ADMITS UNCLE WAS INSANE

Harry Orchard Recalled to Stand in Haywood Trial.

Boise, Idaho, July 16.—Another warrant charging perjury against a witness who has testified for the defense of Haywood, for the murder of Frank Steunenberg, was issued. C. W. Allen, formerly a telegraph operator and ticket agent for the Florence & Cripple Creek railroad at Cripple Creek, is charged with the offense by the prosecuting attorney of Ada county.

Eleven witnesses in rebuttal were examined. Harry Orchard reappeared on the stand and was asked a few questions as to his acquaintance with some of the witnesses for the defense who have testified as to his movements. On being cross-examined, Orchard admitted that his uncle, Peter McKinney, committed suicide by hanging 14 or 16 years ago. Counsel for the defense asked Orchard if this uncle was not insane before he killed himself, and also tried to show by the witness that his maternal grandfather was insane, his monomania being imaginary crimes committed a long time ago in Ireland. Orchard denied all knowledge of the grandfather, but admitted that his uncle was demented for a year or so, although not over imaginary crimes.

HOW THE ELKS GROW

49,000 New Members Received During the Year.

Philadelphia, July 16.—The 49th grand lodge session of the Benevolent and Protective Order of Elks was formally opened at the Grand Opera House, when the visiting delegates and members of the organization were welcomed to the city on behalf of the Elks' reunion committee by Daniel J. Shearn, Congressman J. Hampton Moore made the address of welcome on behalf of Philadelphia lodge, No. 2, and Mayor Reyburn greeted the delegates on behalf of the municipality. Governor Edwin S. Stuart welcomed the Elks to the state of Pennsylvania. Grand Secretary Fred Robinson issued his statistical and financial report, in which it was shown that 49,000 members were received into the order during the year. There were 38 new lodges instituted, and the total membership is now 254,532. The largest lodge is Brooklyn, No. 22, which has 22,440 members; New York is second, and New Orleans, Philadelphia and Chicago follow.

The feature of the day's events was the singing of "Auld Lang Syne" around the city hall by hundreds of members of the organization.

FRIGHT KILLS PRISONER

Hanover Man Falls Dead in His Cell in York, Pa., Jail.

York, Pa., July 13.—A queer case of mortality occurred here. Page Evans, of Hanover, Pa., a young barber, who had been charged with larceny, arrested and locked up in the county jail, suddenly turned stone blind, reeled and fell over dead in a few hours after his incarceration. Experts who have looked into the case are somewhat puzzled as to whether the man died from fright, it being his first offense, or whether he secretly took some poisonous drug which robbed him of his eyesight and caused his death. Evans' crime was a petty larceny of a few cheap razors. The thought of having been apprehended seemed to have affected him greatly and when shut in behind the large iron doors there was a noticeable change in his appearance. A post-mortem examination will be held to ascertain the exact cause of his death.

PENNSYLVANIA RAILROAD

TEN-DAY EXCURSIONS

TO ATLANTIC CITY, CAPE MAY, ANGLESEA

Wildwood, Holly Beach, Ocean City, Sea Isle City, Avalon, New Jersey.

Thursdays, July 25, August 8 and 22, 1907

An Engineer, A Lawyer,
An Electrician, A Physician,
A Scientific Farmer, A Journalist.

In short, if you wish to secure a training that will fit you well for any honorable pursuit in life,

THE PENNSYLVANIA

STATE COLLEGE

OFFERS EXCEPTIONAL ADVANTAGES.

TUITION IS FREE IN ALL COURSES.

TAKING EFFECT IN SEPT. 1906, the General Courses have been extensively modified, so as to furnish a much more varied range of electives, after the Freshman year, than heretofore, including History; the English, French, German, Spanish, Latin and Greek Languages and Literatures; Psychology; Ethics, Pedagogics, and Political Science. These courses are especially adapted to the wants of those who seek either the most thorough training for the Profession of Teaching, or a general College Education.

The courses in Chemistry, Civil, Electrical, Mechanical and Mining Engineering are among the very best in the United States. Graduates have no difficulty in securing and holding positions.

YOUNG WOMEN are admitted to all courses on the same terms as Young Men.

THE FALL SESSION opens September 17th, 1907.

For specimen examination papers or for catalogue giving full information respecting courses of study, expense, etc., and showing positions held by graduates, address

The Current in Canada.

Arrangements are progressing for the electrification of a number of Canadian cities, making use of the power generated on the Canadian side of the Niagara Falls. The Hydro-Electric Commission, representing the Government, has made a contract with the Ontario Power Company for between 25,000 and 100,000 horse-power to be supplied during the entire day and the Commission is now engaged in making contracts with the different municipalities which are within practical distance.

It has been successful in a great number of cases, and at the present time there are contracts aggregating 40,000 horse-power. The current is to be delivered at the transformer station by the power company for \$10.40 per horse-power. The Canadian Government will erect and maintain the transmission lines and deliver the power to the municipalities at the actual cost. The contract with the power company holds for 10 years, and will, it is estimated, realize \$1,000,000 per year for the company. The municipalities already availing themselves of this proposition are as follows: Toronto, Toronto Junction, Guelph, London, Woodstock, Ingersoll, Stratford, Galt, St. Mary's, Preston, Berlin, Waterloo, Hespeler, Brantford and St. Thomas.

The old fable of the grasshopper who sang and danced through the summer and starved in the winter is only a parable of life. If we would have strength in old age we must store it in the summer of life. It is important that men in middle age should not allow the vital powers to run low. To prevent this requires something more than a stimulant. It requires a medicine which will increase the appetite, give the stomach power to convert the food eaten into nourishment, and increase the quantity and quality of the blood. Such a medicine is Dr. Pierce's Golden Medical Discovery. It strengthens the stomach and organs of digestion and nutrition, purifies the blood and increases the action of the blood-making glands. It is a strength-giving body-building medicine without an equal.

For a Rainy Day.

Don't wait for the rainy day to come. Be ready for it.

See to it that you have trim, thick soled, wet weather boots.

Don't try to worry along without a dark serviceable and well cut rain coat.

Or, better yet if you can afford it have a waterproof short shirt and coat.

Provide yourself with a small, close fitting hat with good feathers.

Have a good umbrella, neat gloves and a dark peltcoat, not silk.

If becoming, have a dash of red somewhere about your costume, in hat or tie.

A little bit of red has much piquancy on a dull, wet day.

It's worth a good bit to know that you are prepared in this way when you wake up in the morning and hear the rain pattering.
