

**IN THE INTEREST OF GOOD ROADS.**—At last week's meeting of borough council a resolution was passed in effect that an application be made to the state highway department for the building of a state road through the borough of Bellefonte from the northern line beyond Beaver street to the eastern line on Bishop street. In pursuance thereof a formal application was this week presented to the board of county commissioners for their endorsement, after which it will be immediately forwarded to the state highway department.

That the people of Centre county are awakening to the fact that the state highway movement is a good one, and one that ought to be taken advantage of to the full limit, is shown in the fact that on Tuesday the citizens of Snow Shoe township sent in an application to the county commissioners for endorsement asking for the building of nine miles of state road, to extend from the township line near Runville entirely through to the Burnside township line. This move on the part of the citizens of Snow Shoe township is undoubtedly the result of the coming of the automobile in that locality and the desire on the part of the owners for decent roads over which to drive the machines.

Bellefonters have also become stirred up and yesterday evening quite an enthusiastic meeting was held in the arbitration room in the court house in the interest of the good roads movement. It was attended by both automobilists and owners and drivers of horses but as the WATCHMAN goes to press before the meeting adjourned we are unable to give an account of what was done.

One thing, however, the owners of vehicles in Bellefonte have in mind, and that is the building of a state road between Bellefonte and State College. Steps are now being taken to have this road vacated as a turnpike and this is the initiative to the further movement of making it a state highway. And it can with truth be stated that there is no objection in the county where a good road is more needed than between Bellefonte and State College; and running as it does, through three townships and into two boroughs, the local cost would be so divided that it would not be a hardship anywhere.

**McWILLIAMS FAMILY REUNION.**—A family reunion was held at the well known G. W. McWilliams home at Fairbrook on Wednesday, as a surprise party to Mr. McWilliams; and just how much a surprise it must have been to him can easily be imagined when it is known that this was the first time for seven years that his children have all been at home together. The children are Mrs. N. E. Hess, of the Branch; Mrs. Newt Dreiblebis, of White Hall; Geo. W., of Altoona; John E., of Fairbrook; Mrs. Edward Bowersox, of Altoona; Mrs. J. T. Bookwalter, of Lancaster; Prof. Samuel P., of Cannonsburg, and Henry at home. Of course quite a number of grand-children were also present, as well as Mr. McWilliams' only sister, Mrs. Mary Jane Stewart, of Altoona.

The McWilliams family is one of the oldest in Ferguson township, the elder McWilliams, great grandfather of George W., located in that neighborhood in 1786, took up the piece of land which now comprises the old homestead and built a house thereon, and it is a noted fact that the place has never passed out of the possession of the family, having been occupied by them ever since. Mr. McWilliams is now seventy-three years of age and is practically blind, but he is hale and hearty otherwise and goes around doing what work he can. Of course Wednesday's reunion was a very happy one for all.

**CLAIM OF \$123.46 FOR SALE!**

DO YOU WANT IT? This office offers to the highest bidder an unpaid balance against the estate of the late Governor D. H. HASTINGS, amounting to ONE HUNDRED AND THIRTY-SIX DOLLARS and thirty three cents, less \$12.37, for which judgment has been obtained. The claim is an honest and undisputed account for advertising, job work and subscription to this paper. There are no allegations that any of the items are over-charged, nor is there any plea that the work was not ordered done, or not done. So that every charge in the entire account will be guaranteed correct.

It is due, however, to those who may be inclined to become bidders, that they should know that while the justness and correctness of this claim is admitted and the estate alleged to be worth any amount from a quarter to a half-million of dollars; yet the administrators—who are also its heirs and beneficiaries,—have refused payment, simply because they could plead the limitation and thus avoid the payment of an honest debt. The above amount may not be worth much as a cash asset. It may be of some value, perchance, as a reminder that there are others than the ordinary "dead beat" and "deb. jumpers," who seek the technicalities of the law to save the payment of just obligations.

No bond will be asked from bidders. Any "old thing," will be considered good when compared with a wealthy estate that won't pay a just debt.
