ADDITIONAL LOCALS.

Capt. G. T. Michaels, of Lock Haven, but well known in Belleville, has been appointed deputy register and recorder of Clinton county.

The Mason's camp near Curtin was formerly opened for members of that order on Monday morning and for two weeks they will be in exclusive possession. It is an outing that most of them take and all enjoy to their heart's content.

The "Theatrimon" in Petriken hall continues to draw good crowds every evening, a fact no doubt because every night there is a change of program—something entirely new, so that it holds the interest of the people. If you have not yet been there go this evening and see it.

On Thursday of last week Governor Stuart appointed Albert Emerick, of Centre county, chief engineer of the Board of Public Grounds and Buildings at Harrisburg, as provided for under an act passed by the last Legislature providing for a complete reorganization of that body. The appointment carries with it a salary of \$2,500 a year.

A benefit will be given for the Patrons of Husbandry, by the Keystone Cement company, in the Grange hall at Pine Hall, Saturday evening, August 10th at 8 p. m., consisting of vocal and instrumental solos, duets and trios, bowophone and string music, conversational duets, monologues and sketches. All the latest and most popular songs and quartette arrangements will be introduced.

A. A. Pletcher, of Howard, who is now traveling in the interest of Hinds, Noble and Eldredge, of New York, publishers of five great text books for primary schools, was in Belleville on Tuesday very much gratified with the success he is having. But then it is only what is to be expected as Mr. Pletcher assures us that his books are the best published for primary schools, and he ought to know as he is one of Centre county's best teachers.

An item which has been going the rounds of the press the past week or so in effect that teachers to become eligible to receive the benefit of the new teachers' salary act must file their certificates as given by the county superintendent is not correct. There is no such provision in the act and the teachers are not required to do anything of the kind. The item probably had its origin in the fact that the department of public instruction has sent out blanks to county and city superintendents for the purpose of having them report the number of teachers in their district holding professional certificates as well as the number of normal school graduates and those who have taught over two years, as the difference in the salary is ten dollars a month.

Saturday last Miss McCoy and Miss Kate Shugert entertained with a porch party in honor of their house guest Miss Ross, of Philadelphia, also on Wednesday evening at the Country club. Saturday evening Mrs. Harry Keller entertained with bridge, in honor of Miss Shissler, of Detroit, Mrs. Bush's guest. Mrs. Keller also entertained Tuesday evening. Mrs. L. T. Munson entertained with bridge Wednesday evening in honor of Miss Shissler. Mrs. Mose Burnett entertained Thursday night in honor of Miss Haldeeman, of Harrisburg, Miss Linn's guest. Mrs. Wells Dagget will entertain to-night in honor of her guest, Miss Carpenter, and Mrs. Tom Mitchell will entertain with bridge Saturday night in honor of Mr. and Mrs. Joseph Mitchell, of Burnham.

James R. Hughes, principal of the Belleville Academy, has returned from a student hunting campaign throughout Pennsylvania and West Virginia and so successful was he that it will take him pretty much all the time from now until school opens planning how to house them all. If he had the proper dormitory facilities he could easily have over one hundred boarding students, but unfortunately he has not room for near that number. It really is a pity that some arrangements could not be made to build a large dormitory, one that would accommodate a large number of students, as it would then give the Academy an opportunity to expand, and there is hardly any doubt but that it would grow into one of the biggest and best preparatory schools in the county.

GRANGERS TO PICNIC.—Tomorrow, Saturday, August 10th, is the day for the picnic of the Huntingdon county Grangers at Warriorsmark, and a big gathering is anticipated. Dr. Thomas F. Hunt and Prof. Alva Agee, of State College, will be present and make the principal addresses, while the day's diversions will consist of a base ball game, various other sports and music. The public in general is invited to attend.

GORDON.—Henry Gordon, one of the old and well known residents of this locality, died at his home near Pleasant View in Spring township, on Monday evening, of a general breaking down of the system. He was born in Berks county and was 72 years, 2 months and 26 days old. When the war broke out he enlisted as a private in the Seventy-seventh Pennsylvania Volunteers and served valiantly all through the war, being wounded several times, the result of which left him shattered in health so that he had not been a thoroughly well man since.

