When the Poor Man Will Be Bene fitted.

From the Augusta (Ga.,) Herald.

Where does the plain man come in? We are talking about the fellow who works for his living-who sells the coin of his brain or the sweat of his face for food, for raiment, for shelter. Where does he come in What boots it to him if the president of the United States kills an ootopus every every time the clock strikes, if the cost of living be not reduced to him? "What's Hecuba to him, or he to Hecuba?"

Here is the Pennsylvania railroad hauled up as a malefactor, disciplined and harried : but what householder will pay less to keep warm this winter shan he paid last? Here is the meat trust badgered in the courts and chastised in the statutes; but who has paid less for a roast or a rasher? Give us something practical, something real. Give us results, give us relief.

Take the article of butter. There is a great interest in this country that calls itself the American dairy association, or something like that. This beggar came to congress two or three years ago and got ca that consumes butter 10 cents a pound, not for the public treasury, but for the butter trust. It is immoral in that it home. The functed will be hold this start to from one citizen to swell the profits of another citizen, and it is all done in the name of taxation to get revenue to pay public expense, when no revenue results and was not intended to result.

As long as such outrage as that is in fashion what will come to the plain people from all this octopus chasing and trust busting? For more than 100 years this laws will not permit it to be so. Every head of a family, who mays his hill at the
