The zigzag foot bridge over Penns creek still remains in its topey turvy condition. It would not require a very large body of water to sweep it away.
The game of base ball on Saturday last between the Penn Hall and Millheim teams was a Waterloo for the former, the score being 17 to 4 in favor of Millheim. The Millheim nine is quite a strong one and plays well. But what ill luck struck their antagonists, always regarded as a skillful and cautious team, on Saturday last, is a puzzle. They played decidedly had from the start.

Letter to F. P. Green, Bellefonte, Pa.

Dear Sir: If you paint two horses alike with two different paints, and one takes twice as much paint as the other, you know which paint to buy after that—so far as go- far goes—don't you?
One of these paints is Devco; the other is any average paint. The worst are worse than that; the better are not much better; no other paint than Devco is anywhere near Devco in go-far. Devco is go farther; the rest are go-short, go-middling and go-three quarters.
Yours truly,
F. W. Devco & Co.

WAS CONVICTED OF GRAFTING

Washington, May 22.—The supreme court of the United States rendered a decision in the case of United States Senator Joseph R. Burton, of Kansas. The decision was against Burton, affirming the decision of the United States circuit court for the eastern dis- trict of Missouri, by which Burton was sentenced to six months imprisonment in the jail of Iron county, Mo., required to pay a fine of \$2500 and deprived of the right to hereafter hold office under the government.
The opinion was by Justice Harlan. All of the points made in Burton's in- terest were overruled.
Senator Burton was prosecuted on the charge of violating section 1782 of the revised statutes, which prohibits senators and representatives from re- ceiving compensation for services ren- dered before any of the government departments in any matter in which the government may be interested. He was specifically charged with accepting a fee of \$500 per month for five months from the Rialto Grain and Securities company of St. Louis for services ren- dered before any of the government departments in any matter in which the government may be interested.
This was Senator Burton's second appeal to the supreme court. In the first case the circuit court found him guilty and imposed the same penalty that was imposed in the present case, but the supreme court reversed the decision in the first instance because it was made to appear that the money was paid in Washington and not in St. Louis, where the case was tried.
It was contended on behalf of Sena- tor Burton that the fee was paid on account of a criminal proceeding against one of the members of the Rialto com- pany and not because of services ren- dered in the government prosecution of the company. The law under which he was prosecuted was also attacked as unconstitutional on the ground that the senate was the sole judge of the qualification of its members, but this doctrine was not upheld by Justice Harlan's opinion. The statute was up- held in all respects and held to be fully applicable to Burton's case.
Immediately after promulgating his decision in the Burton case the supreme court granted a motion to give 60 days to Senator Burton in which to prepare a petition for a rehearing. The action will have the effect of taking the case over until the next term of the court, beginning in October, as the present term will expire next Monday.
That the senate will be compelled to take cognizance of the case is indicated by the decision in the following ex- tract:
"The final judgment of conviction did not operate ipso facto to vacate the seat of the convicted senator, nor com- pel the senate to compel him or to re- gard him as expelled by force alone of the judgment. The seat into which he was originally inducted as a senator from Kansas could only become vac- ant by his death, or by expiration of his term of office, or by some direct action on the part of the senate in ex- ercise of its constitutional powers."

DECISION IN EVANS WILL CASE

May Result in Building \$3,000,000 Memorial in Philadelphia.
New York, May 19. — A decision which is expected to result in releas- ing over \$3,000,000 to the city of Philadelphia for use in building a mu- seum and institute in memory of Thomas W. Evans was handed down by the appellate division of the su- preme court. This reverses a decision of a lower court, whereby the heirs of Mr. Evans had broken the original will giving them about \$250,000 and had secured \$800,000. Mr. Evans was a dentist and lived for a long time in Paris.

Two Men Drowned While Canoeing.

Millville, N. J., May 21.—While cano- eeing on Union Lake, Theodore P. Clark, manager of the Millville Manu- facturing company's department store, and his 10-year-old nephew Richard R. Lewis were drowned. Persons who saw them noticed that they were han- dling their canoe rather awkwardly, and advised them to change position. Later on the canoe was found floating bottom upward. Searchers with grap- pling irons dragged the lake and found the body of Clark.

\$20,000 Fire in Johnstown.

Johnstown, Pa., May 22.—Johnstown had another disastrous fire, the loss being in the neighborhood of \$20,000. Flames broke out in the Leffer black- smith shop in the rear of Bedford street. Within an hour a two-story frame warehouse, a two-story store building 90 feet long, two stables and a brick warehouse, with all their con- tents, had been destroyed. The water supply was totally inadequate to cope with the flames.

To Destroy Condemned Meat.

Washington, May 22.—Senator Bever- idge introduced a bill to enlarge the scope of the inspection service under the department of agriculture. In ad- dition to the power of inspection the inspectors are permitted to destroy condemned meat, whether for domestic or foreign consumption. The existing rules and regulations are amplified in order to eliminate misunderstandings and make clear the authority conferred upon inspectors.

Two Little Girls Burned to Death.

Wilkesbarre, Pa., May 21.—Fire de- stroyed the home of William Yodis, at Glen Lyon, and two little daughters, Anna, aged 5, and Celia, aged 2, were burned to death. The children were in bed, and a lamp left burning in the room is supposed to have exploded.
