THINGS ABOUT TOWN AND COUNTY

The second annual Karthaus circuit picnic will be held on Thursday, August 31st.

Don't forget the big festival to be held at Pleasant Gap, by the Logan grange, tomorrow evening.

The school children's vacation days are almost over; only a little over a week yet until school will begin.

Tuesday evening's rain was the first of any consequence in several weeks and was a very welcome shower.

New brick crossings are being put down on Spring and Linn streets, out by the German Reformed church.

Last Thursday noon Mrs. Burnett gave a luncheon to ten guests in honor of Miss Haldeman, of Harrisburg.

S. H. Williams now has a force of men at work painting and papering Geo. Kaehlik's remodeled hotel at Clarence.

Beginning this evening Rev. J. K. Muman will hold a tabernacle meeting at Clarence, to continue until September 3rd.

There will be no preaching services in the Lutheran church on Sunday; Sunday school will be held at 9:30 o'clock as usual.

Mrs. John Noll has recovered from her long illness and was down town on Wednesday for the first time since the first of April.

Miss Mary Kelly opened up her new grocery store, in the rooms formerly occupied by S. H. Williams on High street, on Saturday.

Mr. M. B. Garman recently sold his trotting stallion, "Kansas Chief," to Geo. Dilling, of Altoona, who expects to use him principally as a roaster.

The many friends of Mr. S. Cameron Burnsides, of Philadelphia, will be sorry to learn that he is suffering with a bad case of Bright's disease.

There is much pleasure in store for the people who will attend service in the Presbyterian church, on Sunday morning, as Mrs. Joseph Mitchell will sing.

Haupt Bros., contractors and builders of cement concrete work, have completed the building of the thirteen new fish ponds at the Bellefonte fish hatchery.

The engagement of Dr. David Dale, of this place, to Miss Anna D. McPherson, of Gettysburg, was announced on Wednesday. The date for the wedding has not been set.

Mr. and Mrs. William Pomeroy, of north Ninth street, Philadelphia, are mourning the death of their eleven month's old child, which occurred Wednesday of last week.

Thomas J. Lee, of Philadelphia, was recently appointed by Judge Smith, of Clearfield county, receiver for the Mohawk Coal company, a concern operating the Hunter mine near Blue Ball and the Beaver colliery near Osceola.

The case of David O. Eters against the Bellefonte school board, for \$250 back salary alleged to be due him, was heard before Justice of the Peace W. H. Muser, on Wednesday, who gave judgment in favor of Mr. Eters for the full amount.

Last Friday morning Charles F. Richard had an attack of acute vertigo and lay unconscious for over four hours. He rallied at noon time and since then has been gradually improving and is now able to be up and around in his room.

The Bellefonte public schools will open Tuesday, September 5th. Superintendent John D. Meyer will be in his office in the Stone building, Thursday and Friday, August 31st and September 1st, to examine and classify pupils for promotion.

Good fortune has come to Simon Neyhart, of Snow Shoe Intersection, in the form of a \$15,000 legacy left him by a rich old aunt who died recently in Iowa. The pleasant part of it all was the fact that Mr. Neyhart hadn't the remotest expectations of the sort and knew absolutely nothing of his good fortune until a relative whom he hadn't seen for years called to apprise him of it. He is the mail carrier at Wingate and being a poor man it is a blessing indeed.

While attempting to ford the stream at Beech Creek, last Thursday, the horse driven by Mrs. Joseph Gunnalus frightened at a passing train and ran away throwing out and injuring the woman and her two children as well as spilling a large quantity of produce she was taking to market. The horse also ran into a barbed wire fence and was badly injured. This is the place where the Centre and Clinton county commissioners cannot get together and build the joint county bridge.

Edward C. Eckley, of Chicago, a former Pennsylvanian who was down Bald Eagle visiting friends the beginning of the week, came to Bellefonte on Tuesday and went down to the business men's picnic. While there he either had his pocket picked or lost his pocket book which contained forty-six dollars in money, his return transportation to Chicago and a couple receipts and business cards on which was his Chicago address. Mr. Eckley was compelled to telegraph home for funds to get back to the Windy City.

NEW LIMESTONE OPERATIONS.—The little valley of Pleasant Gap is on the verge of a boom that in the future may grow to one of considerable magnitude. For ages there has lain hidden out there a large vein of limestone rock of superior quality. So rich, in fact, that an analysis made recently shows the stone to be ninety-nine per cent. pure lime. Twelve years or more ago this fact was discovered by John Hinds and, although he endeavored to enlist someone with capital to develop operations, he met with no success. In recent years, however, since the value of lime and limestone operations have come to be fully appreciated various parties have been endeavoring to get hold of the land along the base of Nittany mountain on which the ledge is located.

