---The annual convention of the Harrisburg diocese of the Episcopal church, to which Bellefonte belongs, will be held in Sunbury May 14th and 15th. About two hundred clerical and lay delegates are expected to attend.

- Right after Tuesday's hard rain storm D. Benton Tate went up Spring creek to the old slaughter house and suc ceeded in landing four very nice trout in less than an hour. And that reminds us of the fact that there does not appear to be very many trout caught these days, but whether it is because they are getting scarce or wise, or because tishermen are staying at home, we know not.

- While operating a large mangle machine in the laundry at the Park hotel, in Williamsport, one day last week, Rosa Miller, colored, a former Bellefonte girl, had her right hand caught between the hot mangles and drawn in half way to the elbow. The machinery was stopped but her hand and arm could not be removed that time the flesh was burned to a crisp, while her hand was badly crushed and lacerated.

----The season is fast approaching when potato growers will have an eye to the care o'clock last Friday morning. Owing to of their young crops and naturally they welcome any information toward the preservation of the same. In a letter to exsheriff D. W. Woodring, of this place, R. D. Wotring, of Schnecksville, a large and very successful potato grower, gives the following formula for potatoe blight which we very gladly publish: Bluestone (sul phate of copper) 6 pounds; lime 4 pounds, dissolved in 50 gallons of water. If bugs are present add a little Paris green. Sprinkle the plants liberally.

---Harry L. Garber is now at work getting things in shape for the opening of his broker's office in Temple Court not later than next Monday morning. He will occapy the room adjoining the one he formerly occupied while representing John Larkin & Co., and will now represent the firm of H. C. Harvey & Co., of Pittsburg, the firm for whom G. S. Walker, who was here this week, is road man. With Garber's opening there will again be two offices in Bellefoute and it is stated on pretty reliable authority that arrangements for the past few years and for the past few have been made by another Pittsburg house for the opening of an office in Crider's Exchange.

--- On Tuesday evening three boys were standing in the decreay of Montgomery & Co's store when, in a spirit of fun, one of them was pushed against the big plate glass window with such force as to break it into a hundred fragments, the crash of the breaking glass and the falling of the upper portion of the glass being plainly heard for two squares. Quite a crowd of people soon collected on the scene, many thinking an attempt was being made to rob the store. The window was boarded up until a new glass can be secured. The Montgomery store door has always been a favorite loafing place for boys at night but this should be a warning to all to at least behave quietly when they are there.

-The State College base ball team returned yesterday from their second trip away from home and it was a victorious one. On Monday they defeated Dickinson at Carlisle by the score of 6 to 3. Tuesday they defeated the Carlisle Indians by the score of 6 to 0 in a six inning game and on Wednesday they defeated Cornell by the score of 3 to 1 in a seventeen inning game, the greatest college game of the season. It will be remembered that last year State practically had Cornell beaten 1 to 0 in a sixteen inning game when a misthrow of one of State's player's let in two runs for the Ithacans, thus turning victory into defeat, and this year State was determined to turn the tables, and she did. This is the same team which will play Bellefonte next Friday.

-We have waited for two weeks to give mail carrier Edward Woods the benefit of an opportunity for a public confession concerning his first day's fishing experience and inasmuch as none has been it. He was sitting along Spring creek very of which she was a member, after which early in the morning of the 15th when his hands got cold and that very moment he etery. had a bite. He didn't catch the fish because his hands were too cold to handle the rod properly. Determined that this should not occur again Ed. threw the line back of at his home in Juniata on Sunday mornhim and started blowing his breath on his hands to thaw them out. With this accomplished he set about to fish again, but was seventy-two years of age. In addiwhen he picked up his pole he found that a robin had made its breakfast on his fishing worm and had his hook somewhere in its innards. It was the only book Ed. had day afternoon, interment being made in and he naturally was very much upset over the turn things had taken, but no one ever thought he would lay his pole down and try to catch the robin. He did though, Mr. Wood's fishing.

