Letter to Philip Rezer, Bellefonte, Pa. Dear Sir: A pound of good meat and no bone is worth more than a half pound of meat and a half-pound of bone; but there are, as you say, a great many people who won't pay more than a certain price by the

pound. Give 'em bone; that's right; give 'em plenty of bone! There are people who won't pay more than \$1.50 a gallon for paint; give 'em bone!

There's no better school than experience; cost is high; but the lesson is never forgotten. Let a man paint two houses alike, same size; one Devoe, the other that \$1.50 paint. He buys 10 gallons of each, and pays \$3 a day for labor—\$3 a day is \$3 a gallon, easier reckoning.

He has to buy two gallons more of the \$1.50 paint; and has two gallons left of Devoe: 12 gallons \$1.50, \$18; 8 gallons \$1.75; \$14; \$4 more for "cheap" paint. He pays \$3 a gallon for painting: gallons \$24; 12 gallons \$36; \$12 more for painting "cheap" paint.

He'll buy the less gallons paint after that. If people are slow to learn, it's because they keep on buying bone-meat. Give 'em plenty of bone. Yours truly F. W. DEVOE & Co.

Rather Embarrassing

isn't it, to have a cold snap come on suddenly and find you still wearing a light weight summer suit or without a suitable overcoat? But that is what will happen to you if you put off making your selection much longer.

There is also a decided advantage in purchasing now, because you can see a complete display—not a style or a number missing, and with a line of the range and scope of the KUPPENHEIMER,

for which we are exclusive agents, this means a great deal—much more than you can possibly realize until you come in and look the display over.

The new Kuppenheimer Single or Double Broasted Sack Suits are particularly attractive this season. We have them in all the select fabrics and patterns for which The House of Kuppenheimer is famous.
