

**BOROUGH COUNCIL**—At Monday night's meeting of borough council eight members were present. Nothing of very great importance was done, the business transacted being of a minor and miscellaneous character. High constable Leader Green reported a number of nuisances around town which he was instructed to report to the board of health.

A new street light was ordered placed on north Allegheny street at a point just beyond the residence of General Beaver. A request was also made for a light on Phoenix avenue. The Water committee reported that the boilers at the water works had been inspected and found in good condition. The Fire and Police committee reported that the repairs at the lock-up had been completed, six new iron cells having been placed therein.

The Street committee was instructed to repair Willowbank street in the neighborhood of F. Peables Green's residence. The annual appropriation of \$250 to the Logan and Undine fire companies was ordered paid.

One of the interesting things of the meeting was the report of the borough treasurer which showed he had a balance of \$1,551.79 on hand.

**ECHOES OF "FARMER'S WEEK."**—Owing to the press of other news matter last week it was impossible to give an account of the "Farmer's Week" exercises at the Pennsylvania State College from December 27th to January 2nd. It can be said, however, that the interest shown by the farmers of the State was far greater than was anticipated. During the week the enrollment totalled just one hundred and ninety-four, and these came from thirty-four out of the sixty-seven counties in the State.

The lectures and demonstrations were particularly interesting and no doubt will prove of considerable benefit to those who heard and witnessed them. At the concluding session a number of resolutions were adopted among them being the following:

**WHEREAS**, We, the members of the Pennsylvania Farmers' Congress in our annual session at The Pennsylvania State College, realizing not only the great work now being done by the School of Agriculture and the Experiment Station, but also realizing that the demands upon these institutions in the near future will be greatly enlarged if Pennsylvania is to assume and maintain the position that naturally belongs to her agriculturally among her sister States.

Therefore, Be it resolved that we urge upon our Representatives in the Pennsylvania Legislature the most careful consideration of, and the most generous response to, the needs of The Pennsylvania State College for the maintenance of these institutions for the coming two years.

**Spring Mills.**  
Our letter carriers were able to eat their Christmas turkey on New Year's day. That was their holiday.

The large number of visitors we had during the Holidays have returned to their homes and vocations.

Mr. Wood, father of the proprietor of the Spring Mills hotel, has been quite ill for the past ten days, but is now convalescent. Sunday and Monday last were decidedly spring like. Overcoats and wraps were at a heavy discount. They will, however, one of these days command a high premium.

The K. G. E. and I. O. O. F. here are flourishing like green bay trees. Besides these two orders, we have in full operation

two other organizations, the A. B. C. club, composed of young ladies, and the "U" club, so there is no lack of secret societies in Spring Mills.
