#### Friends of the Academy, Attention.

The impression that seems to exist that the Academy will not receive girls this fall is as erroneous as it is unwarranted. The selection of a gentleman teacher for the English department does not, in the least de gree, imply that girls will not be expected. The best women in our town have received their education with a gentleman teacher in charge of their main assembly room. The fact is that the girls of Bellefonte and vicinity will receive just as cordial a welcome to the Academy and just as much attention in their class work as they have ever received in the past; and this year especially, when the corps of instructors has been increased and strengthened, it is desirable that the girls avail themselves of the educational facilities to be offered by the Academy. Just as soon as it can be satisfactorily arranged the primary department will be transferred one of the residences on Spring street, which will eventually form a part of the Academy advantageous for the youngest students in that it absolutely separates them from the older students, but will also afford greater class room facilities for the intermediate and academic grades. The prospects for the coming year are brighter than they have citizens of Bellefonte will lend their hearty co-operation with the head of the Academy in his purpose of developing this school in a way that means beauty, business and the best educational advantages for all.

The reputation of the Academy all through this State and in Wheeling. W. Va., is of a character that should appeal to the pride and loyalty of every Bellefonter.

J. R. HUGHES. Christian Endeavor.

Centre county Christian Endeavor Union will be held at Port Matilda, which is very conveniently situated on the Bald Eagle Valley railroad, twenty miles west of Bellefonte. The dates are September 5th and 6th, beginning on the afternoon of the 5th and extending through the next day and evening. We earnestly solicit the help and prayers of all our members, and those not members of the organizations who are favorable to the movement. Come and let us have a good time together.

An effort is being made to have this meeting one of special importance. As to the exercises and the spiritual element, we would so conduct it that a wave of good shall flow out therefrom and ripple on until it reaches every nook and corner of our county, if not beyond it. We are endeavoring to secure the best speakers that our county can produce and some outside. One special attraction will be the presence of our State Christian Endeavor president who will address the convention. This is Dr. Bannen, of Williamsport, who is an eloquent speaker, and who will be very helpful to us. Come and Williams, Port Matilda, chairman of com-

His Wife. Camden, N. J., Aug. 13 .- A murdera farmer into unconsciousness with a blackjack near Westville, Gloucester county, and after stealing \$107 assault ed the wife of his victim.

Awakened by a noise in his bedroom, Magia saw a colored man climbing through a window. Jumping from the bed, the farmer grappled with the burglar, who pulled a blackjack from his pocket and struck Magia a glancing blow on the side of the head.

Evidently believing that he had killed the farmer, the negro started toward Mrs. Magia. He had walked only a few steps, however, before the farmer who had only been stunned by the blow, again attacked the burglar, only to be beaten into unconsciousness.

Satisfied that Magia was unable to again attack him, the negro grabbed Mrs. Magie by the throat, threw her on the floor, choked her into insensibility and took from her bosom the \$107. He then assaulted the woman and escaped.
