STEAMER LINE FOR ATLANTIC Costly Craft, of Light Draught, to Run

From New York. Atlantic City, Oct. 16.—Commodore Louis Kuehnle is at the head of a corporation which is to build two steamers, costing a quarter of a million each, to ply between New York and this city. The capacity of the craft

will be 3000 passengers each. The vessels will be on the Coen system, which will enable the building of big boats with a draught of only seven feet, the limit that a vessel can enter Atlantic City at low water. The shallow water on the bar has always been the main obstacle. The line will also carry freight.

Football Player Badly Injured. New York, Oct. 16.—Caught beneath a score of athletes in a football scrimmage, Sinclair Power, 19 years old, of the Imperial A. C., Brooklyn, was so badly injured that surgeons in the Williamsburg hospital fear that if he recovers he will be crippled for life. Examinations of the injured boy show that he has suffered a concussion of the brain and internal injuries. He

was unconscious.

at Bradford, appearing in several of his favorite roles. Thursday he presented "King Rene's Jaughter" and "The Bells," and seemed to be in excellent health, taking the exhausting part of Matthias in the latter play with all the vigor of youth. Last night, before an enthusiastic audience, he portrayed one of his most characteristically intellectual parts, the title role in his own stage adaptation of Lord Tennyson's "Becket," with

marked success. After the performance Sir Henry returned to his hotel, reaching his rooms at 11.30 o'clock, when it was observed that he was in great pain. Physicians were immediately summoned, but before they could arrive Sir Henry was seized with an attack of syncope and expired without having uttered a word, in the presence of Bram Stoker, who had been his immediate manager for many years, and a few other intimate friends. The event caused the greatest pain and consternation among the members of the

To the last moment of his life Sir Henry Irving's heart was in the work to which he had devoted his careerthe raising of the standard of his art. On Wednesday he was entertained at luncheon in the Bradford town hall, at which the mayor presented him an address from his admirers. In replying to the address, Sir Henry spoke of himself as one, the sands of whose life were fast running out. but no one then present had the slightest idea London, Oct. 14. - The English- that the end would come so soon. He proceeded in his reply to eloquently advocate the establishment of theatres by municipalities, "because," he said, "I believe that by this means the standard of the true drama as distinguished from miscellaneous entertainments, would be successfully upheld.'

Sir Henry's last appearances in London were made last summer, following his serious illness, when the enthusiasm at the nightly receptions accorded him in the historic Drury Lane theatre will long be remembered. Since then he has been engaged in touring the provinces and contemplated another visit to the United States.

POLITICS CAUSED HIS DOWNFALL Clerk of Court Embezzled to Pay His

Political Expenses. Allentown, Pa., Oct. 14.—Lewis S. Roeder, ex-justice of the peace of Lower Milford township, and since 1904 clerk of the orphans' court of Lehigh county, was arrested and held under \$1000 bail, charged with embezzling \$1663.65 from the Union School and Church Association of Lower Milford, of which he was treasurer from 1891 until he declined reelection last year. The prosecution is brought by Trustees Allen Dillinger

inces, and was playing an engagement Philip Flores and Henry B. Geis-

singer Roeder, who was formerly a wealthy farmer, was overcome by the political fever, and spent his all before he secured an office, his properties recently having been sold at sheriff's sale. He acknowledged when he gave bail for a hearing that the money he is accused of misappropriating was spent, together with all the rest he had, in trying to make the office he now holds.

Pennsy Sued For \$200,000 Damages. New York, Oct. 17.—The parents of Sam Shubert, the theatrical manager, who was mortally injured in the wreck of the Pennsylvania railroad's Chicago express at Harrisburg, Pa., last May, brought suit in the United States circuit court for \$200,000 against the railroad company, alleging that negligence caused their son's death. This suit is one of several others aggregating \$600,000 and growing out of the same wreck.

Asphyxiated Stealing Gas Slot Machine Chicago, Oct. 14.—Anthony Gauhn, 35 years old, was asphyxiated while attempting to steal a gas slot machine from a basement in 20th street. Preliminary to making off with the machine, the man cut the pipe supplying the device with gas. He was overcome by the fumes and died alone in the pasement confronted by the evidence of his unfinished crime.

CHARGED WITH CONSPIRACY

Startling Testimony Brought Out In Philadelphia Hospital Case. Philadelphia, Oct. 16.—Evidence furhospital contract was developed at the continued hearing of ex-Director A. L. English, Architect Philip H. Johnson Contractors John W. Henderson and Henry E. Baton and ex-Inspector John D. Finley. So startingly conclusive was this evidence that ex-Judge Gordon, acting in the matter for Mayor Weaver, abruptly stopped the calling of witnesses and each of the defendants was held in \$5000 bail for court.

Sensational developments came with the testimony of Assistant Director Sunderland, of the Department of Health and Charities, and Frank Miles Day, the eminent architect, proved the skimping that had been done to increase the profits of the contractors but it was the active man of Henderson & Co., James Duffy, who furnished the information most desired by Judge Gordon. It was this evidence, a tacit admission that there was a division of the profits with persons not members of the firm, that made it unnecessary to call Israel W. Durham and James P. McNichol, partners in the filtration contract already ventilated, as witnesses.

Army Officer Short.

New York, Oct. 17.—As the result of a scandal in the quartermaster's department at Governor's Island, post quartermaster Sergeant Artrhur R. Two Asphyxiated By Gas. Philadelphia, Oct. 16.-William Vogel, aged 43 years, and Gottlieb Burkhart, 68 years old, German bakers, who shared a room in a lodging house here, were asphyxiated by gas. A gas jet in their room was found half turned on, and it is believed their death was due to accident. Neither man had any relatives in this country.
