WANT SHORTER HOURS ALSO

Cleveland, O., Oct. 27.—It was officially announced at the headquarters of the Brotherhood of Locomotive Engineers in this city that requests had just been made, not only to the lines of Chicago, but also to a number of the big eastern systems, for higher wages and better working conditions for all classes of trainmen. It was said that similar requests would probably be made by that brotherhood to every other railroad in the United States between the Atlantic and Pacific coasts.

Among the railroads east of Chicago to which the Brotherhood of Locomotive Engineers has presented requests are the New York Central, Delaware, Lackawanna & Western, Erie, Nickel Plate and the New York, New Haven & Hartford.

The requests made by the engineers include a revised and higher wage scale for the men in all classes of the service, passenger, freight and yard engines, and better working conditions looking toward shorter hours for a day's work. On a number of the western roads the engineers have requested that scientific tests for determining the condition of their vision be abolished, and that field or practical tests, be established instead.

Although the request made by the engineers is entirely independent of those made by the Brotherhood of Railroad Trainmen, Switchmen's Union or any other organization, these latter employes feel greatly strengthened in their demands.

In presenting their requests to the various railroads, the engineers asked the managements to grant them conferences, but no time limit was set.

Grand Chief Warren S. Stone, of the Brotherhood of Locomotive Engineers, said:

"The wages of engineers and other train employes have not increased in comparison with other classes of labor, and in the meantime the requirements and duties of railroad men have more than doubled within the last 10 years."

DROWNED IN MID-OCEAN

Bayard Gable Fell Overboard While Bound to South America.

Altoona, Pa., Oct. 30.—Bayard W. Gable, aged 23, son of William F. Gable, of this city, fell overboard a sailing vessel and was drowned in mid-ocean, while bound from New Bedford, Mass., to Buenos Ayres, South America, gathering material for a book on the sea. Gable was formerly a newspaper man, having worked in Altoona, Pittsburg and New Bedford, and friends predicted a bright career for him in the literary field. Word of his death was received here.

At the Brockertthoff house from Thursday morning until Friday noon, November 8th and 9th.

Montgomery & Co.

... In Conjunction ...

with the announcements of The House of Kuppenheimer appearing in the leading magazines, we desire to make known to the public that our line of

KUPPENHEIMER CLOTHES

is complete and includes all the most exclusive and select patterns for which The House of Kuppenheimer is celebrated and which are so much in demand with good dressers.

Kuppenheimer Clothes are unquestionably superior in quality of material, workmanship and style. There are very few clothing institutions anywhere in the world that have the facilities for producing the highest type of men's clothes, such as The House of Kuppenheimer has. Fewer still that adhere closely to their high standard of production.

There is that quality about Kuppenheimer Clothes, due to the expert workmanship entering into their manufacture, which stamps the wearer "a well-dressed man" from the day he puts the garment on until he is ready to lay it aside. Only the sixty-and-seventy-five-dollar-custom-tailor can equal them.