One of the parties who for several years has been working assiduously to interest capital for the developing of an operation out there was Wm. Noll, of that place, who owns a farm just west of the Gap and through which the limestone runs. His untiring efforts have finally met with success and recently, with the assistance of Mr. Noah H. Swayne II, a company was promoted who will operate under the company name of "Whiterock Quarries." The parties interested are Mr. Swayne, who as promoter will have general supervision of the company's affairs; John Blanchard Esq., as secretary and treasurer and Wm. H. Noll.

The operation will be opened on the Noll farm which the company has secured. Work on the building of the plant has already begun, as Mr. Noll has now practically completed two houses and a blacksmith shop. To get at the operation it will be necessary to build a branch railroad six-eighths of a mile long to connect with the Lewisburg and Tyrone railroad at a point at the upper or southern end of the Bellefonte fish hatchery grounds. This branch will run up over the Shugert and Blue Spring lands to the Tressler and Waite farms and thence to the Noll farm. Mr. Thomas A. Shoemaker has the contract for the building of this road and, with a force of from seventy-five to one hundred men, will begin work on the same early next week.

The contract has also been let for the building of four kilns and the erection of a crusher at once, so that the operation can be opened up and in running order before cold weather sets in. Mr. S. B. Finnegan, who has been for eighteen years with first A. G. Morris and later the American Lime and Stone company, has been secured by the new company and will take charge of the operation on September first as general superintendent. Mr. Finnegan is a man who has a thorough knowledge of the lime business and his association with the new company is assurance of a successful operation. In addition to the Noll farm the company has purchased the adjacent tract of land from the Steele heirs, adjoining on the west, so that they have scope enough to operate on for years to come.

OTHER OPERATIONS PROJECTED.—The same range of limestone extends east of Pleasant Gap through the farms owned by A. V. Miller, Mary J. Valentine, Michael Spieker, Charles Eckenroth, Wm. H. Col-dreun, J. H. Herman and others. For several years past Mr. L. A. Schaeffer has been interested in a movement to secure this land and open up extensive operations there. He has succeeded in interesting plenty of capital and secured a number of options on properties located there. In the meantime the Bellefonte Lime company has secured one or more options with the result that the right to secure possession of some of the land is now a matter of litigation and until the court decides the case nothing further can be done at that place. It is to be hoped, however, that the matter may soon be settled, favorably as the opening of an operation east of Pleasant Gap would be on an extensive scale and would mean so much for that town.

ROBERT HENDERSHOT ARRESTED.—Robert Hendershot, son of David Hendershot, was arrested on Wednesday, and placed in jail to await the arrival of officers to convey him to Bloomsburg where he was wanted on the charge of skipping a board bill and stealing the landlady's gold watch. Hendershot had been working in Bloomsburg and while there purloined the watch of the woman he was boarding with then skipped the town. He came home and went to Mr. Moerschbacher with whom he pawned the watch for three dollars. After he had gone out Mr. Moerschbacher examined the timepiece and decided that Hendershot had not gotten it honestly so when he came back in again he told him so and also advised him to lift it and return it to whom it belonged and save himself from serious trouble. Hendershot paid back \$1.50 and promised to lift the watch yesterday. In the meantime, however, the police here had been notified and the young man was arrested before he got out of Jesse Cox's pool room. He was yesterday taken back to Bloomsburg to face the charges against him.

W. C. T. U. COUNTY CONVENTION.—The Woman's Christian Temperance Union will hold their annual county convention in the M. E. church, at Milesburg, Thursday and Friday, August 31st and September 1st. Mrs. Seaberry will give a fine lecture on Thursday evening. A full attendance is desired.

SOLD HIS AUTO LIVELY.—On Monday evening a deal was consummated by which Samuel Brooks sold his automobile and auto-livery business to John Porter Lyon who in the future will conduct the business himself. Mr. Lyon now has three machines and is prepared to run the auto-livery in a thoroughly up-to-date manner.

MARKETING CENTRE COUNTY'S PEACH CROP.—When the announcement was made a couple months ago that the Centre county peach crop this year would be large it was looked upon very much as a peach crop story, but now that the time is here when growers have begun to market their fruit there is no gainsaying the fact that the crop is a good one—especially large for this section. In fact one local dealer told the writer that the Centre county crop would aggregate forty thousand bushels or over, while another dealer stated that fifteen thousand bushels would be the limit.

