THINGS ABOUT TOWN AND COUNTY

Annie Fogelman was admitted to the Bellefonte hospital, last Friday, for treatment. The Barrows family moved from the rectory of the Episcopal church to Tyrone on Tuesday. By their entertainment last Thursday evening the Epworth League cleared thirty-two dollars. Mrs. E. J. Ekenroth was discharged from the Bellefonte hospital and taken to her home on Monday. The friends of Mrs. Margaret Snyder will be glad to learn that she is considerably improved in health. The State College base ball team defeated the St. John's College nine on Tuesday by the score of 12 to 2. At their new store in Crider's Exchange last week the ladies of the Reformed church cleared \$375, a very neat sum. The present winter-like weather is not very good for garden truck, but the grain and grass looks quite promising. Frank Davis, the cigar-maker employed by Knisely Bros., moved his family from Millheim to Bellefonte last Friday. Homer McKinley, who is employed by the Central Railroad of Pennsylvania, has moved his family from Milesburg to Bellefonte. The court house ring are beginning to lay their plans for another of those famous "camping out" on Fishing creek this summer. George Michael Felzer, an aged resident of Runville, has mysteriously disappeared and all efforts to find him have so far proven unavailing. Mr. Noll has been secured to teach the grammar school in the Stone building, made vacant by the illness of Charles A. Knapp, of Harrisburg. Will Keichline has now all his machinery installed in his machine shop on Water street and is open for all kinds of business which may be given him. In turning a switch on the railroad at the Bellefonte furnace on Monday Howard Martin had his lip badly cut by the lever slipping and hitting him on the face. The ladies of the United Brethren church will hold a chicken and corn-soup supper in the lecture room of the church this evening. Everybody is invited to attend. Budd Lucas, who for some years has been baggage master on the Snow Shoe railroad, has been transferred to the Lewisburg and Tyrone railroad, running from Tyrone to Scotia. Joshua Cox, who succeeded the late C. D. Kreider as car inspector in the Bellefonte yards, has been promoted to the position of night foreman of car inspectors in the yard at Tyrone. On Wednesday morning Mrs. John Anderson, of Bishop street, presented her husband with a big baby boy and it kept John busy all day receiving the congratulations of his friends. The appropriation bill for seventeen thousand dollars for the Bellefonte hospital has been reported out of the Senate committee. The House committee recommended fourteen thousand. Centre county friends of Mrs. Harry Wood, whose husband is an instructor in the University of Illinois, will be interested in learning that she is the proud mother of a little daughter. Harry Diem, of Philadelphia, known far and wide as an artist when it comes to painting steeples and smokestacks, is now in Bellefonte and has secured a number of contracts for work in this place. Next Sunday morning Rev. J. Allison Platts will preach the annual sermon to the members of the Bellefonte Lodge I. O. O. F., in the Presbyterian church. A full turnout of members is urged. On Monday evening thirty-five friends of Miss Bertha Downing assembled at the home of her parents and gave her a surprise party as a remembrance of her sixteenth birthday anniversary. Edna Williams entertained fourteen of her young friends at her home on Curtin street last Thursday evening, and on Friday evening Ruth Kline gave a party at the home of her mother on the same street. The estate of the late C. Bruce Garman this week received a check for \$2,000 from the Union Mutual Life Insurance company, being the amount of a policy he had taken out less than a year before his death. Misses Mary and Henrietta Butts have decided to occupy rooms when they make their home in Philadelphia and will move their furniture to the Quaker city. Paul Sheffer has rented the house they now occupy and will move there as soon as it is vacated by them. The theoretically inclined members of the Bellefonte Y. M. C. A. are now preparing to give an entertainment on Friday evening, May 3rd, which they have already named "The Great Barnyard and Frontyard Circus." The name in itself is suggestive of a great deal and if the entertainment proves to be even half as big as the name it will be well worth while attending, so don't forget the date.