DEATH OF T. A. ARDELL.-It was quite shock to his many friends in Bellefonte morning of the death, Thursday night, of Tevill A. Ardell, at his home in Julian. Death came very suddenly and was due to paralysis of the heart.

Deceased was sixty-six years of age, was son of Francis Ardell and was born in came to Pennsylvania to assist his brother. the late John Ardell, in his extensive lumbering operations and some time later took up his residence at Julian, from where be superintended the Ardell lumbering interests on the Allegheny mountains. He followed lumbering for over a score of years, or until the vast tracts acquired by the Ardells on the Alleghenies had been entirely denuded of their timber. He purchased a farm near Julian and since retiring from the lumber business has devoted his entire time to farming, with the exception of a few months last summer when, following the death of his brother. John Ardell, he assumed the management of the Phoenix planing mill plant in this place until the same was taken charge of by Newlin Ir-

Mr. Ardell was twice married and is survived by his second wife, who was Mrs. Margaret Brachbill, widow, of the late J. C. Brachbill, and to whom he was married on December 5th, 1906, and the following children by his first wife: Mrs. Gray Mattern, Gordon W. and Robert, all of Philadelphia; and Mrs. T. V. Stevens, of Huston township.

The funeral was held on Sunday afternoon and was very largely attended. Inuntil the mangles were loosened and by terment was made in the cemetery at Ju-

> COURTER.-Probably the oldest resident of Blanchard, 'Squire William F. Courter, died at his home in that place at eight his advanced age he had been in poor health for some time and his death was the result of a general decline.

> Deceased was eighty-three years of age and had been a resident of Blanchard most of his life so that he was perhaps the best known and most familiar figure in that little town. For a long term of years he continuously served as justice of the peace and on more than one occasion gained considerable notoriety because of the prominence of the cases heard and decided by him.

> He was twice married and is survived by his second wife and four children, namely : Mrs. Lulu Good, of Lock Haven; Girard, of Westport; William and Frank at home. He was a member of the Baptist church most all his life. The funeral was held at two o'clock on Sunday afternoon, interment being made in the Baptist cemetery.

> ADLEMAN. -Benjamin Adleman, of the firm of Adleman & Ratowsky, of Philipsburg, died in the sanitorium at Warren last Saturday. He had been in poor health

> Deceased was born in Europe and wa forty-six years of age. He came to this country when a young man and for the past twenty-two years has been located in Philipsburg and it was largely through his untiring efforts and marked business ability that the mercantile firm of Adleman & Ratowsky was built up to its present dimensions and high standing.

> He is survived by his wife and nine children; his aged mother and one brother, living in Philipsburg, and two brothers in Europe. The remains were taken from Warren to the Adleman home in Philipsburg from where the funeral was held on Monday afternoon, Rev. L. Mittle officiat-

> FRANTZ .- Miss Louise Belle Frantz died at her home in Altoona on Tuesday evening, after a long illness with cancer of the stomach. Deceased was a daughter of Abram and Elizabeth Frantz, and was born in Bald Eagle valley about forty years ago. When but fifteen years of age she went with ber parents to Altoona and that has been her home ever since. She is survived by her father, who lives at Turtle Creek. and four brothers, namely : Zane, of Pittsburg; R. S. and J. C., of Bald Eagle, and Peter, of California. The funeral will be held this morning, the remains to be taken to Bald Eagle, the home of her girlhood, for interment.

MATTERN.-Mrs. Harriet Mattern, wife of John F. Mattern, of Warriorsmark, died aged 61 years, 9 months and 25 days. She is survived by her husband and one son, Prof. Lewis W. Mattern, of Washington, D. C.; her mother, Mrs. Eliza Grazier, and one brother, George Grazier, of Marengo, this county. Her only survivor is one sister, Mrs. Elizabeth R. Davidson, of Abilene, Kan., though she had many warm personal friends who deeply deplored her death.

