**TO CENTRE COUNTY FARMERS**—"Farmer's Week" will be held at State College beginning Thursday, December 27th, and continuing until January 2nd inclusive. We desire in the interest of those having the affair in charge to call special attention to the fact that this will be no boys gathering, unless they are farmer's boys interested in learning all they can about the farm. It will be a week for men, men who want to acquaint themselves with the most modern methods of agriculture. More than forty lectures will be delivered by eighteen practical agriculturists and educators and a number of practical demonstrations will be given every day.

There is every indication that there will be a large attendance of farmers from all over the State and the College authorities especially desire a large representation of Centre county farmers. For that reason this appeal is made to every farmer in Centre county to take advantage of this opportunity to inform himself on things he ought to know. You will never have a better chance to gain good knowledge at so little cost. Therefore don't fail to attend every day, if you possibly can.

**REGARDING THE FIFTH REGIMENT.**—Col. Rufus T. Elder, of Lewistown, last week sent to Brigadier General Wiley, of the Second Brigade, his resignation as Colonel of the Fifth Regiment, with the request that it be accepted at once. General Wiley acted accordingly and at the same time stated that it was possible the Fifth would be disbanded as a regiment and its seven companies used to fill up several of the other regiments that do not now have their full quota of twelve companies.

Adjutant General Stewart, however, stated that so far as he knew there was no intention of disbanding the regiment and further that he would issue an order for an election to select a new colonel as soon as possible. In that event Lieut. Colonel Hugh S. Taylor, of this place, will undoubtedly be elected to the vacancy and once again the headquarters of the Fifth will be in Bellefonte. Col. Elder's reason for resigning was that the duties of the office took up too much of his time and interfered with his business interests.

The Whitebrook quarries, and for that matter some of the other limestone quarries herabouts, have had a hard time keeping their men at work the past week owing to the inclement weather. And especially as there was both rain and snow and the weather warm enough that the quarries were very muddy. At the Whitebrook quarries the mud was almost a foot deep and this was the greatest objection the men found to working.

There was a general shake up in the stock market this week and the lambs were shorn of their fleeces and driven back to the tall timber. The flurry was caused by the announcement of the board of directors of the Chicago, Milwaukee and St. Paul Railway that they had decided to issue many millions of new stock.

It is a matter of public congratulation that the one very bad case of diphtheria developed in our midst has been so completely quarantined that there was no spread of the disease. The physicians in attendance have thoroughly safe-guarded the public.

Three inches of snow that fell during Wednesday night has made splendid sleighing, and the blacksmith shops were crowded with horses being roughed yesterday in order to take advantage of the snow.

**Lemont.**

Wednesday morning it was 10 degrees below zero. Rev. A. Werts, Jun. R. Williams and W. W. Schreck were pleasant callers at the home of Felix Shuey, Sunday.

L. F. Mayes, our hustling auctioneer, has been doing a fair business this fall and is on for a few big spring sales, for he has been giving satisfaction.

Sunday and Monday brought us about three inches of snow, but very poor sleigh-

ing, owing to the muddy roads that we had in parts of College township. J. H. Wetzel, of Bellefonte, was in town Thursday of last week to run the line between the Shreck and Dale estates, which has been in dispute for some time.