Be the crop what it may, however, it is large enough to attract the attention of outsiders, as ten days ago a representative of the fruit dealer's association came here from Pittsburg and endeavored to buy up all the orchards in the county. While he made the claim when he left that he succeeded in his undertaking it has been learned positively since that he did not secure one orchard. As stated in the WATCHMAN several weeks ago the Col. W. Fred Reynolds crop was bought by Joe Diehl, of Howard. Platt, Barber & Co., have virtually secured the orchards of Boop & Keister, at Aaronsburg, while Charles Schod, of this place; Dr. Alexander and W. B. Mingle, of Centre Hall; Dum, of Mackeyville, and all the other smaller growers in Centre county will market their own fruit, believing they will be able to realize more out of it by retailing out at home and selling wholesale to local dealers than they would sell their entire crop wholesale for foreign markets.

Some of the early fruit is already being marketed. One Johnstown dealer has negotiated with Joe Diehl for two thousand bushels of peaches from the Reynolds orchard, the first consignment of fifty bushels being shipped to him on Tuesday. Owing to the indiscriminate marketing of the fruit there has as yet been no set price named, but the best peaches can now be bought at about one dollar a bushel. The price is expected to be lower as the season advances.

JOHN GRIFFITH'S TOUR.—This excellent tragedian and student of Shakespeare has advanced in a few seasons to a prominent place among American born tragedians and is giving his native land as much reason to be proud of him, as of any of its favored sons. In the famous characters of the classic drama he has won enviable success and after three seasons of Macbeth he has taken up the divine bard's greatest tragedy, "King Richard the Third," a character in which his strenuous and intellectual nature will reveal. His management has furnished a great deal in the way of an excellent company, fireproof scenery, costumes and all other needful historically correct equipment. Mr. Griffith's date here is Friday, September 8th.

GLENN-RANDKOEKER.—Harold G. Glenn, a son of Dr. W. S. Glenn, of State College, a and graduate of the class of '03, but who now holds the responsible position of chemist in the Look Haven paper mill, and Miss Fannie Randkoecker, daughter of Mr. and Mrs. C. Randkoecker, of Look Haven, were quietly married in that city, Wednesday of last week, by Rev. Jesse R. Zeigler. Immediately after the ceremony Mr. and Mrs. Glenn boarded the flyer for a honeymoon trip to Niagara Falls and other places. The groom's many friends in Centre county extend heartiest congratulations.

RENTSCHLER-LYLE.—Mahlon J. Rentschler, an instructor in chemistry at the Pennsylvania State College, and Miss Bessie Lytle, daughter of Mr. and Mrs. A. J. Lytle, of College township, went by auto to Boalsburg, Wednesday evening, where they were married by Rev. A. A. Black, at the Reformed parsonage. From Boalsburg they came to Bellefonte and left on the 8:16 train on a brief wedding trip.

ZETTLE-GROVE.—Arlene W. Zettle and Miss Vera A. Grove were married, on Sunday, at the home of the bride's parents, Mr. and Mrs. W. M. Grove, of Centre Hill. The ceremony was performed by Rev. G. W. Molloy. The bride has been one of Centre county's popular and successful school teachers while the groom is a prosperous young farmer of Potter township.

RAY-NELSON.—Announcement was recently made of the marriage of Perley Osman Ray, an instructor in history and political science at the Pennsylvania State College, and Florence E. Nelson, daughter of Mr. and Mrs. Henry J. Nelson, of Burlington, Vt., the ceremony taking place at the home of the bride's parents on August 9th. Mr. and Mrs. Ray will be at home at State College after October first.

STOVER-HOOVER.—Charles H. Stover, of this place, and Miss Cynthia Hoover, of Pleasant Gap, were united in marriage at the Methodist parsonage, this place, Saturday evening at 9 o'clock, by Rev. John A. Wood Jr. The groom is a bartender at the Bush house and is an industrious young man while the bride is an estimable and worthy young woman.

BEGLE-HARMAN.—William Henry Begle, agent for the Adams Express company, at Philipsburg, and Miss Mary C. Harman, of Everett, were married, Tuesday of last week, at Bedford, the ceremony being performed by Rev. J. W. Lingle.

