus discontinuing all the Southern Pacific through service. Instructions have, therefore, been issued to divert all Texas and Mexican mails heretofore

passing over the southern lines by way of New Orleans, so as to send them by way of St. Louis or Memphis.

Pennsylvania Adopts Quarantine. Philadelphia, Pa., Aug. 8.—At a meeting of the state quarantine board of Pennsylvania, in the quarantine station at Marcus Hook, a resolution was adopted quarantining against all ports south of St. Mary's, Ga. Dr. Samuel G. Dixon, the new state commissioner of health, presided, and the yellow fever epidemic in New Orleans was thoroughly discussed.

HOLLAND'S NEW CABINET

Professor G. A. Van Hamel is Made Premier and Minister of Justice. The Hague, Aug. 8.—A new cabinet was formed under the premiership of G. A. Van Hamel, professor of philosophy at the University of Amsterdam.

Other members of the cabinet are: Minister of the interior, Deputy Rink; minister of finance, Herr Deceester; vice president of the council of the East Indies and minister of marine, Captain Cohen Stuart; minister of war, General Staak; minister of public works, trade and industry, Herr Krans; director of the technical university and minister of agriculture and labor, Herr VeVegeus; minister of the colonies, Deputy Fock.

The cabinet, headed by Dr. A. Kuyper, appointed July 31, 1901, resigned July 2 last, owing to the result of the general elections, which sent a majority of the Anti-Ministerialists to the second chamber of the states general.

BERMUDEZ ASPHALT CO. LOSSES

Venezuela's Federal Court Annuls So-Called Hamilton Concessions. Oyster Bay, N. Y., Aug. 8.—President Roosevelt has been informed, through the department of state, that the federal court of Venezuela has rendered a decision against the Bermudez Asphalt Company in the case involving the so-called Hamilton concession, annulling the concession.

What action may be taken by this government regarding the matter cannot be announced at this time, in fact, so far as can be ascertained here, no determination of the question has been reached. It is quite probable that nothing will be done until Secretary Root, who now is on a vacation in Labrador, shall have returned to the United States, and considered the subject with the president in the light of the report which will be made by Judge W. J. Calhoun of his investigation of the entire asphalt matter.

ONLY A MASK.—Many are not being benefited by the summer vacation as they should be. Now, notwithstanding much outdoor life, they are little if any stronger than they were. The tan on their faces is darker and makes them look healthier, but it is only a mask. They are still nervous, easily tired, upset by trifles, and they do not eat nor sleep well. What they need is what tones the nerves, perfects digestion, creates appetite, and makes sleep refreshing and that is Hood's Sarsaparilla. Pupils and teachers generally will find the chief purpose of the vacation best subserved by this great medicine which, as we know, "builds up the whole system."

Hardly!
