Real sales such as this gigantic sale of the Yeager & Davis stock are of rare occurrence. The magnitude of the values, the daring sacrifice of price cutting and the vast variety of shoe offerings generously placed before you by the conductors combine to make this sale tower above all other attempts as the sublime mountain peak overtops the scattered foot hills at its base. No matter what your circumstances, where you usually trade, or what your shoe needs, there's money for you in this particular sale, more than you can imagine. In spite of the great advance in leather and rubber goods, we reduce prices for this great sale and offer bargains to bewilder and bewitch any effort ever made in this locality. Come this week. This sale positively closes in ten days.

G. W. GROVES & COMPANY

Democratic Watchman

Bellefonte, Pa., Feb. 9, 1906.

NEW YORK'S GREAT BUSINESS
Imports and Exports For 1905 Exceed \$1,300,000,000.

New York, Feb. 6.—The forthcoming annual report of the New York chamber of commerce for the fiscal year 1905, compiled under the supervision of Secretary Wilson, shows the total value of foreign imports received at the port of New York 1904-1905, fiscal year ending June 30, 1905, to have been \$695,166,950, as compared with a total of \$593,479,947 for all other ports of the United States. The total value of domestic exports from the port of New York was \$616,294,631, as compared with a total from all other ports during the same period of \$996,861,184.

Sues For \$19,359,838 Damages.
Houston, Tex., Feb. 6.—Suits were entered in the federal court here by the Kirby Lumber company against the Houston Oil company and the Maryland Trust company for \$19,359,838 damages and for alleged debts and for payments made to such defendants. Sensational allegations of fraud, manipulation and conspiracy are made in the suit, which is another chapter in the famous litigation for possession of the Kirby Lumber company and the Houston Oil company, both of which have for some time been in the hands of receivers.

Double Suicide Suspected.
Yonkers, N. Y., Feb. 6.—The finding here of the body of Miss Frances Strauss and the finding a few hours later at Riverdale of a body believed to be that of Frank D. Kitchell, has given rise here to the belief that the man and the woman committed suicide together. Both had been missing since January 30. Miss Strauss and Mr. Kitchell had been engaged for some time past.

1,000,000 Bushels of Wheat Burned.
East St. Louis, Ill., Feb. 5.—The Union elevator, containing a million bushels of wheat, was destroyed by fire, entailing a loss of more than \$1,000,000. The fire spread to the stables of the St. Louis Transfer company and 200 horses and 200 wagons were destroyed, as well as the stables. The fire originated in a brick engine house 30 feet from the elevator.

Lady Grey is Dead.
London, Feb. 5.—Lady Grey, wife of Sir Edward Grey, the foreign minister, who sustained concussion of the brain by being thrown from her trap at Ellingham, Northumberland, last Thursday, died without having regained consciousness.

DIVORCE SUIT FILED
Countess Castellane Brings Action For Separation.

Paris, Feb. 6.—Countess Boni de Castellane (formerly Anna Gould) has entered a plea for divorce. Representatives of the countess and the count appeared before Judge Henry Dittie, of the court of first instance, who, in conformity with the French law, endeavored to arrange a reconciliation before allowing a definite suit to proceed. It is said on unquestionable authority that Judge Dittie's efforts were not successful, the countess absolutely declining to resume her relations with her husband, and that after repeated but vain attempts by Count de Castellane's advisers to arrange a settlement, the representatives of the count and countess left the court and that the suit will proceed.

No decision has been reached relative to the eventual custody of the three children of the count and countess, but they being under age will for the present naturally remain in the care of their mother.

Sensational reports have been circulated with reference to the count's conduct, and the name of a prominent society leader of Paris, a woman of very high standing, has been mentioned in connection with the affair. But the greatest reticence has been maintained by all the parties concerned relative to the process of the negotiations looking to a reconciliation.

It now appears that the efforts of those interested in bringing about a settlement of the differences between the countess and the count without an appeal to the courts have been unavailing. The count is said to be in the southeast of France.

PATTERSON SPRINGS SENSATION
Introduces Resolution Against Caucus of Democratic Senators.

Washington, Feb. 6.—The senate was treated to a distinct sensation by Mr. Patterson (Dem., Colo.), who followed up his retirement of last Saturday from the Democratic caucus by introducing in the senate a resolution in effect declaring the action of the caucus to have been contrary to the Constitution of the United States.

Apparently the senator's action was unexpected on the part of a majority of the senators, and they listened attentively as the reading of the rather long preamble progressed, evidently not a little concerned as to what should come next. Mr. Patterson made no effort to secure the privilege of discussing the resolution, but gave notice that he would address the senate upon it at the first opportunity. It is expected that the Democrats generally will resist the adoption of the resolution and that the Republican senators will sustain Mr. Patterson's contentions.

Mr. Patterson's resolution recited that the action of the Democratic caucus in dictating to senators how they should vote was a plain violation of the spirit and intent of the Constitution of the United States; that each senator was entitled to one vote, and any attempt to coerce him was an invasion of the rights of a state; that any senator who permits himself to be so coerced weakens and degrades the state; that for any senator to vote otherwise than as his sense of duty dictates degrades his high office and assails the dignity and standing of the senate.