GABRIK—FISHER.—William E. Garbrik and Miss Agnes D. Fisher, both of Nittany, came up from the business men's picnic, Tuesday evening, and were married at the Evangelical parsonage, on Willowbank street, by Rev. W. B. Cox.

THE BIG BUSINESS MEN'S PICNIC.—The Centre and Clinton county business men's picnic, on Tuesday, was one of the biggest and best ever held. Business was practically suspended by the merchants and others in both counties and everybody turned out for a day's relaxation and pleasure amid the beautiful environments of Hecla park. Not only was every train to the park on the Central Railroad of Pennsylvania crowded but thousands came in vehicles and every other kind of conveyance. The crowd has been variously estimated at from six to twelve thousand, but conservatively speaking there were just about eight thousand people on the ground. The railroad company hauled a few over six thousand people. Of this number 2415 tickets were sold at the Bellefonte station, over two hundred more than last year; and 1827 tickets were sold at Mill Hall, about one hundred more than last year.

All the day up until 5 o'clock was an ideal one for a picnic and the big crowd present seemed to care for nothing more to do than lounge around and exchange social greetings, many of those present not having met since last year's gathering. Both the Colville and Lookport bands were present and these enlivened the morning somewhat with concerts in the grove and at the pavilion. The principal diversion of the forenoon was a game of ball between a picked nine from Centre county and one from Clinton county, the latter winning the game by the score of 7 to 4.

Of course the dinner hour was not only a delightful but a very busy one. Most of the people present had with them well-filled baskets and for those that hadn't there was ample to eat at the various stands and eating houses.

Immediately after dinner the clay pigeon shoot was held. The competition was between three teams of four each, Lock Haven, Snow Shoe and Bellefonte. Twenty-five targets was the allotment for each man and the prize offered was a double-barrel Stevens shot gun. Two traps were used and Snow Shoe came off victorious with the score as follows:

Score for Snow Shoe: Uzzle 23, Chambers 19, Watson 21, Warfield 24. Total 87. Lock Haven: Kid 15, Schade 19, Jobson 22, Schroat 24. Total 80. Bellefonte: Hines 23, Zimmerman 19, Quigley 19, Bower 16. Total 67.

Perhaps the most interesting event of the day was the game of base ball between Sunbury and Mt. Carmel. The sympathy of the crowd was with the former team owing to a number of its members being former State College players, but the Mt. Carmel team won the game in a very close and exciting contest. The score:

Base Ball Score: Mt. Carmel 0 2 0 0 1 0 0 3 8 3. Sunbury 0 0 0 0 0 1 0 1 9 4.

In addition to the above the other diversions of the day were the dancing in the pavilion to the music of the Germania orchestra, of Look Haven; and playing the games of chance, of which there were about a dozen, by the more daring ones. Thus the time passed until about 5 o'clock in the evening when a heavy rain began to fall which somewhat dampened the ardor of everybody and sent them scurrying for home as fast as the trains could carry them. Owing to the rain the consolidated band concert and the fireworks in the evening were dispensed with. Had it not been for the rain the day would have ended as successfully as it began.

The Central Railroad of Pennsylvania officials are to be congratulated on the very efficient service they rendered. Trains were not only run at intervals frequent enough to suit everybody but were run nearly on schedule time; and every train was officered with a crowd of very courteous trainmen.

ALMOST SNEEZED HERSELF TO DEATH.—Miss Mary Raymond, the sixteen-year-old daughter of Mr. John Raymond, who works for Wm. A. Lyon and who lives on east High street, came near to sneezing herself to death last week. The girl has been staying with her aunt at the hotel Palace, Jersey Shore, this summer. Last Wednesday evening at 7 o'clock she was seized with a fit of sneezing. The procyximus came intermittently every minute or two. After sneezing for an hour a physician was summoned. The sneezing continued and two doctors worked with her all night. Thursday morning she was still sneezing, the doctors being unable to do anything for her. She grew very weak and the muscles of her body became fixed and rigid but the sneezing continued until 2 o'clock in the afternoon when the attack stopped as suddenly as it began, after a continuation of nineteen hours. Miss Raymond's condition was quite serious for several days but word from Jersey Shore this week is in effect that she is now improving and will soon be as well as ever. The physicians are at a loss how to account for the peculiar attack.

The election of a pastor will be held in the Lutheran church here Sunday, Sept. 3rd. The choice will likely be between Rev. J. M. Rearick, of Centre Hall, and his brother, Rev. William Rearick, of West Milton.

In order to keep their plant in operation during the winter and until the swing season opens again, the Yeager Swing company contemplate the manufacture of a line of standard novelties.

