

WOTRING (WOODRING) FAMILY REUNION.—The third annual reunion of the Wotring family was held in the beautiful grove on the farm of Wesley Wotring, at Sand Spring, Lehigh county, on August 10th, and was the largest attended of any of the reunions of this notable family. The Woodring families of Centre county are descendants of Abraham Wotring, who came to this country in 1733 and in 1738 took out warrants for the original tract of land in Lehigh county which has been in possession of the descendants of the family ever since. As the family increased in membership they drifted to other parts of what was then regarded the new country and a century or more ago some of them came to Centre county and located in the upper Bald Eagle valley, their name finally being changed to Woodring. However, they have never lost sight or knowledge of their ancestry and the annual reunions in Lehigh county are regarded as an event of unusual interest to all of them.

Rev. W. H. Wotring, of Nazareth, was the chief speaker at the recent gathering, and being the historian of the association, read a very interesting sketch of part of the early history of the family in this country.

Tomorrow is the day when the ladies of the Methodist church will hold their big exchange in the vacant room in the Brown building on Bishop street, and the wideawake housekeepers of Bellefonte want to get there early if they want the pick of the good things there will be on sale. Everything will be home-made and of the best. Bread, pies and cake, of the kind that will make your mouth water, will be among the edibles offered, just the things for the Sunday dinner. Don't forget to patronize it.