OPENING OF THE TROUT FISHING SEASON.—That peer of all sports, trout fishing, came in season on Monday and from now until the first of August the disciples of Izaak Walton will be in the height of their glory, so to speak, and day after day the non-fishermen will be regaled with stories of the big catches and the bigger fish that got away. Of course it is not necessary to tell WATCHMAN readers anything about the weather of the opening day, Monday. They as well as everybody else knows that far gloves and an ulster were far more comfortable that day than the regulation fishing outfit. But notwithstanding the weather every man who owned a rod, hook and line, or could borrow one for the day, was out good and early, his ardor for the sport in nowise chilled by the weather. Spring creek was the mecca for local fishermen and a traveler coming in the pike counted sixty-five fishermen lined up along its banks between Pleasant Gap and Bellefonte; and it is hardly likely he saw more than the half of them. Quite naturally a number of Bellefonte piscatorialists were not content to try their luck at home but went to other parts of the county; Fishing creek being the destination for the most of those who thought Spring creek not good enough while a few went out on Marsh creek. But in going away from home they made a mistake, as the best catches of the day were made on Logan's branch and Spring creek. Of course we do not claim to have an accurate count of all the trout caught on Monday but so far as reported the individual catches are as follows: From Logan's branch and Spring creek Charles Heiser caught 27, James Furst 29, Charles Anderson 15, Thomas Wagner 16, William Garman 21, Maurice Jackson 2 before breakfast, Ed Woods 11, R. B. Montgomery 5, Edward Robb 3, Kline Woodring 9, John Bower 11, one of which measured 14 1/2 inches; James Clark 8, William Walker 20, one of which measured eighteen and another fourteen inches; Clayton Brown 16, Bob Valentine 6, Thomas Morgan 14, Thomas Cowher 8, Harry Garber and George Beezer went out to Marsh creek and came home with 9. They reported that Bill Haines, of Williamsport, caught 42 out in Marsh creek up until twelve o'clock. Dr. Kilpatrick also went to Marsh creek and made a good catch. George Knisely, Ben Tate, Homer Barnes, Harry Gerberich and W. C. Cassidy went down to Fishing creek Sunday afternoon and after fishing until four o'clock Monday came home with 61. Hard P. Harris and George R. Meek were also Fishing creek pilgrimages, the former bringing home 11 and the latter 3. F. E. Buesler, Russell Blair, Charles Lukenbach and two or three others composed another Fishing creek party who brought back with them about 30 trout all told. But Fishing creek must not be blamed for such luck, as we have been informed that a fisherman who lives in that neighborhood had his basket almost filled at noontime. Harry Winton, the conductor on the Central Railroad of Pennsylvania, holds the record for the biggest trout caught on Monday. He went from his home to a pool in Logan's branch about six o'clock in the morning and in less than a half hour landed a brown trout which measured nineteen inches and weighed almost four pounds. But then the Wintons are evidently endowed with fisherman's luck for after school closed Harry's little boy, aged about 8 years, took his father's rod and line, went down to the creek and inside of fifteen minutes had landed an eleven inch speckled beauty.

AS TO THE CENTRE HALL POSTOFFICE ROBBERY.—Though almost three weeks have passed since the Centre Hall postoffice was broken into and robbed no definite clue has been found that might lead to the landing of the robbers. For several days prior to the robbery two umbrella fixers had been in Centre Hall and their disappearance about the time the robbery was committed led some people to suspect them, but since that they have again been in that town and left on the train, going toward Lewisburg. Whether they were the two men or not, no effort was made to detain them or even inquire as to their whereabouts at the time of the robbery. One day last week the tools, a sledge hammer and two axes, stolen from Knepley's blacksmith shop and which were used to force an entrance into the building and drill the safe, were found under the little station platform at the Grange Park picnic grounds. Of course the only clue the finding of the tools furnished was that the robbers undoubtedly went that way after they had completed their job. And from there it is more than probable they would go across the fields to the mountains. NITTANY FURNACE BLOWN IN.—Just about two months ago an explosion of gas occurred in the Nittany furnace which blew out many of the pipes and put the plant entirely out of business, the fire going out and the contents chilling. Of course all the filling had to be removed, which was no small undertaking. The stack had to be relined and all repairs made, which took considerable time. The work was pushed so assiduously, however, that the plant has been in first-class shape again and the fires were relighted yesterday afternoon. The torch was applied by Miss Mildred Grimm, daughter of superintendent George Grimm, and the event was one of such moment to her that the entire Senior class of the Bellefonte High school, of which she is a member, attended and the lighting was made one of considerable ceremony.

—Mrs. Peter Peterson is now employed as an operator in the Pennsylvania telephone company's exchange.

ODD FELLOW'S ENCAMPMENT.—The annual encampment of the Central Pennsylvania District association, I. O. O. F., will be held in Lock Haven on Friday of next week and already the business places of that town are being decorated in preparation for the event. The committee in charge has practically completed all arrangements and it is estimated that fully four thousand members of the order will attend and take part in the parade. It is very likely a big delegation from the Bellefonte lodge will attend as well as from the various other lodges in Centre county. —The family of Capt. S. H. Bennison, who had expected to move to Mill Hall, have decided to locate in Howard and moved there this week. —On Tuesday morning J. S. McCargar was shocked to receive the sad intelligence that his mother had died at her home in Groton, N. Y. She was a woman seventy-nine years of age and Mr. McCargar had not even heard of her illness.