C. P. Hilder, the artistic painter who a score of years ago was one of the very familiar figures in Bellefonte, at which time he was a sergeant in Company B, is spending the week here and being chaperoned around among his old-time haunts by jeweler Frank Galbraith. Mr. Hilder, who is now located in Berwick, is just as soldierly in his bearing as when he left here about seventeen years ago.

Mr. Will Burside has always shown shrewdness in business affairs but never more than when he loses his voice and declares Atlantic City the only place to regain it. Some of us are fortunate in spending a few days there while he requires five weeks of it to properly strengthen his larynx. It may be the salt air but the suspicious feature is that his voice always seems to need repairing just at the height of the season. He is justified in such discretion, however, for never did anything more attractive grace the boardwalk than the Ethel Barrymore girl of this season. Mr. Burside returned with normal voice last Thursday night.

Among those who went to Atlantic City yesterday morning for the closing days of the season were Mrs. Mary Butts and her daughters, Mary and Henrietta, Misses Daisy and Kate Brislin, Marie White, Anne Harris, Ella Twittmire, Ella Alexander, Mrs. J. P. Gephart, Walter Furst, John M. Bullock, R. Russell Blair, Louis Daggert, Hugh Crider, Laird Curtin, W. E. Burkholder, Frank Deitrich, Robert Larimer, Mrs. C. M. Bower and her grandchild, Miss Emma Holliday, Mrs. U. H. Reamer, Capt. T. and Mrs. Hugh S. Taylor. In all there were twenty-five persons from this station.

Mr. Burdine Butler came up from Howard, Tuesday morning, and after transacting a little business in this place, went down to the big business men's picnic at Hecla park.

Edward Shaffer, of Hanover, who spent a couple weeks at his old home at Madisonburg, on his way home stopped in Bellefonte and spent the Sunday with old friends here.

Mrs. John Thompson and children have returned to their home in Pittsburg after a pleasant two weeks visit with relatives here. They were accompanied to the Smoky city by Mrs. Claude Thompson.

HORSEMEN VS. AUTOISTS.—A meeting of horse owners was held in the office of E. R. Chambers, Monday evening, to take action relative to compelling owners and drivers of automobiles in this place to observe the restrictions of the law. Quite a number of people were present and, while there was no angry or antagonistic sentiment against automobiles displayed there was a feeling among all that something should be done, inasmuch as there are many complaints about the fast and sometimes reckless speeding of automobiles on the streets of Bellefonte as well as around short turns on the roadways through the county.

After the matter had been fully discussed Mr. Chambers volunteered to lay the matter before the borough council, which was then in session. Accordingly he went before that body and explained to them the law governing the running of automobiles as laid down in the act of 1903, which makes it the duty of the police in the boroughs and constables in the townships to arrest every owner and driver of an automobile who is running his machine at a speed exceeding eight miles in the borough or twenty miles in the township, or who has not in every other way complied with the regulations of the law. Council heard Mr. Chambers through but took no action on the matter at that time.

The act of 1905 provides that every owner of an automobile shall register with the probthonary of said county, who shall issue to him a certificate of registry which shall be so fixed at some convenient place upon said machine that it can be plainly and readily seen by all. That he shall also have a license issued by the treasury of any county in the Commonwealth and that he shall exhibit on his machine two white lights in front and one red light in the rear, in addition to the speed limit regulations.

OFF TO FIREMEN'S CONVENTION.—Both the Logan and Undine fire companies left, on the 2:40 train over the Central Railroad of Pennsylvania yesterday, for Phillipsburg to attend the district firemen's convention now in session there. The Undines had forty-eight men in line, including substitutes, while the Logans had twenty-seven men in line and were accompanied by the State College band. Fifteen more Logans went over on the early train, this morning, so that they will have a representation of forty-two in the parade today.

"SOMETHING DOING."—A newly organized base ball club calling themselves the Outlaws, and composed of crack college players, will play the strong Stormstown team, Saturday, August 26th, on the grounds of the Outlaws. This game will be played in connection with the Dungarvin picnic and reunion, to be held at Dungarvin on the above date. The management promise a red hot game. You are all invited to come and see the new team play their opening game.

Notice is hereby given that all pupils desiring to attend the public schools will be required to present, at the opening of the schools on Tuesday, September 5th, 1905, a certificate or other satisfactory evidence of vaccination within five years. BY ORDER OF THE BOARD. 50-33-2t.