After the war he came to Belleville and has lived in this community ever since. As long as he was able to be around he was a hard working, industrious man and was respected by all who knew him. Surviving him are his wife and three sons, namely: Elmer, John and Benjamin, all residents of this community.

He was a member of Gregg Post, No. 95, and that organization had charge of the funeral which was held on Thursday morning. Rev. W. W. Spangler, of the United Brethren church, had charge of the services which were held in the Union chapel at Pleasant View, interment being made in the Union cemetery.

LOEB.—Marx B. Loeb died at his cottage at Atlantic City, last Saturday, after an illness of some months. About one month ago he went to the seashore in the hope of recuperating his shattered health but three weeks ago he had a collapse from which he never rallied.

Deceased was seventy-one years of age and was born in Germany. He came to this country when a young man and part of his early life was spent in Belleville, the Loeb being among the best known people of the town about twenty years or so ago. In 1864 Marx Loeb went to Philadelphia where he became one of a firm who engaged in the wholesale clothing business which they conducted until 1878 when Mr. Loeb retired, since which time he has lived a retired life. He was most liberal in his contributions to charities, having taken special interest in the Jewish hospital to which, in 1903, he presented the Loeb operating building. Surviving him are his wife and four sons, all of Philadelphia. Funeral services were held at Atlantic City on Tuesday after which the remains were taken to Philadelphia and buried in the Mt. Sinai cemetery.

MERSINGER.—After quite a long illness Mrs. John W. Mersinger died at her home in Tusseyville on July 25th, aged seventy years. Deceased, whose maiden name was Miss Caroline Decker, is survived by her husband and four children, as follows: John, of South Dakota; Edward, at home; Mrs. Alfred Osman, of Altoona, and Mrs. William Hess, of Pittsburgh. She also leaves the following brothers and sisters: John, of Potters Mills; George, of Sober; Mrs. Kate Wageley, of Belleville; Mrs. Amanda Ripka, State College; and Mrs. Wm. Reiber, of Tusseyville, and Mrs. Lydia Moyer, of Port Royal. The funeral was held on Saturday afternoon, July 27th, interment being made at Tusseyville.

RITCHIE.—On Wednesday night of last week Bruce Ritchie died at the home of William Cadwallader, in Unionville, after a year's illness with consumption. Ritchie was a native of Philadelphia, being a brother of Ritchie, the famous base ball pitcher. He was only thirty years of age and is survived by his wife, who prior to her marriage was Miss Alie Cadwallader, of Unionville, his aged mother, one brother and a sister. The remains were taken to Ambler, Montgomery county, last Friday, for burial.

KREBS.—The infant son of Mr. and Mrs. Charles Krebs, of Willowbank street, died at seven o'clock on Monday morning, as the result of an attack of whooping cough. The child had been sick several weeks and on Sunday evening was seized with convulsions and so had the spasms that it sank into unconsciousness, from which it never recovered. This is the third death from whooping cough that has occurred in this county within two weeks. The funeral was held on Wednesday afternoon.

SARVIS.—Miss June Sarvis, daughter of Rev. and Mrs. G. P. Sarvis, died in the St. Francis hospital, Pittsburgh, on Tuesday morning, after having undergone an operation in the hope of restoring her health. Deceased was twenty-eight years of age and will be well remembered by residents of Port Matilda and Pleasant Gap where her father used to preach. The remains were interred at Thompston, where the family now lives.

MAUREY AND MEYER FAMILIES REUNION.—The second annual reunion of the Maurey and Meyer families was held at Hecla park last Friday and was attended by about three hundred people. A meeting was held in the morning over which Squire Henry S. Mitchell, of Flemington, presided. In the afternoon Hon. W. C. Heine, of Belleville, made the principal address. Descendants of the two families were present from Williamsport, Clearfield, Philadelphia, Washington, D. C., and other places.

GRANGERS TO PICNIC.—Tomorrow, Saturday, August 10th, is the day for the picnic of the Huntingdon county Grangers at Warriorsmark, and a big gathering is anticipated. Dr. Thomas F. Hunt and Prof. Alva Agee, of State College, will be present and make the principal addresses, while the day's diversions will consist of a base ball game, various other sports and music. The public in general is invited to attend.