—On Monday while driving away from the Pennsylvania railroad freight station Cyrus Solt's horse frightened at the shifting engine and in its struggles to run away broke a leg. The animal was shot by Harry Schreffer. The killing of the horse is quite a loss to Mr. Solt as the animal was only five years old and had been purchased only about three weeks ago for two hundred dollars.

—William White and Paddy Ryan, the two tramps arrested on Easter and brought to Bellefonte as suspects of having robbed the Centre Hall postoffice the night previous, were taken to Centre Hall on Tuesday and given a hearing before Justice of the Peace, W. B. Mingle. There was practically no evidence to connect them with the robbery but they were re-committed to jail pending further investigation on the part of the authorities.

—The condition of Mrs. F. W. Crider, who is seriously ill at the home of her daughter, Mrs. Charles E. Dorworth, at Ardmore, shows no improvement though her attending physician holds out hopes of her ultimate recovery. Her affliction is what is termed creeping paralysis and both her limbs and arms are affected. The peculiarity of the disease is that it is always worse in the evening and forepart of the night than any other time. —Mike Morento, an Italian, was injured at the quarries of the American Lime and Stone company on Saturday. During a snow and rain storm he stepped under an overhanging cliff and was struck by the storm. The clay and rock were wet from the continued rains and a slide occurred. Morento was caught and while no bones in his body were broken he received a number of bad cuts and bruises on his head, body and arms. He was taken to the hospital where his injuries were dressed and he is now getting along very comfortably.

—Mr. and Mrs. William Harris, of Morrisdale Mines, celebrated their golden wedding anniversary last Saturday evening with an elaborate dinner. Both Mr. and Mrs. Harris are natives of England, the former being seventy-two years of age and the latter seventy. They came to this country thirty-four years ago and for twenty-five years have been residents of Morrisdale. They have seven children, twenty-six grand-children and five great grand-children, most of whom were present at the anniversary celebration.

—The condition of Mrs. Jacob From, of Centre Hall, who is ill with cancer, has become so serious that it was deemed only an act of christian kindness to permit her husband, who is incarcerated in the Centre county jail on the charge of shooting Josiah Dale, to visit her, and on Tuesday afternoon he was taken to Centre Hall by sheriff Kline and allowed to spend one hour with his wife. The visit proved quite an affecting one. Mrs. From's condition is considered critical and hopeless, and her suffering has been so great that she is wasted to a mere shadow of her former self.

—Milan Walker, son of ex-sheriff and Mrs. W. Miles Walker, might very naturally claim to be the champion walker among Centre county school teachers. During the term just closed he taught the school at Rook, which is just seven miles distant from Bellefonte, and preferring to board at home he traveled to and from his school every morning and evening. He taught one hundred and fourteen days so that the entire distance traveled would aggregate 1,596 miles. He made fourteen trips on his bicycle, thus covering 190 miles, so that he walked 1,406 miles, and he was always there on time.

—After almost a year's labor the remodeling of Col. J. L. Spangler's residence on Allegheny street has finally been completed and it is now one of the handsomest homes in this part of the State. The addition that was built to it makes it large and commodious and afforded room for the introduction of every modern convenience. All the interior finishing is in hard wood, principally maple and mahogany. The floor in every room is in hard wood and highly polished. The decorations on the walls and ceilings were done by specialists from Wanamakers, in Philadelphia, and combine every beautiful and desirable effect. The woodwork throughout the building was done by the Wetzel brothers, the painting and paper hanging by S. H. Williams and the decorating by Philadelphia workmen. It is also Col. Spangler's intention to refurnish the house throughout, but he will take his time in doing that.