FORTE FOUND GUILTY

Jury Sends Italian to Gallows For Murder of De Luca Children.

West Chester, Pa., Feb. 3.—Ricardo Forte, an Italian, was found guilty of murder in the first degree here for the killing of Marie and Dominic De Luca, aged 7 and 9 years respectively, at Howellville. The children were murdered on March 14 last. Application was made for a new trial.

Ricardo Forte sat like a statue and never showed the least concern when his doom was being pronounced. The verdict is approved, not even a counterman of Forte's being found who will say a word in his behalf.

Two Killed By Train.

Narristown, Pa., Feb. 5.—While walking along the Pennsylvania railroad tracks near Spring Mill, Joseph Masal, 28 years old, and Michael Augustine, 25 years of age, both of Spring Mill, were struck by the locomotive of a freight train and instantly killed. The train crew were not aware that the men had been killed until they arrived at Conshohocken, when the pilot of the locomotive was found to be covered with blood. An investigation was made and the bodies of the men were found.

Dog Gives Life For Master.

Altoona, Pa., Feb. 5.—Henry Krise, aged 55, a laborer, of Westover, and his faithful shepherd dog, were walking along the Cresson and Clearfield railroad tracks when a passenger train bore down upon them. Krise stepped to an adjoining track, in front of a freight train. The dog saw the second train and tried to drag its master out of danger by seizing Krise's overcoat. The dog's efforts were in vain. The train crushed both of Krise's legs. The dog was killed. Krise died in the Altoona hospital.

Indian Pupils Married.

Carlisle, Pa., Feb. 6.—The first public wedding of Indian pupils at Carlisle Indian school took place there. Rose La Farge, a Crew maiden, became the bride of Charles Dillen, a member of the Indian school football team. Rev. George Norcross officiated. The ceremony was performed in the new auditorium and was witnessed by 1000 pupils and guests.

HEROIC PRIEST DROWNED

Saved Five Boys, But Perished When He Went After the Sixth.

La Salle, Ill., Feb. 5.—Father Gilbert Simon, of St. Bede College, and three students were drowned while skating on the Illinois river. Several boys were standing together to have a photograph taken when the ice broke and all sank. Father Gilbert plunged in the water and saved five boys, but on re-entering the icy river for a sixth student he became exhausted, and he, with three boys, was drowned. The four bodies were recovered shortly afterward. Father Gilbert Simon came to St. Bede College six months ago from St. Vincent's College, Pa. The names of the drowned students are: Cass Bannin, Champaign, Ill.; Charles Reuter, Chicago, and Frank Christie, St. Louis.

SAW MOTHER KILL HERSELF

New Jersey Woman Blew Off Her Head With a Shot Gun.

Mt. Holly, N. J., Feb. 3.—In the presence of her four small children, Mrs. Ellis Bird committed suicide at Keeler's Corner, north of Pemberton. The tragedy is the result of melancholy induced by nervous prostration. Mrs. Bird got down her husband's shot gun, loaded it and then placed the butt of the weapon on the floor. Bracing the stock with her feet, the distracted woman pulled the trigger, discharged the gun by pushing the trigger with a small candy cane.

The top of her head was blown off, brains and flesh being scattered all over the room. The husband was not home at the time. He says his wife once before threatened to take her life. Neighbors in the other part of the house, being frightened at the report of the gun, soon learned what had happened, and Coroner Bishop was notified.

Light Heat and Power.

CHEAPER LIGHT

Is now assured through the medium of the Lawrence Portable Gas Machine, invented and patented by Mr. F. S. Lawrence, of Chicago. This machine, which is

THE MARVEL OF THE CENTURY

Will reduce the cost of three of the greatest human necessities to less than one-third their former cost and has solved the great trouble

LIGHT, HEAT AND POWER

This machine saves the consumer from 75 to 80 per cent. in the cost of gas used for power purposes, and generates gas for illuminating purposes at a cost of less than 25 cents per thousand feet, as against a present average cost of \$1.80 per 1,000 cubic feet. Every owner of a home, factory, business house, church, school, hall or farm house will want one of these machines. The company now has orders for over three hundred of these machines.

LET ME INTEREST YOU

in this wonderful invention. I am now offering stock in the NATIONAL LIGHT, HEAT AND POWER CO.

which is the parent company, at \$1 per share, full paid and non-assessable. All stockholders are on an equal footing in this company. There is no preferred stock and no bonds. I believe that each share of stock you now buy at \$1 will be worth \$10 within six months. Write me today for booklet and other literature giving full particulars of this

MOST WONDERFUL INVENTION OF MODERN TIMES.

Don't put it off—write today. To-morrow may be too late, as the subscription list is liable to be closed at any time.

WILLIAM B. MOORE, Fiscal agent.

National Light, Heat & Power Co., 36 La Salle St., Chicago, Ill.

Williams' Wall Paper Store

YOU INTEND

BEAUTIFYING HOME

IN THE SPRING

Certainly you do and we wish to call your attention to the size and quality of our stock of