BELLEVILLE BOROUGH COUNCIL.—Only seven members were present at Monday night's meeting of borough council. The Street committee reported repairing a number of pavements on Curtin street and that work was now being done on east Linn street. The Market committee reported the collection of four dollars in market fees. The Finance committee reported that the assessed valuation of property taxable for borough purposes was \$1,626,436, which would bring in taxes \$21,149.84.

Rev. James P. Hughes was present and requested council to take some action in regard to the condition of the pavement on Bishop street along the Lieb property. The matter was referred to the Street committee.

An ordinance was presented providing for the building of new sewers on Allegheny, Howard and Bishop streets. Dr. Kirk opposed the building of sewers on both Allegheny and Howard streets, on the ground that he did not believe they could be built to prove successful. All the ordinances were passed, however. They provide that property owners on Allegheny street shall be assessed twenty-five cents per foot frontage toward the expense of putting down the sewer and property owners on Howard and Bishop streets twenty cents per foot frontage.

Action on the burgess' veto of the resolution to rescind a former resolution relative to declining the bequest of the late Col. E. J. Pruner for the establishment of a home for friendless and orphaned children in this place was postponed until the next meeting on account of the absence of two members of council.

Mr. Hamilton presented a resolution providing that an application be made to the State Highway department for the building of a state road from the northern boundary of the Boro line, to intersect with the road now being built from Belleville to Milesburg, south to Linn street, then east to Allegheny, south to Bishop street and east on Bishop street to the borough line. The road would be twenty feet in width and the estimated cost of the same would be about \$8,000, the borough being liable for one-eighth of the total cost. Col. J. L. Spangler was present and made an address in support of the resolution, urging that it was the cheapest and best way to secure good streets. Council passed the resolution unanimously and it will now be presented to the board of county commissioners for their approval, after which formal application will be made for the building of the road to the State Highway department.

Table listing bills approved and orders drawn, including items like W. T. Kelley, Police pay roll, Street pay roll, etc.

BELLEVILLE'S STREETS.—Several weeks ago the WATCHMAN published an item relating to the miserable condition of the Diamond as well as most of the principal streets of Belleville, and as evidence that others think the same as we do we publish the following excerpt from last week's Unionville correspondence in the Centre Democrat.

As long as the aristocratic citizens of Belleville can endure the awful condition of the Diamond, the pavement in front of the soldiers' monument and some of the streets, the humble citizens of Unionville have no cause to kick on account of their streets and pavements. Strangers coming to Belleville might imagine they were in some of the rural villages of "Old Virginia."

While this may be exaggerating the condition to some extent there is no denying the fact that there is much of truth in the above. The Diamond, which is supposed to be paved, is nothing but a conglomeration of holes and ruts in the centre worn so deep that it is a roadway of shallow mud with the least bit of rain. The streets, of course, never become deep with mud, because they are for the most part composed of rock, but they are filled with holes, ruts and bumpers so that driving on most any road in the country is more of a pleasure than over the streets of Belleville. The residents of Belleville are surely deserving of better streets and the proper authorities should see that they are fixed.

BUSINESS MEN'S PICNIC PRIVILEGES.—Bids will be received by the passenger department of the Central Railroad of Pennsylvania, at Belleville, Pa., until August 10th, for the various stand privileges, etc., at Hecla park, Tusseyville, August 20th, account of the Centre-Clinton counties annual business men's picnic. Those desiring any of the following privileges, and such others as may be proper, should get their bids in before August 10th. Sale will be made to the highest responsible bidder, reserving however the right to reject any and all bids: Restaurants, ice cream, fruit, soft drinks, peanuts, candy, cigars and tobacco, photograpp, novelties, shooting gallery, etc. 52-30-21

The county commissioners this week received 5,090 dog tax tags and are now sending them out to the various tax collectors throughout the county. Under a recent act it is compulsory to pay a dog tax and any owner of a dog who refuses or fails to do so is liable to have his canine shot. Therefore, if you don't want to lose your dog pay your tax and put a collar and tag on him.

