

SUICIDE OFF STEAMER

Separation From Her Husband Caused Woman to Leap Into Ocean

Philadelphia, Sept. 24.—The body of Cassidy, of Camden, N. J., was recovered from the American U. S. steamer Westernland, which arrived from Liverpool, committed suicide by jumping overboard while the vessel was coming up the Delaware river.

The woman, it is said, was heart-broken because she had left her 12-month-old baby in Ireland. The woman, who was 28 years old, went to Ireland in May to visit her mother. The grandmother became greatly attached to the baby, and when Mr. Cassidy went to Ireland to bring his wife home, several weeks ago, the grandmother pleaded to have the baby left with her for a time. Mrs. Cassidy consented, but when she had started across the ocean with her husband she mourned for her baby and became morose. The steamer was proceeding slowly up the river, when Mrs. Cassidy asked her husband to go below and get some medicine for her. Cassidy had scarcely disappeared from the deck when his wife climbed over the rail and jumped into the water. A boat was lowered and the woman was dragged from the water unconscious and past resuscitation.

PRESIDENT TO CAMP

Will Spend Seventeen Days in the Wilds of Northern Louisiana.

Oyster Bay, Sept. 20.—Far from the scene of official routine and free from the details attendant upon the responsibilities associated with the office of chief executive, President Roosevelt will enjoy 17 days in camp. This is to be the nearest approach to a genuine vacation that the president has allowed himself. A physical and mental recreation, as complete as his cares will permit, is now arranged. President Roosevelt will pitch his camp in the northeastern corner of Louisiana, on or about October 5. The exact spot is yet to be determined. The plans provide for a "camping trip," but every one who knows northeastern Louisiana, knows that the canebrakes shelter game worthy of a huntsman of presidential calibre. Those who will have the good fortune to make pleasant the president's camp, expect that the monotony of camp life will occasionally be broken by a hunt.

PEACE IN MOROCCO

Three Important Tribes Accept French Overtures.

Paris, Sept. 24.—Peace has been declared in Morocco. The delegates of three important tribes have accepted the French peace overtures, and will see that the terms of the agreement are carried out. Hostilities are now at an end.

The government received great satisfaction a dispatch from Admiral Philibert, the commander of the French naval forces in Moroccan waters, saying that as a result of the conference at General Drude's headquarters between the French and military commanders and the chiefs, representing the Ouleseyan, Zenata and Zayida tribes, the three tribes have accepted, unconditionally, the peace terms offered by France.

MURDERERS CONFESS

Blayers of Pennsylvania Trooper Taken to Reading.

Allentown, Pa., Sept. 23.—Salvatore Garrito and Stefano Lesenich, the Italians who were arrested at Warwick, N. Y., and confessed to having murdered State Trooper Timothy Keller, at Reading, were taken to Reading on a trolley car. Several miles outside of Reading the party was met by two automobiles and the Italians hustled to the Berks county prison. Garrito confessed to Detective Kemp, of Reading, who made the arrest, that seven years ago to the day, he murdered his rival in love, at San Stefano, Province of Messina, Italy, and his brother is serving a 21-year sentence for the murder.

GAMBLERS' LANDLORD IN JAIL

One of the First Cases of Its Kind in Pennsylvania.

New Castle, Pa., Sept. 23.—George J. Jones, a wealthy real estate owner and prominent citizen, was sentenced by Judge Porter to 30 days in the Allegheny county workhouse. He pleaded guilty to a charge of leasing a building for gambling purposes.

The sentence caused a sensation, and is one of the first of its class ever imposed in Pennsylvania. The ordinary custom is to punish the victim of this most immune class of rich offenders who fatten on vice in all the large cities and most of the small ones.

Labriola Hanged at May's Landing.

Atlantic City, N. J., Sept. 21.—Joseph Labriola, a young Italian, was hanged at May's Landing for the murder of John Buglio, his brother-in-law, at Mintola, last December. He met death bravely. Labriola left a written statement in which he declared that he was innocent of the murder. He says Buglio's wife, who is now serving 10 years in state prison for complicity in the crime, is the guilty person. Intimacy with Buglio's wife is alleged to have led to the murder.

Mother Charged With Killing Her Babe

Philadelphia, Sept. 19.—Mary Ryderock, 19 years of age, was placed under arrest charged with the murder of her new-born babe, whose dead body was found hidden in a pile of ashes in the yard of the women's home. According to the police the mother buried the child alive and afterwards was compelled to seek her bed, where she was found in a critical condition.

MUCH DEPENDS ON WEATHER

Washington, Sept. 23.—"Every day that frosts hold off adds millions to the wealth of the American farmer," said an expert in the bureau of agriculture.

This statement gives a picturesque impression of the enormous value of farm products in this country, and at the same time shows how much depends upon weather conditions.

According to the coroner's calendar, for instance, September 15 sees the great corn crop at about its height. If fine, warm weather follows, every day adds to the value of the crop yield and value. The sunshine of the last week or two means fatter pocketbooks.

Definite and detailed reports on the country's crops will not be issued until the last week in November, but enough has been learned already by the statisticians of the department of the interior to justify the prediction that the total value will exceed even the stupendous figures of last year.

In 1906 the total value of farm products was \$6,794,000,000. Official estimates of a preliminary nature place the figures for his year at almost \$8,000,000,000.

The eight staple crops—wheat, corn, oats, cotton, potatoes, hay, barley and tobacco—will alone yield, it is predicted, about \$5,000,000,000. In addition there are meat, butter, eggs, wool, rice, poultry, cattle, sheep, hogs and fruit products.

