-Mrs. Amos Mullen has been one of the summer colony at Mt. Gretna, where her sister, Mrs. Wyke, of Columbia, owns a cottage. -Dr. Edith Harris Schad will take a week-end vacation as she expects to attend the Harris reunion at Nittany on Saturday and will remain over Sunday as the guest Mrs. Beck. Since men, unlike women, are proud of their years it is permissible to state that this reunion is partly a celeheation of Mr. John P. Harris' seventyfourth birthday. Perhaps if woman carmied her years as has Mr. Harris she would mot have to so often resort to subterfuge.

FOR THE FIREMEN'S CONVENTION .-When the Central Pennsylvania District Firemen's convention will be held here in two weeks it is expected that there will be over one thousand visiting firemen here, and to accommodate that number will re-

quire some management on the part of the committee in charge. Therefore any family in Bellefonte who is willing to take boarders for that occasion will please notily the chairman of the committee, R. B. Montgomery, at as early a date as possible. The committee on transportation has also ecured a rate of one fare for the round trip for visiting firemen and a rate of one fare and one-third for the public, good coming to Bellefonte August 21st and 22nd, and returning on the 24th, while on the 23rd, the day of the big parade, the fare will be one rate for the round trip, good only on that day.

CHARTER GRANTED .- On Thursday of last week a charter was granted at the State department in Harrisburg to the Nittany Railroad company, in Clinton county. The projected road will connect with the Beech Creek at Mill Hall and extend to Cedar Springs, to the Furst limestone quarries. It is expected that work will be commenced on its construction in the near future. It will follow the Central railroad of Pennsylvania to the axe factory dam, where it will cross over the Central and go direct to the quarries. The new company will build a

trestle across the dam. The lime kilns at Mill Hall will be put into condition and operated to their fullest capacity. A huge crusher will also be installed at the quarries and a large number of men given employment. The capitalization of the company is given as \$40,000.

-Mr. and Mrs. Sylvester Jackson, of Altoons were in town between trains on Saturday. They had stopped at State College for a visit on their way home from a ten days' trip to Niagara Falls and Toronto, Canada. Mrs. Jackson's mother Mrs. Mary Segner, accompanied them home to spend the winter.

-The trustees of the M. E. church have given the pastor, Rev. James Stein, a two weeks' leave of absence from his pastoral duties. --Sam Baisor looked into our door long enough on Tuesday afternoon to show how lean a man may become who lives in Johnsonburg. He is on his way to State College to spend a month] where Mrs. Baisor is now visiting. It is safe to predict that Centre county fare and air will send, back a better reputation to Johnsonburg.

-After visiting friends in this place for ten days or more Mrs. Thomas Moore returned to her home in Philadelphia last Friday accompanied by her mother, Mrs. William Dawson, who will spend a couple months in the Quaker city. -Charles E. Dorworth, of the Philadelphia Press, is now visiting- once we would have said his parents, Dr. and Mrs. Dorworth, but since Charles junior, is come, the probabilities are that the father has come on the important errand of seeing whether the first tooth is yet through. This to young parents is a most cruch event and you know they always look for it to appear much in advance of the normal time.

-Miss Anna Powers, who has spent the past two months very pleasantly in Philadelphia. New York and Atlantic City, returned home Saturday. It is unfortunate that Miss Power's work is confined to the compositing room, else there might be inoculated the WATCHMAN's columns some spicy serum that would be good anti toxin for the desuetude that will creep in these languorous days. Not many country newspaper women can boast of such a long vacation spent in gay resorts.