THE CHEMICAL LIME COMPANY .- On Tuesday the legal transfer of the papers of incorporation of the Chemical Lime company was made from John S. Walker to the various members composing the company and the officers named at the preliminary organization were elected as the permanent officers of the company, so that they are now in proper legal shape to go ahead as rapidly as possible with their operation on the Charles Witmer farm up Buffalo Run valley.

On Wednesday the stockholders were all present at the laying of the first stone in the walls of their new lime kilns, the building of which will be rushed rapidly to an early completion. The Chemical company intends installing one of the best and most up-to-date plants of any in this county. They have negotiated for a crusher with a capacity of twenty-five cars a day, to run which will require a boiler and engine of upwards of two hundred horse power capacity. They expect to be in partial operation within two months.

Y. M. C. A. DAY.-Sunday next will be Y. M. C. A. day in the local churches and will be observed as follows: Special sermons in the interest of young men will be preached by the pastors at the morning services of the Methodist and United Brethren churches, and at the evening services of the Presbyterian, Evangelical, Lutheran and Episcopal churches. At the morning service of the Reformed church, in the absence of Rev. Schmidt, general secretary W. H Chapin, of the Williamsport Y. M. C. A., will speak.

A special meeting for both men and women will be held in the Y. M. C. A. gymnasium Sunday afternoon at 4 o'clock. Music will be furnished by the glee club

FIFTY YEARS MARRIED .- Mr. and Mrs. William J. Shearer, father and mother of Mrs. James B. Stein, of this place, and who have visited here repeatedly since Rev. Stein has been located here, celebrated their in Carlisle. Of course Rev. and Mrs. Stein and Mrs. Shearer were married on the latmurder cases, winning thirty-eight of

THAT SHIRT WAIST SKATE .- The shirt waist skate and dance held in the armory on Wednesday evening was an unparallelled success. The crowd numbered fully five bundred, including about one hundred and fifty students who came down from State College on a special train. The best of order prevailed throughout the evening and all had an enjoyable time. Refreshments last Saturday afternoon of heart trouble, of ice cream cones, ham sandwiches and coffee were served. The total receipts were \$248, of which sum about \$200 were clear. The skate was given by Mrs. Emil Joseph for the benefit of the Bellefonte hospital and those in charge deserve considerable credit for the success of the evening.

CARPENTERS STRIKE.-The threatened strike of the carpenters of Bellefonte took place on May first, but it is not universal. The Ardell lumber company and contractor Charles Wetzel signed the scale demanded by the carpenter's union while William refused to sign the scale, so that the employees of all the above remained at work. Isaac Miller, never having recognized the union, had no trouble with his employees, so that Henry Lowery and P. B. Crider & Son, who refused to sign the scale or pay the increase demanded, are the only ones affected.

-Tuesday evening as the passenger train on the Bellefonte Central was on the trip from State College to Bellefonte the engine jumped the track near Alto station and it took a force of men working all night to get things in shape so that the train could proceed on its way, and it was 5:30 o'clock Wednesday morning before it reached Bellefonte. Instead of sending another engine and car to the scene of the wreck and bringing the passengers to Bellefonte the company left them spend the entire night in the car.

-Mr. and Mrs. A. W. Hoffman have given up their home at Pleasantville and come to Bellefonte to spend the rest of their days with their son-in-law and daughter, Mr. and Mrs. W. Harrison Walker. Mr. Hoffman is quite a chicken fancier and as Mr. Walker is imbued with the same spirit they bave gone into the chicken raising business-more for the pleasure of the pastime than for the munificent profits resulting therefrom. And as evidence of the fact that they are going to have all the fun out of it they can they have installed an incubator and will hatch the "peeps" in

JUDGE ORVIS DECLARES LAW UNCONadvertising for bids for the building of a STITUTIONAL.—The Legislature of 1905 passed an act making the county liable for the keeping up of any turnpike condemned within its borders and taking advantage of the law the supervisors of Haines township brought suit against the county commissioners to compel them to maintain that portion of the Bellefonte, Aaronsburg -Rev. J. M. Rearick has resigned the and Youngmanstown turnpike within its pastorate of the Centre Hall and Spring boundary which had been condemned and sible. vacated some time previously. The case was tried at the November term of court, 1906, and judgment was withheld until Saturday of last week when Judge Ellis L. Orvis handed down an opinion in which he declared the Act of 1905 to be unconstituin favor of the defens aut. As the question is one of considerable interest not only to the people in many portions of Centre the judge's opinion in full, as follows :

OPINION AND DECREE.