The indications are that frosts will be late this year, permitting the fullest development of the crops. From preliminary reports now in hand the yield of the staples is estimated as follows:

Wheat, bush..	639,000,000	\$664,560,000
Corn, bush..	2,550,000,000	1,530,000,000
Cotton, lbs..	5,792,000,000	752,960,000
Oats, bush..	965,000,000	511,000,000
Hay, tons..	42,551,000	785,000,000
Potatoes, bush	305,000,000	183,000,000
Barley, bush..	151,363,000	151,363,000
Tobacco, lbs..	569,000,000	51,779,000

Eleven Killed and Seven Fatally Hurt By Plunge Down Mine Shaft.

Negaunee, Mich., Sept. 21.—By the plunging of a cage 2700 feet down the shaft of the Jones & Laughlin Steel company's mine, 11 men were killed and seven fatally injured.

The cage was making its first descent for the day when the brake on the hoisting drum gave way. Two other men sprang to the assistance of the one at the brake wheel, but their combined efforts did not avail, and the wire cable continued to unreef from the drum like a weighted thread from a lubricated bobbin. The cage shot down 200 feet before a kink in the rushing cable caused it to part. Then the cage dropped with a thud to the bottom of the shaft, the safety catches failing to operate. The fall had hurled the bodies together and they lay in one mass, from which seven, still breathing, were taken. They are fatally hurt.

STRANGLER HIMSELF

Tied Knotted Handkerchief About His Neck Until He Suffocated.

Atlantic City, N. J., Sept. 24.—George P. Nelson, aged 24 years, of Jersey City, son of a prominent politician of that place, committed suicide by strangulation. He knotted a handkerchief around his neck, and by main strength pulled it so tight that he slowly suffocated. He first tried to cut an artery in his wrist. He was an insurance broker of Jersey City. The suicide occurred at a beach front hotel, and the deed was committed while in a fit of temporary insanity.

Missing Teeth May Be in His Stomach

Glassboro, N. J., Sept. 24.—While W. L. D. Chew has not posted notices offering a reward for the return of his store teeth, which he has mysteriously lost, he is looking for information that will lead to their present place of concealment. Mr. Chew called on Dr. Charles Heritage, and asked him if a man could swallow his teeth while asleep without knowing it. The doctor told him such a thing might happen, but he didn't believe it quite possible. Still, Mr. Chew was sure his teeth were in place when he retired, but they were missing when he got up in the morning.

Pennsylvania's Opportunity.

From the Louisville Courier-Journal.

If Pennsylvania succeeds in pushing the capitol grafters and makes it plain that the sun of the thieving gangster has set within her boundaries, the taxpayers will be amply compensated for the loss of \$13,000,000, and the advertisement gained by the State will be of such value as to place her in a better position than she was before the Harrisburg ring tapped her till.

It is easy to send a pickpocket to prison, but difficult to punish a crooked politician. The task undertaken by Pennsylvania is not a light one. May she succeed in the fullest measure in accomplishing it and may the results of her efforts set an example for other States and point a moral to other grafters and those who would like to become grafters. Here is a glorious opportunity to make a profit of a loss. The obvious difficulties of the undertaking should be a spur to ambition.

Pennsylvania Railroad's Trip to Jamestown.

PENNSYLVANIA RAILROAD BULLETIN.

WHY YOU SHOULD SEE JAMESTOWN.

The Jamestown Exposition is no longer a prospect; it has developed into an interesting reality. Its field is distinctly historical, and it liberally illustrates by picture and reproduction the development of American civilization and American institutions from the day of the first settlement on Jamestown peninsula in 1607 through three hundred years to the present time. Famous buildings in the Nation's history have been reproduced by thirty different states, filled with memories of the olden times and of memorials of the upward march.

The National Government has taken a keen interest in the Exposition, and is one of its chief exhibitors. The display of modern warships of all nations on Hampton Roads is a unique and attractive feature, and the military manoeuvres lend a stirring touch to the daily program.

The Jamestown Exposition is a prominent event in our National history and should be visited by every American citizen who desires to see what three hundred years of American enterprise has wrought in our land.

The Pennsylvania Railroad offers attractive service via Philadelphia and its "Cape Charles Route;" by its routes via Baltimore and the Chesapeake Bay lines, via Washington and the Potomac River line, and via Washington and Richmond. The rates are reasonable and the fare varies according to the route and length of the stay.

CLAIM OF \$123.46 FOR SALE!

DO YOU WANT IT?

This office offers to the highest bidder an unpaid balance against the estate of the late Governor D. H. HASTINGS, amounting to ONE HUNDRED AND THIRTY-SIX DOLLARS and thirty three cents, less \$12.87, for which judgment has been obtained. The claim is an honest and undisputed account for advertising job work and subscription to this paper. There are no allegations that any of the items are over-charged, nor is there any plea that the work was not ordered done, or not done. So that every charge in the entire account will be guaranteed correct.

It is due, however, to those who may be inclined to become bidders, that they should know that while the justice and correctness of this claim is admitted and the estate alleged to be worth any amount from a quarter to a half-million of dollars; yet the administrators—who are also its heirs and beneficiaries,—have refused payment, simply because they could plead the limitation and thus avoid the payment of an honest debt.

The above amount may not be worth much as a cash asset. It may be of some value, perchance, as a reminder that there are others than the ordinary "dead beat" and "debt jumpers," who seek the technicalities of the law to save the payment of just obligations.

No bond will be asked from bidders. Any "cold thing" will be considered good when compared with a wealthy estate that won't pay a just debt. Address, WATCHMAN, Bellefonte, Pa. 52-29-4f
