

To Protect the Public from Gamblers.

Though it will mean the loss of hundreds of dollars in concessions the management of the Great Centre County Fair has decided to exclude all manner of games of chance from the fair grounds this year...

This action on the part of the fair management is one that the public should commend most heartily as it is not only voluntarily outting of a large source of revenue but a great many of its patrons are actually in favor of having small games of chance.

A Society Horse Show.

Some months ago, when President Roosevelt declared in a speech at Denver that the United States government would develop by careful breeding a standard pure American type of carriage or general utility horse...

The horse show ever organized when the Walter L. Main circus and Cummins' Greater Wild West arrives on Friday, September 21st, over three hundred of the best types of truly handsome horses having been secured from all parts of the world to make the representation complete.

The show is divided into five sections or classes, the first being devoted to ponies of the Shetland, Welsh, Connemara (Ireland), Hackney, Spotted or Zebra, and Manx. The second division is given to cavalry horses...

Union County Fair.

The great Union county fair will be held at Brook Park, Lewisburg, beginning September 25th, and will close on the 29th. The management has offered larger purses than before in the speed trials, and having the fastest track in the state, the races will be of the sort seldom seen on other grounds.

The Renewal a Strain.

Vacation is over. Again the school bell rings at morning and at noon, again with tens of thousands the hardest kind of work has begun, the renewal of which is a mental and physical strain to all except the most rugged.

Letter to John Noll, Pleasant Gap, Pa.

Dear Sir: We shall feel obliged if you write us how you came out on your first few jobs Devoe, as to gallons expected and used.

Take job A. You made your price, expecting to use 25 gallons Devoe, and used 15. Job B. You expected to use 15 and used 10. And tell us what paint you had used before.

Here's how I came out. M. H. Thomas, painter, Lynchburg, Va., writes: My first job with Devoe, I estimated 37 gallons; it took 25. Since then I have used nothing else.

C. B. Edwards, Raleigh, N. C., had used 30 gallons paste paint on his house, and bought 30 gallons Devoe; A. E. Glenn, his painter, said it wouldn't be enough. Had 16 gallons left.

Mayor W. W. Carroll, Monticello, Florida, writes: Painter estimated 35 gallons for my house; took 20 gallons Devoe. Gilmore & Davis Co., contractors and painters, Tallahassee, Florida, say 2 gallons Devoe spreads as far as 3 of any other paint they know, and covers better.

S. A. Bullard, painter, Sanford, Florida, estimated 50 gallons for Odd Fellows and Masonic Halls; they took 29 Devoe. Jones & Rogers, Merkel, Texas, estimated 10 gallons Devoe for Mr. Pratt's house and bought five gallons for first coat; it painted two coats.

Erb-Springall Co., San Antonio, Texas, painted two houses same size for D. J. Woodward, one lead-and-oil, the other Devoe. Devoe cost \$12 less for paint and labor.

Tom Massey's painter, Walnut Springs, Texas, estimated for his house 10 gallons Devoe; he had four left.

You see how it goes. Even the best painters can't guess little enough at first.

Books, Magazines Etc.

WATSON'S MAGAZINE FOR SEPTEMBER.—The September number of Watson's Magazine appears in a new cover, dignified, artistic, simple and effective. It must be confessed that the old cover, that sheet of billous red that protruded from the new-stands, was something of an eyesore and it must have worked some injustice to the contents of the Magazine among the many who are prone to "judge a book by its cover."

Money talks, but not half as loud as manhood.
