FOOTBALL INJURIES FATAL

John Summersgill Dies in Chester Hospital of Hemorrhage.

Chester, Pa., Oct. 9.—John S. Summersgill, aged 21 years, a member of the Franklin football team, of this place, died in the hospital here from injuries received during a game Saturday.

Summersgill was rendered unconscious by a blow in the abdomen. He revived and resumed playing. Later he was accidentally kicked in the head and again became insensible.

He was resuscitated and watched the game from the side lines. On the way home he fell to the ground and was removed to the hospital. His death was due to hemorrhage.

Summersgill was married three months ago.

Municipal Ownership Plan Defeated. Chicago, Oct. 10.—Mayor Dunne placed his "contract plan" for municipal ownership before the city council and it was defeated by a vote of 45 to 18.

The plan provided for the organization of a corporation and the issuance of certificates under what is known as the Mueller law.

Out of the sale of these certificates the first 90 miles of street railway was to be constructed, paralleling existing lines.

It is expected that the mayor will now abandon this plan and bring in its place his alternative or "city plan."

Princeton Sophomore Missing. Princeton, N. J., Oct. 10.—The university authorities are seeking to obtain tidings of Percy Kutroff, of New York city, a sophomore, who came to Princeton on September 18 last and was last seen here about a week later.

His brother, who learned of his disappearance last week, came here, but could find no trace of him and employed a private detective, who is working on the case in conjunction with the university proctor.

Kutroff sent his trunk here by express but never claimed it and also failed to register at the office of the university.

Bomb Throwing in Tiflis. Tiflis, Oct. 9.—Several bombs were thrown at the Cossacks. The troops fired and a general panic ensued. Many persons were killed or wounded.

Why We Plant Trees.

The pupils were discussing tree planting in a West Philadelphia school the other day.

"Why do we plant trees?" asked the teacher. Two scholars stood ready to put down answers. The replies came thick and fast, and here are some of them:

Because they are beautiful. Because they give us shade. They break the force of winds. They help to make us healthy by equalizing the temperature and moisture in the woods.

Because they provide us with India rubber, gum, resin, spices, dyestuffs, medicines, seeds and nuts.

They furnish us with timber for building houses, ships, railway cars, etc. Because without them we could not have spoons, matches, shoe-pegs, toothpicks and lots of other useful things.

Because trees are the most valuable crop the ground can produce. The value of our trees is 15 per cent more each year than the production of all our wheat, corn, oats, rye, barley and buckwheat put together.