LOADING AT THE SOLDIERS' MONUMENT.—Yesterday morning the writer's attention was called to the pavements and curb surrounding the soldiers' monument and there was ample evidence of the crowd that had made it a roosting place the night before. Peanut shells, cigar and cigarette stumps, ashes and tobacco spit almost covered the pavement in front of the curb, and the janitor at the count house informed us that that is the way he finds it most every morning. Of course this is nothing new, as the monument, or the curb surrounding it, has become a loading place for a large crowd every evening. In fact, it is just what the WATCHMAN predicted when it was built, and the county commissioners having no control over it, the only authority to stop it is the burgess of the town through the police force.

But then there are two sides to the question. Loading there does not hurt the monument any even if it does detract from the looks of the surroundings. And as to the dirt on the pavement, though it means that much extra labor to clean it away yet it don't look much worse than the pavement itself. A recent question the WATCHMAN is in receipt of a communication which we publish, as follows: Objection has been made to the lounging in the evenings about the monument. It may seem objectionable from some points of view, but has it not some excuse? We have no park, such as you may find in many towns; no favorite place but the Diamond where the people may see each other and exchange news. In Europe the people will be outside in the evenings, grown-up people and children, seated on their low stone benches, chatting quietly and enjoying simple, cheap refreshments, sometimes with music. And it is more pleasant to see men congregated on the monument steps in the broad, cheerful light rather than hiding away in the dark.

In England a favorite method of kindly helpfulness is the gift by a wealthy individual of a park. This has been done in many towns and cities. Why not in Belleville? A CITIZEN.

NO MORE CRUELTY TO ANIMALS.—On Friday evening of last week about twenty men and women of Belleville met in the office of J. Thomas Mitchell Esq., and organized a Belleville branch of the Pennsylvania society for the prevention of cruelty to animals. Col. James P. Coburn presided over the meeting and Thomas H. Harter officiated as secretary.

A number of brief addresses were made in which reasons were given why there should be an organized society in Belleville to look after the interests and welfare of dumb brutes and several instances were cited where horses had been sadly maltreated. The result was the forming of a permanent organization by electing the following officers: President, Col. James P. Coburn; secretary, J. Thomas Mitchell; treasurer, Miss Louisa Valentine; board of managers, Miss Emily Nat, Mrs. Frank P. Blair, Miss Louise Harper, W. G. Runkle and Rev. Ambrose M. Schmidt. A committee composed of John Blanchard, W. G. Runkle and J. Thomas Mitchell was appointed to secure a charter and draft a constitution and by-laws and as soon as these things are accomplished the society will be ready for business.

THE ANGEL IN IT.

Just a common block of marble. Mgo did to the sculptor show: "I can see an angel in it." Cried the master, Angelo. And the master hand proceeded With hard, well directed blow, Chipping here and scraping yonder As no one but he would know. Until from that shapeless marble After patient toil and slow He brought into sight, the angel That was hidden long ago. Thus the Sculptor of the ages, From His throne within the skies, Saw in earthly prisons, angels' Hidden deep from human eyes. He became Himself a prisoner Roaming o'er Judean hills Just a common, homeless out-cast Bearing thus all human ills. And upon Calvary's mountain, He gave up His life one day Just to save the angels hidden In these molds of common clay. But it is with painful clipping And sometimes with stunning blows, The great Sculptor shapes these angels That to heavenly eyes He shows. M. V. THOMAS.

Three Years For Breach of Promise. Leavenworth, Kan., Aug. 6.—Private James M. Pyne, 15th battery, siege artillery, is to serve three years in the military prison here for breaking a promise of marriage and borrowing money with intent to defraud. He was tried by courtmartial. It was shown that Private Payne became engaged to an army nurse in Cuba; that he was transferred to Fort Leavenworth, and wrote to the young woman asking for a loan of \$500 to fit him out with uniforms and other equipment made necessary, he said, by his having passed an examination for promotion to a lieutenant. The girl advanced the money, and later she made an investigation and learned that Private Pyne was deceiving her.
