DEER HUNTERS GALORE.-The deer hunting season opened on Wednesday and. owing to the fact that this year there are but two weeks open season, that day was

signalized by a general exodus of hunters to the deer haunts in the mountains. All told there are by this time upwards of two hundred Centre county hunters out on the trail. The first crowd to go out was the Gentzel--Zimmerman party, some of whom

started on Saturday and others on Sunday, their destination being the Green woods. On Monday the Miller-Hazel party started, also for the Green woods. In this party were Isaac Miller, of this place ; J. A. Hazel, Charles Johnstonbaugh and Will Houser, of Spring township, and the three Daugherty brothers, of Fayette county.

Tuesday morning The Panthers left here for their camp beyond Fisher's hill, in the Scootac region. With them were A. L. and John McGinley, John L. and Andrew Knisely, M. A. Jackson, W. C. Cassidy, Harry Gerberich and Thomas Moore, of Philadelphia. R. A. Brouse and Bruce Garman will go out next week. This party always goes out in style and this year took along Jake Jury as cook and Fred Lane as general utility. The Bob Mann party from Howard and a party of Pittsburg hunters also went out, on Tuesday, into the Scootac region.

On the same day a large party went into camp on the Six Mile run, on the Allegheny mountain. In this party were Larry Redding, D. M. Kelley and Grant Kessling, of Snow Shoe ; Dick Farrell, Geo. C. Waite, Dr. W. S. Musser, A. T. Beyer, Charles, Horace, Louis and Howard Blair, G. D. Rhodes, Frank Gardner and J. K. Johnston, of Tyrone, and A. M. Parker, of New Jersey. The same day Frank H. Clemson and party went into habitation at Nason's camp, while the Uzzle-Haynes crowd, of Snow Shoe, also went out, on Tuesday, for the opening Wednesday morning.

On the south side the Krebs hunting party, of Pine Grove Mills ; the Modcos, of Boalsburg ; the Bradford party, of Centre Hall ; two hunting clubs from Potter's Mills, and parties from Millheim, Coburn and Georges valley all went into camp at different places in the Seven mountains. From the above it would seem as if Centre county hunters should surely get their portion of venison, this year, inasmuch as the majority of the parties will stay out the

two weeks of the season. Tyrone is well represented on the Alleghenies for, in addition to the party above named, the Allegheny hunting club, composed of Ira and John Cook, Isaac McNeal, Chauncey Pifer, Joe Dawson, John Noll,

of Blairsville, are encamped in the Seven Springs hollow, four miles northeast of Philipsburg, while a party composed of W. E., J. H., C. C. and J. K. Miller, Harvey McClintock, Charles Waters and Mr. Gates are holding forth in a camp on Bald Eagle ridge just east of Port Matilda. FIRST HUNTING STORY.

The first hunting story of the season comes from the Alleghenies at the headwaters of Benner run, where a party of strangers went into camp on Saturday. While they were fixing up their camp a deer chased by a dog ran right through their midst, but as the season had not yet opened the animal went on its way without a shot being fired after it.

THE FIRST DAY.

Of course it was impossible to get any returns of the number of deer killed on the first day of the season, as everybody who went out went prepared to stay at least a week and it will not be until the close of the season that anything like an accurate return can be had. Wednesday evening, MAN office from Snow Shoe that the party encamped at Six Mile run had secured two Larry Redding, of Snow Shoe, and the other by J. K. Johnston, of Tyrone. The

only other report heard was from Sugar valley where Linn Goodman and the Bower brothers each shot a deer. Early Wednesday morning a fawn, chased off the mountain, ran through the streets of Loganton but escaped before anybody around could get a gun.

SEND IN A REPORT.

The WATCHMAN would like to ascertain if reducing the open season for deer hunting to two weeks will prove beneficial and to this end requests any reader of the paper who knows of a deer being killed to please report the same to this office so that it will be possible to get a fairly correct account of the number of deer slain on the