OPINION AND DECREE.

The above is a case stated arising under the provisions of the Act of April 20th, 1905, P. L. 237. The Bellefente, Aaronsburg and Youngmanstown Turnpike road passed through the townships of Potter, Gregg, Penn, Haines, and the borough of Millheim, in the county of Centre, and extended into the neighboring county of Union. All that part of the said turnpike situate in the townships of Potter, Gregg, Penn and the borough of Millheim atoresaid and about twelve miles thereof in the township of Haines aforesaid, was duly condemned for public use, free of tolls. The supervisors of the plaintiff township contend that by virtue of the said Act their township is relieved from the burden of maintaining the said twelve miles of turnpike, and that instead the cost and burden is imposed upon the county of Centre. from the burden of maintaining the said twelve miles of turnpike, and that instead the cost and burden is imposed upon the county of Centre. The Act is very crude and evidently not carefully considered. It merely provides for such turn pikes or parts thereof as have or shall be appropriated or condemned, requiring that they shall be properly repaired and maintained at the expense of the county, city or borough in which said turnpike or part thereof lies. The Act provides for no machinery on the part of the county officials for the maintenance of county roads. In the county of Centre there has been no such system established, no steps have been taken under any legislation towards the making of county roads or for the raising of revenues, the appointing of officials looking towards their proper repair and maintenance. If therefore, plaintiff's contention is well founded, we would have an anomalous situation regarding this particular road. The western end in the townships of Potter, Gregg and Penn could be a county road. There would be a break of probably a mile in the borough of Millheim, which would be maintained at the expense of the taxpayers of that municipality. Immediately east of the borough of Millheim the said turnpike would again become a county road for twelve miles.

The defendants rely upon several positions in

the newest fangled way.

To use a slang phrase, Bellefonters everywhere seem afflicted with a desire to "go some." This is evident here from the number of people who are owners of automobiles but they are not the only ones. A limit to twelve miles.

The defendants rely upon several positions in attacking the constitutionality of the Act of 1905. We shall not go to the trouble of examining all of them. One of the principal is, that it is made in the alternative, providing that the said turnpike would again become a county road for twelve miles.

mobiles but they are not the only ones. A letter received by a friend from Frank Grabam arrangements are being made for an orchestra. Booklets will also be distributed showing views and reports of the local Y. M. C. A. work. Mr. Chapin will also address this meeting.

THE CURFEW LAW.—The curfew law recently passed by borough council went into effect on Monday evening and so far as noticeable up to this writing there has been no attempt by anyone to defy its provisions. When the fire alarm whistle sounded the first call to home for the youngsters under sixteen years on Monday evening it was mistaken by many of the elder people for a real fire alarm, but not so the boys. They evidently were listening for it, and just as soon as the whistle began to blow. ing the same turnpike or other portions of the turnpike in plaintiff's township. In other words, the citizens of Millheim borough would be made at once liable to a double taxation for the maintenance of this turnpike while the citizens of Haines township would be liable in only one capacity. This clearly offends against the constitution.

any trouble. Of course the curfew law is like a new broom, it will sweep clean for a time at least.

FIFTY YEARS MARRIED.—Mr. and Mrs.

Broomle Sam to set would at least be cleared from any appearance of inequality and would be consistent with the present road laws of the state In the case of either construction, however, we are compelled to decide in favor of the defendant And now, to wit, April 25, A. D. 1907, judgment is hereby directed to be entered against the plain tiff and in favor of the defendant.