BELLEFONTE COUNCIL PASSES A CURFEW LAW.—Every member of borough council was present at the regular meeting on Monday evening. In the reports of the various committees chairman Hamilton, of the Water committee, reported the putting in of a new catch basin for the Howard street sewer. Chairman Derstine, of the Street committee, reported quite a number of parlous and boardwalks in the town in a bad condition and sadly in need of repair. The clerk was instructed to notify all property owners to make the needed repairs within ten days. The miscellaneous business of the meeting having been transacted the special committee appointed two weeks ago on the matter of a curfew ordinance made its report, presenting the draft of an ordinance as drawn by the borough solicitor, J. Thomas Mitchell. The ordinance requires all children under the age of sixteen years to be off the streets and at home at nine o'clock from April first to October first, and at eight o'clock from October first to April first; and that they must be away from the railroad depots at eight o'clock all the time. The warning note will not be the ringing of the curfew bell, but the blowing of the fire alarm every evening at 8.45 o'clock in summer and 7.45 in the winter, which will give the youngsters just fifteen minutes in which to get home. Of course there are provisions, among them being that children can be on the streets at any hour if accompanied by their parents, or if they have an explanatory permit from their parents stating why they are out. The ordinance provides that any and all children arrested shall be taken home and a stipulated fine be collected from the parents, but, in the event of the parents refusing to pay the fine no compulsory remedy clause is attached. When the ordinance was read it was heartily approved by every member of the council excepting Dr. Kirk, and while he filed no objections to the instrument as a needed law he preferred the inquiry as to what would be done with children who came into Bellefonte from outside the borough limits. The police could take them in charge but could not escort them further than the borough line. Quite naturally the question was somewhat of a knotty one and was discussed at some length, with the result that it was simply laid on the table, or dropped under it, rather, and the ordinance passed as framed, every member of council voting for it. Of course it will now have to be advertised a certain number of days before it will become effective.

The following bills were approved and orders drawn: Street pay roll \$41.90, T. H. Harter 5.00, J. H. Lingie 21.40, A. C. Mingle 3.50, Police pay roll 40.00, J. H. Wetzel 9.00, C. Beezer 2.50, Water Works pay roll 64.00, A. E. Schedt 1.20, J. H. Lingie 1.95, Fabric Hose Co. 1.85, Clinton Democrat Co. 4.75.

APRIL WEATHER A RECORD BREAKER.—The "oldest inhabitants" is now very emphatically declaring that the weather we have been having during the month of April has been a record-breaker, as he cannot remember its equal during his life. And there is likelihood that the fact is true. It may not be generally known but it is true, nevertheless, that although this is but the nineteenth day of April snow fell eleven of those nineteen days; and in addition to the snow the weather has been cold all the time, the thermometer hovering around the freezing point both day and night. And such weather seems even the more remarkable because of the nice weather which prevailed during the last two weeks of March. But then it is likely we will have nicer weather some time, about the Fourth of July, and then we'll all be wishing for just a breath of this cool atmosphere.

ARRESTED AT CLARENCE.—Steve Barento, an Italian, was arrested at Clarence on Saturday, brought to Bellefonte and jailed to await trial on the three charges of cruelty to animals, malicious mischief and threats to kill. Barento appears to be a sort of a bad man generally. He constantly ill treated any animal he came across and when remonstrated with by the proper authorities he vehemently declared he would kill any man who attempted to interfere with him, specifically stating that he would shoot the constable of Snow Shoe township. Of course the constable decided he would not enjoy playing target for the Italian's gun practice and thought the best thing to do was to give him a free trip to Bellefonte and an introduction to sheriff Kline, which he did; and now Steve stands a good chance of taking a journey over the mountain.

BELLEFONTE UNIONISTS BANQUET.—About sixty members of the carpenter and painters and paper hangers unions banqueted at the Haag house, Thursday night of last week and the occasion proved one of the most pleasant of any of a similar character ever held by the members of these organizations. The menu served by land lord J. Mitch Cunningham was all that could be desired, while Smith's orchestra was present to enliven the evening with some of their stirring music. John MoSaley acted as toastmaster for the evening and quite a number of the members present made responses when called upon.

Monday evening a number of members were knighted in Constans Commandery, No. 33, of this place and the event was made the occasion of a visitation of quite a delegation of Sir Knights from Williamsport as well as the division commander, Charles T. Derick, of Altoona. Following the work of the evening a banquet was served all present.

H. The ceremony was performed by Rev. Father McArdle and the bride and groom were attended by Miss Margaret Rosenhoover, sister of the bride, as bridesmaid, and Wilbur Raymond, a brother of the groom, as best man. More than two hundred friends of the contracting parties were present to witness the ceremony. Following a brief wedding trip Mr. and Mrs. Raymond will go to housekeeping on the bridegroom's farm near Drifting.

WESTON-FORSHEY.—A quiet Philadelphia wedding was that of Thomas H. Weston, son of Mr. and Mrs. David F. Weston, and Miss Sarah L. Forshey, daughter of Mr. and Mrs. Jonathan Forshey. The spring term of the school opened on Monday.

PENN CAVE IN NEW HANDS.—Orris McCormick has taken charge of Penn Cave, having moved into the cave hotel about two weeks ago. Ever since the discovery of the cave over twenty-five years ago it had been under the control of one of the Long brothers, the original owners, until now. Mr. McCormick, the new landlord, intends to fix things up and make the cave and surroundings even more attractive than it has been in the past, a fact which will likely assure him a good patronage of pleasure-seekers during the coming summer season.
