HUNDREDS KILLED AT HARBIN

Drastic and Inhuman Methods Used to Suppress Mutiny.

London, Dec. 12.—The Daily Telegraph prints a continuation of the dispatch from Moja, Japan, giving in circumstantial detail accounts by refugees of the alleged sacking and burning of Harbin, Manchuria, by mutinous Russians, of desperate fighting between the mutineers and loyal troops and of the massacre of many innocent Russian and Chinese residents. It says that General Madarloff, with cavalry, adopted extremely drastic and inhuman methods to suppress the mutiny, because he feared the consequences that might result from the spread of the mutiny to the whole army.

In order to compel the mutineers to quit their hiding places the general sent men to set fire to the barracks and the public buildings. The blaze spread to all parts of the city, and the mutineers, in trying to escape, were slaughtered to the number of 300 by the cavalry. Later the loyal portion of the garrison was called out, but in the confusion and disorder the troops fired on each other, it being impossible to distinguish the mutineers from the loyal soldiers. Then the mutineers dragged out several machine guns and poured a heavy fire into the cavalry. There was great loss of life.

STRIKES AT REBATE EVIL

U. S. Attorney in Philadelphia to Indict Railroad Officials.

Philadelphia, Dec. 12.—A bomb was launched in railroad circles when United States District Attorney Thompson was granted permission by Judge Holland to present bills of indictment in discrimination cases against railroads with headquarters in his jurisdiction.

The charge is giving rebates. In his petition the district attorney stated that he had summoned 12 witnesses who are prepared to testify that they have received such favors from the railroads.

It is understood to be Mr. Thompson's intention to indict the agents of all railroads and that the federal grand jury will conduct a sweeping investigation.

The minimum penalty is \$1,000 for each offence and the maximum \$20,000.

The taking of testimony will begin tomorrow at the secret session of the grand jury. The district attorney refuses to give out the names of witnesses and defendants until the matter has been placed before the jury, but it is said the bills include the names of agents of certain railroads outside of Pennsylvania. Those who testify before the grand jury will be immune from imprisonment.

Chicago Also Has 30,000,000 Pounds of Butter in Her Larder.

Chicago, Dec. 11.—Thirty million dozen eggs, or 360,000,000 eggs, in 1,000,000 cases, are awaiting consumption in Chicago's cold storage houses. Thirty million pounds of butter, in 50,000 tubs, are also locked up in the cold storage vaults ready to be spread on Chicago's bread whenever she is ready.

These enormous quantities of dairy product, put by in her commercial larder, are the greatest in Chicago's history and set a mark that outtops that of any previous year. Dealers say the western hens will lay enough eggs to keep Chicago supplied nearly all winter.
